MEETING AGENDA

Please be advised that the River to Sea Transportation Planning Organization (TPO) CITIZENS ADVISORY COMMITTEE (CAC) & TECHNICAL COORDINATING COMMITTEE (TCC) will be meeting on:

DATE: Tuesday, February 18, 2020
TIME: 1:15 P.M. (CAC) & 3:00 P.M. (TCC)
PLACE: River to Sea TPO Conference Room
2570 W. International Speedway Blvd., Suite 100
Daytona Beach, Florida 32114

CAC & TCC AGENDA

I. CALL TO ORDER/ROLL CALL/DETERMINATION OF QUORUM/PLEDGE OF ALLEGIANCE

II. PUBLIC COMMENT/PARTICIPATION (Public comments may be limited to three (3) minutes at the discretion of the Chairperson)

III. ACTION ITEMS

A. REVIEW AND APPROVAL OF THE JANUARY 15, 2019 CAC/TCC MEETING MINUTES (Contact: Debbie Stewart) (Enclosure, CAC pages 4-12; TCC pages 4, 13-16)

B. REVIEW AND RECOMMEND APPROVAL OF RESOLUTION 2020-## AMENDING THE FY 2019/20 TO 2023/24 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) (Contact: Colleen Nicoulin) (Enclosure, pages 17-20)

Beverly Beach DeBary Flagler Beach New Smyrna Beach Palm Coast South Daytona
Bunnell DeLand Flagler County Oak Hill Piceron Volusia County
Daytona Beach Deltona Holly Hill Orange City Ponce Inlet
Daytona Beach Shores Edgewater Lake Helen Ormond Beach Port Orange
III. ACTION ITEMS (Continued)

D. REVIEW AND RECOMMEND APPROVAL OF RESOLUTION 2020-## UPDATING THE SAFETY PERFORMANCE TARGETS (Contact: Crystal Mercedes) (Enclosure, pages 28-39)

E. APPOINTMENT/REAPPOINTMENT OF 2020 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) SUBCOMMITTEE MEMBERS (Contact: Colleen Nicoulin) (Enclosure, page 40)

IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

A. PRESENTATION AND DISCUSSION OF THE DEVELOPMENT OF THE 2045 LONG RANGE TRANSPORTATION PLAN (LRTP) (Contact: Colleen Nicoulin) (Enclosure, pages 41-47)

B. PRESENTATION AND DISCUSSION OF THE R2CTPO 2020 “TELL THE TPO” SURVEY CAMPAIGN (Contact: Pam Blankenship) (Enclosure, pages 48-59)

C. PRESENTATION AND DISCUSSION OF RESOLUTION 2020-## AUTHORIZING THE EXECUTION OF A SUPPLEMENTAL AGREEMENT TO THE METROPOLITAN PLANNING ORGANIZATION (MPO) AGREEMENT FOR THE USE OF TRANSPORTATION PLANNING (PL) AND URBAN ATTRIBUTABLE (SU) FUNDS AND AMENDING THE FY 2018/19 AND 2019/20 UNIFIED PLANNING WORK PROGRAM (UPWP) (Contact: Colleen Nicoulin) (Enclosure, pages 60-71)

D. PRESENTATION AND DISCUSSION OF RESOLUTION 2020-## AUTHORIZING THE DE-OBLIGATION OF PLANNING (PL) AND URBAN ATTRIBUTABLE (SU) FUNDS FOR THE CURRENT FEDERAL WORK PROGRAM (Contact: Colleen Nicoulin) (Enclosure, pages 72-73)

E. PRESENTATION AND DISCUSSION OF DRAFT SEA LEVEL RISE PLANNING HORIZONS AND RATE PROJECTIONS (Contact: Stephan Harris) (Enclosure, pages 74-88)

F. PRESENTATION AND DISCUSSION OF 2019 CALL FOR PROJECTS WORKSHOP (TCC ONLY) (Contact: Colleen Nicoulin) (Enclosure, page 89)

G. FDOT REPORT (Contact: Vickie Wyche, FDOT District 5) (Enclosure, pages 90-102)

H. VOLUSIA COUNTY AND FLAGLER COUNTY CONSTRUCTION REPORTS (Contact: Volusia County & Flagler County Traffic Engineering) (Enclosure, pages 103-105)

V. STAFF COMMENTS (Enclosure, page 106)

→ Update on FDOT D-5 Proposed Local Agency Program (LAP) Policy
→ Update on Definition of Regional TSM&O Projects
→ Announcement of Electric Vehicle Charging Infrastructure Grant

VI. CAC/TCC MEMBER COMMENTS (Enclosure, page 106)

VII. INFORMATION ITEMS (Enclosure, pages 106-113)

→ CAC & TCC Attendance Records
→ River to Sea TPO Board Meeting Summary for January 22, 2020
→ January 2020 TPO Outreach and Events
→ 2045 LRTP Subcommittee Report
→ 2045 LRTP Survey

VIII. ADJOURNMENT (Enclosure, page 106)
**The next CAC and TCC meetings will be on Tuesday, March 17, 2020**

NOTE: If any person decides to appeal a decision made by this board with respect to any matter considered at such meeting or hearing, he/she will need a record of the proceedings including all testimony and evidence upon which the appeal is to be based. To that end, such person will want to ensure that a verbatim record of the proceedings is made.

NOTE: The River to Sea TPO does not discriminate on the basis of race, color, national origin, sex, age, religion, disability and family status. Those with questions or concerns about nondiscrimination, those requiring special assistance under the Americans with Disabilities Act (ADA) of 1990, or those requiring language assistance (free of charge) should contact Pamela Blankenship at 386.226.0422 or pblankenship@r2ctpo.org.
III. ACTION ITEMS

A. REVIEW AND APPROVAL OF JANUARY 21, 2020 CAC/TCC MEETING MINUTES

Background Information:

Minutes are prepared for each CAC and TCC meeting and said minutes must be approved by their respective committees.

ACTION REQUESTED:

MOTION TO APPROVE THE JANUARY 21, 2020 CAC/TCC MEETING MINUTES
I. Call to Order / Roll Call / Determination of Quorum/Pledge of Allegiance

Chairperson Gillespie called the meeting of the River to Sea Transportation Planning Organization (TPO) Citizens Advisory Committee (CAC) to order at 1:15 p.m. The roll was called and it was determined that a quorum was present.

II. Press/Citizen Comments

There were no press/citizen comments.

III. Action Items

A. Review and Approval of November 19, 2019 CAC Meeting Minutes
Ms. Habel requested a correction to her comment on page 12, second paragraph; it should read “when coming from the east on the Bellevue Avenue extension attempting to access US 92 by making a right-hand turn onto Tomoka Farms Road there is a bottleneck on Tomoka Farms Road. There is a similar bottleneck on Tomoka Farms Road when coming from the west on US 92 attempting to access the Bellevue Avenue extension by making a right-hand turn from Tomoka Farms Road”.

**MOTION:** A motion was made by Mr. Storke to approve the November 19, 2019 CAC meeting minutes as amended. The motion was seconded by Mr. Peterson and carried unanimously.

**B. Review and Recommend Approval of Resolution 2020-## Supporting Alternative 3 (Partial Cloverleaf #2) of the I-95 and Pioneer Trail Project Development & Environment (PD&E) Study**

Ms. Nicoulin stated FDOT gave a presentation in November on the project development and environment (PD&E) study at I-95 and Pioneer Trail. They presented three alternatives for the interchange as well as the no-build scenario and discussed the pros and cons of each. A similar presentation was also given to the TPO Board in November; the TPO Board directed staff to draft a resolution of support for Alternative 3 (partial cloverleaf #2) as the most viable alternative for this interchange. This alternative was also identified as having the most public support.

Ms. Habel asked what the cost of this alternative will be.

Chairperson Gillespie replied there is no cost estimate at this time.

Ms. Nicoulin replied the study looked at different alternatives; this alternative (partial cloverleaf #2) does not require as much right-of-way as the other alternatives. The alternative selected will move forward with the design; there are no design plans yet.

Ms. Habel asked if the selection of the alternative was determined by a cost benefit.

Ms. Nicoulin replied no; there was not a comparison of cost as there is not yet a design.

Ms. Bollenback stated the partial cloverleaf #2 current estimated construction cost is $28.8 million; partial cloverleaf #1 is $28.6 million; and the diamond alternative is $27.9 million. There is not a substantial difference in cost. FDOT also mentioned that the cloverleaf #2 was the preferred alternative by the public and also has the longest horizon for being viable to handle the traffic.

**MOTION:** A motion was made by Ms. Elliott to recommend approval of Resolution 2020-## supporting Alternative 3 (Partial Cloverleaf #2) of the I-95 and Pioneer Trail Project Development and Environment (PD&E) Study. The motion was seconded by Mr. Strcula and carried unanimously.

**IV. Presentation Items**

**A. Presentation and Discussion of the Development of the 2045 Long Range Transportation Plan (LRTP)**

Mr. Jim Wood, Kimley-Horn, stated the revenue forecast is developed to define funding that will be reasonably available as the needs are developed and projects are selected for the Long Range Transportation Plan (LRTP). The revenue forecast encompasses state, federal and local sources and represents years 2026 through 2045. It is created by FDOT and provides a consistent forecasting pattern for revenues used by all MPOs throughout the state. He reviewed the projected state and federal revenues and explained how the forecast revenues were developed. He reviewed the Strategic Intermodal System (SIS) projects included in FDOT’s cost feasible plan and explained the difference between the 2040 LRTP and 2045 LRTP. There is a much more optimistic forecast for the 2045 than for the 2040 that was developed as we were coming out of a recession. As part of the 2045 LRTP, the TPO will be looking at funding scenarios above and below the 2045 estimate. They realize there may be limitations to the forecast because of the effect of electric vehicles and other issues that can change revenues; however, it is important to be consistent in the overall approach.
Mr. Peterson asked what kind of population growth is projected in these figures.

Mr. Wood replied he does not know the percentage but can get it.

Mr. Peterson asked if a population growth tool was used to develop this.

Mr. Wood replied yes.

Mr. Peterson asked if there are any assumptions made regarding the federal and state gas tax percentages; if the same fixed percentage was carried over.

Mr. Wood replied the forecast was developed by FDOT at the state legislative estimating conference; the fact that the federal percentage has not changed is a consideration but they also factor in population growth. The state gas tax is indexed and the state will consider what any change may be. It is an underlying consideration of the forecast.

Ms. Habel referred to Mr. Wood’s comment stating funds had already been appropriated and asked what funds he was referring to.

Mr. Wood replied “planned” is the word he should have used. He was referring to the Strategic Intermodal System (SIS) projects on page 26 which are developed by FDOT. Those projects are already in FDOT’s plan and are brought forward; this expected to be the amount of funding for those projects in this planning area.

Ms. Habel asked if they were anticipated funds but not dedicated money.

Mr. Wood replied yes; everything is subjective to the legislature.

Ms. Habel referred to the projected state and federal revenues and the difference between the 2040 and 2045 projects and asked him to explain why the figures are more optimistic for 2045.

Mr. Wood replied many factors go into these projections; one thing to consider is the 2040 projections were done as we were coming out of a recession and there was an economic pessimism; the 2045 projections were done while in a period of recovery and the economy is strong.

Discussion continued regarding the differences.

Ms. Bollenback stated these forecasts are developed by FDOT at the state level and given to all MPOs in the state; she agrees the 2045 projections are high and do not tell the narrative at the local level that the revenue is not keeping up with the demand. The forecast is much higher than the last LRTP; during the development of the 2040 LRTP we were in the depths of the recession and now we are coming out of that and the economy is stronger. FDOT is planning to reassess their SIS projections but that will not be completed until the end of the year and after we adopt the 2045 LRTP. The TPO develops the LRTP and include the SIS projects that are in FDOT’s Cost Feasible Plan as well as identifying other projects the TPO would like to have moved in. These are not a set of funds like the TPO receives for local or state; the SIS is a category unto itself. If the TPO removes a project from the SIS list that costs $20 million it does not mean the TPO will have that $20 million for other projects.

Discussion continued regarding the SIS projects and revenues.

Mr. Blais asked if public transportation was considered when developing this forecast.

Mr. Wood replied yes; one section is for transit revenues.
B. Presentation and Discussion of Planning Projects Under Consideration for the Two-Year Fiscal Year (FY) 2020/21 and 2021/22 Unified Planning Work Program (UPWP)

Ms. Bollenback stated the Unified Planning Work Program (UPWP) is the two-year plan of projects that TPO staff follows. The TPO receives funding from the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) as well as state, local and SU funding. The TPO considers the available funding and identifies projects to undertake over a two-year period. Three tasks are being removed; that work is being consolidated into other tasks already on the list. This is being done because FDOT has requested the MPOs condense the UPWPs to have them be more straightforward and less complicated. She reviewed the funding for year one and year two and explained the recommended tasks and deliverables in the UPWP. She explained de-obligation which is when funds not spent in the existing UPWP are released to be included in the next UPWP.

Mr. Peterson referred to Task 2.01, Program Development, and asked why the funding was so volatile between Year 1 and Year 2 in the current and new UPWP.

Ms. Bollenback replied every other year the TPO has to develop the UPWP. Once developed it is implemented in Year 1; the de-obligation of funds occurs in Year 2 and a new UPWP is developed, a UPWP Subcommittee meets, revenue projections are developed, etc. Every second year is busy developing the next UPWP.

Chairperson Gillespie referred to Task 2.07, Community Transportation Survey, and asked if this was the public survey that was available online and is being combined into another task. She asked if this was like the “strings and ribbons” activity done in the past.

Ms. Bollenback replied yes, it is moving from an independent task to the public outreach task; it is the “Tell the TPO” survey. The “strings and ribbons” activity shows under the LRTP activity.

Chairperson Gillespie asked if adequate funds are provided by combining the tasks.

Ms. Bollenback replied it does not change the funding but is removing an independent task and moving the activity to the public outreach task. She continued reviewing the tasks and deliverables of the new UPWP.

Mr. Peterson asked what Brightline trains are.

Ms. Bollenback replied it is the Brightline/Virgin train system; it is currently in operation from Miami to Ft. Lauderdale. It will continue to Cocoa Beach and then to Orlando; then extend from Orlando to Tampa within the next couple of years. It is the first and only private passenger train in the nation. It was originally going to be high-speed rail but that project was vetoed by the prior Governor. The Florida East Coast (FEC) Rail decided then to have a passenger rail service using their existing tracks. It is direct competition for short airline routes such as Orlando to Miami. Last year, Richard Branson, Virgin, got involved and it is being rebranded as Virgin Trains. It is on our radar because hopefully it will eventually expand to Jacksonville. When it does there is interest to have a stop somewhere in our planning area.

Mr. Castagnacci asked if the trains were high-speed.

Ms. Bollenback replied no, not like a bullet train but it has speeds up to approximately 70 miles per hour (mph). She continued reviewing the tasks and deliverables including tasks that must be done annually and other tasks the TPO is proposing to undertake. Under Task 1.01, General Administration, staff will develop a grant resource list; a detailed spreadsheet of grant opportunities.

Mr. Peterson referred to the task to create a desk procedure/manual of CFO processes and asked what was being done now if there is not a manual or if this was codifying what is currently done.

Ms. Bollenback reminded members that the prior CFO was with the TPO for over 40 years until he retired last year. The new CFO, Ms. Julie Adamson, has done a great job replacing him but there is not a good manual to use if something were to happen so she is putting something together; there is backup for payroll, etc. but not
for other tasks such as filing invoices with FDOT for example. She continued reviewing the tasks and deliverables.

Ms. Habel referred to the task to adopt a Sea Level Rise Planning Horizons and Rate Policy under Task 2.08. General Planning Studies, and asked if the committee would see more about it and who is working on it.

Ms. Bollenback replied Mr. Harris is working on it, presentations have been given and more information will be presented. There are three big issues the TPO is tackling with this UPWP and sea level rise and resiliency is one of them; technology and funding are the other two.

Ms. Habel asked if Mr. Harris was on a committee or if he was working on this independently.

Ms. Bollenback replied there is a variety of things occurring; approving the rate policy, implementing resiliency standards, etc. Most of the work being done in this area in terms of modeling and sea level rise impacts is through the Regional Planning Councils (RPC). Mr. Harris is on a regional collaborative and has completed studies in both areas. The Northeast Regional Planning Council serves Flagler County; the East Central Florida Regional Planning Council serves Volusia County and is in the process of updating their model. The previous model included only the coastal area so they are updating it to include inland waterways. Resiliency will be a big part of the TPO’s activities going forward. She continued reviewing the tasks and deliverables.

Ms. Lendian asked how many counties are in this TPO.

Ms. Bollenback replied all of Volusia County and the eastern portions of Flagler County. She continued to review the revenue forecast for bicycle and pedestrian and the tasks and deliverables. She continued to the transit revenue forecast and explained the tasks and deliverables for transit. Both Volusia County and Flagler County are updating their Transit Development Plans (TDP) which is similar to the LRTP but for ten years. This will be back next month for a recommendation of approval; a full draft must be submitted to FDOT for review by March 15, 2020 which will be adopted in May.

Ms. Lendian referred to the task to adopt a Volusia County Resiliency Report under previous activity and asked if that had been done.

Mr. Harris replied yes; the Volusia County Resiliency Report was adopted in 2017 and the Flagler County Resiliency Report was adopted in 2018.

Ms. Lendian asked where she could find that report.

Mr. Harris replied both reports are on the TPO website as well as the East Central Florida Regional Resiliency Action Plan.

Ms. Lendian commented there is a new Chief Resiliency Officer for the state of Florida.

Mr. Harris replied correct; Dr. Julia Nesheiwat is the Chief Resiliency Officer and reports directly to the Governor.

Ms. Bollenback stated if anyone has any suggestions regarding the new UPWP to provide them before next month.

C. Presentation and Discussion of Updated Safety Data and Targets

Ms. Mercedes gave a PowerPoint presentation of updated safety data and transportation performance measure targets for 2020. She reviewed the number of fatalities, serious injuries, and non-motorized fatalities and serious injuries for the last five years of data (from Signal 4 Analytics) of crashes with which the five-year rolling average was calculated. The safety performance targets for 2020 are based on a 2% reduction of crashes for our planning area.
Mr. Villanella asked how the data was compiled or where it comes from.

Ms. Mercedes replied the data is provided by Signal 4 Analytics which is a crash database and includes data for the entire TPO planning area.

Mr. Villanella asked how they gathered data from the local municipalities.

Ms. Mercedes replied the local municipalities contribute the data from crash reports submitted by the police.

Mr. Peterson referred to the 2% reduction from the 2018 data and commented it is fine for 2019 but it distorts it minutely for 2020; it states it is a 2% reduction from the prior year. It should state it is a 2% reduction from 2018; it needs to be explained how the 2% figure is developed.

Ms. Mercedes replied the 2% reduction number is developed from the last year of available data; at the time these safety targets were developed only 2018 data was available. Fatalities are available a month later so in January 2019 data was still unavailable.

Mr. Peterson stated the goals for 2020 are a reduction from 2018 not 2019; he asked what happens when the 2019 data is available.

Ms. Mercedes replied this is the time the TPO is required to adopt these safety targets; we have to use the best data available and make the assumption that the 2019 data will be in line with the previous year.

Ms. Nicoulin reminded members this process is consistent with the previous two years targets were required to be adopted; the immediate prior year data has not been available.

Mr. Peterson asked if the 2% reduction in 2021 would come from the data from 2019.

Ms. Nicoulin replied correct.

Mr. Peterson asked if the vehicle miles travelled (VMT) data came from the state.

Ms. Mercedes replied yes; from FDOT. She continued to review the data and targets for non-motorized fatalities and serious injuries.

Mr. Peterson commented he checked the figures for the 2019 and 2020 and did not get these numbers; he checked the fatality and serious injury numbers for the 2019 and 2020 projections. He asked that the math be rechecked.

Ms. Mercedes replied she would recheck and ensure the numbers are what they should be. She continued with the presentation and stated the TPO although supports FDOT’s Vision Zero it adopts an independent target of a 2% reduction.

Ms. Lendian asked if these numbers were compared with the population increase.

Ms. Mercedes replied it is not a direct comparison but there are calculations that factor the VMT which indirectly factors it in.

Ms. Lendian asked if the age of the drivers was factored in.

Ms. Mercedes replied no.

Mr. Villanella asked how the TPO receives the VMT information and what database it is drawn from.

Ms. Mercedes replied the TPO obtains the information from FDOT; she does not know how it is collected.
Mr. Villanella commented that the VMT in the state of Florida has increased dramatically over the last few years.

Ms. Bollenback replied she does not have the recent history but FDOT follows the same formula for everyone in the state to calculate VMT by area and by county. That information is then sent to each MPO. It is required that TPOs develop targets and data and report it to FDOT who reports the information nationally. There is not a standard methodology for VMT across the nation which is problematic. She has asked when attending meetings and forums regarding this issue but there has not been an answer. That is the rate we follow and the proxy for activity which helps normalize the information across jurisdictions. It is not a great methodology but if we continue to do the same thing year after year the trends can be reviewed.

Discussion continued regarding VMT.

Mr. Peterson asked if the city and county police departments have a standard of what is deemed a “serious injury”.

Ms. Nicoulin replied it is a life-changing injury; it changes your life in some way. There are different boxes to check on a crash report the police fill out; serious injury is one of those boxes.

Ms. Nicoulin replied this will be back next month for a recommendation of adoption of these targets.

D. FDOT Report

The FDOT report was provided in the agenda. Ms. Wyche announced a public meeting on February 4, 2020 from 5:00 pm to 7:00 pm at the Sanborn Center in DeLand regarding the improvements on Woodland Boulevard and a public meeting regarding improvements at International Speedway Boulevard and SR A1A on March 31, 2020 at the Midtown Cultural and Educational Gymnasium from 5:30 pm to 7:30 pm.

Ms. Habel referred to her comments regarding the intersection at Tomoka Farms Road and the Bellevue Avenue Extension and asked if an update would be provided at this meeting.

Ms. Nicoulin replied yes, she planned to address it during Staff Comments; she reached out to FDOT Traffic Operations and they are currently undertaking a study of that area. The study is not yet complete but she informed them the TPO would like a presentation when completed. Ms. Habel’s other comment was in regards to I-4 to I-95 going east and the lane closure; the lane is closed because of the improvements to the SR 400 ramp and I-95 southbound; the work is not yet completed.

E. Volusia and Flagler County Construction Reports

The Volusia and Flagler County Construction Reports were provided in the agenda.

Ms. Winsett stated Volusia County is moving into construction on two projects that have been on the list for a long time; 10th Street in New Smyrna Beach and Howland Boulevard in Deltona.

Chairperson Gillespie stated she received complaint regarding Park Avenue in New Smyrna Beach; it is hazardous there at night making a turn because of the construction. She asked if they could get reflectors or something that warns drivers of the turn going west. The other complaint she received was regarding SR A1A in New Smyrna Beach and the new blinking stop sign; the driver did not know what it was and it scared them. She asked if drivers could be pre-warned the blinking stop sign is ahead.

Ms. Lendian agreed that stop sign is scary; the bar is brighter than the LED lights around the sign; the location is at 8th Street across from the closed Wachovia Bank.

Ms. Winsett replied the problem is getting drivers attention; the rate of crashes has to drop but it is hard to get drivers to stop and yield to pedestrians.
Ms. Lendian commented she has witnessed pedestrians not pushing the button to cross in a crosswalk and crossing anyway.

Mr. Villanella asked if there is an increase in this type of activity seasonally.

Ms. Winsett replied there is a correlation between VMT, gas prices and complaints, etc.

Mr. Delaney asked if Ms. Winsett could provide information regarding the plaques that will be installed on the new Veteran’s Memorial Bridge.

Ms. Nicoulin replied she would coordinate with Volusia County and email the information.

Mr. Peterson referred to the TPO Board agenda meeting summary for November 27, 2019, Resolution 2019-24, clarifying the local match requirements and asked if the Board agreed with what was discussed regarding the local match and how a cost overrun would be allocated.

Ms. Nicoulin replied nothing changed regarding the cost overrun policy; the change requested was to clarify the 10% local match is the minimum.

Ms. Lendian announced the City of Edgewater will be hosting a symposium on February 8, 2020 from 9:00 am to 12:00 pm at the City Council Chambers regarding water quality; to RSVP, contact arussell@volusia.org.

I. Call to Order / Roll Call / Determination of Quorum

Chairperson Papa called the meeting of the River to Sea Transportation Planning Organization (TPO) Technical Coordinating Committee (TCC) to order at 3:02 p.m. The roll was called and it was determined that a quorum was present.

II. Press/Citizen Comments

There were no press/citizen comments.
III. Action Items

A. Review and Approval of November 19, 2019 TCC Meeting Minutes

*MOTION:* A motion was made by Mr. Lear to approve the November 19, 2019 TCC meeting minutes. The motion was seconded by Mr. Walker and carried unanimously.

B. Review and Recommend Approval of Resolution 2020-## Supporting Alternative 3 (Partial Cloverleaf #2) of the I-95 and Pioneer Trail Project Development and Environment (PD&E) Study

Ms. Nicoulin stated FDOT gave a presentation in November on the project development and environment (PD&E) study at I-95 and Pioneer Trail. They presented three alternatives for the interchange as well as the no-build scenario and discussed the pros and cons of each. A similar presentation was also given to the TPO Board in November; the TPO Board directed staff to draft a resolution of support for Alternative 3 (partial cloverleaf #2) as the most viable alternative for this interchange. This alternative was also identified as having the most public support.

*MOTION:* A motion was made by Mr. Lear to recommend approval of Resolution 2020-## supporting Alternative 3 (Partial Cloverleaf #2) of the I-95 and Pioneer Trail Project Development and Environment (PD&E) Study. The motion was seconded by Mr. Holmes and passed unanimously.

IV. Presentation Items

A. Presentation and Discussion of the Development of the 2045 Long Range Transportation Plan (LRTP)

Mr. Jim Wood, Kimley-Horn, stated the revenue forecast is developed to define funding that will be reasonably available as the needs are developed and projects are selected for the Long Range Transportation Plan (LRTP). The revenue forecast encompasses state, federal and local sources and represents years 2026 through 2045. It is created by FDOT and provides a consistent forecasting pattern for revenues used by all MPOs throughout the state. He reviewed the projected state and federal revenues and explained how the forecast revenues were developed. He reviewed the Strategic Intermodal System (SIS) projects included in FDOT’s cost feasible plan and explained the difference between the 2040 LRTP and 2045 LRTP. There is a much more optimistic forecast for the 2045 than for the 2040 that was developed as we were coming out of a recession. As part of the 2045 LRTP, the TPO will be looking at funding scenarios above and below the 2045 estimate. They realize there may be limitations to the forecast because of the effect of electric vehicles and other issues that can change revenues; however, it is important to be consistent in the overall approach.

B. Presentation and Discussion of Planning Projects Under Consideration for the Two-Year Fiscal Year (FY) 2020/21 and 2021/22 Unified Planning Work Program (UPWP)

Ms. Bollenback stated the Unified Planning Work Program (UPWP) is the two-year plan of projects that TPO staff follows. The TPO receives funding from the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) as well as state, local and SU funding. The TPO considers the available funding and identifies projects to undertake over a two-year period. Three tasks are being removed; that work is being consolidated into other tasks already on the list. This is being done because FDOT has requested the MPOs condense the UPWPs to have them be more straightforward and less complicated. She reviewed the funding for year one and year two and explained the recommended tasks and deliverables in the UPWP. She explained de-obligation which is when funds not spent in the existing UPWP are released to be included in the next UPWP. She reviewed the tasks and deliverables including tasks that must be done annually and other tasks the TPO is proposing to undertake. Under Task 1.01, General Administration, staff will develop a grant resource list; a detailed spreadsheet of grant opportunities. The TPO is also proposing to do a benchmarking activity for the UPWP and Transportation Improvement Program (TIP) to see what other MPOs are doing around the state and before and after studies for specific projects to see if they were effective.
Mr. Karet referred to the deliverable to “continue facility upgrades” under the General Administration and Program Support task and asked what those would be.

Ms. Bollenback replied the TPO signed a ten-year lease last year and updated the conference room; now the individual offices, bathrooms and breakroom are being updated.

Mr. Walker asked if the grant funding resource list mentioned would be available on the TPO website.

Ms. Bollenback replied it will be an ongoing report but it can be made available.

Ms. Mendez referred to the General Planning Studies and Project Support task and the deliverable to “continue to monitor and provide input on the proposed Local Agency Program (LAP) policy for FDOT D-5 and asked if it is known what the changes are or if the policy was going to go away.

Ms. Wyche replied there is an online forum being held February 6, 2020; attendees must register online.

Ms. Bollenback stated the TPO would send the information regarding the LAP forum out again. She has not seen an updated draft of the policy yet.

Ms. Kellie Smith, FDOT, replied they hope to have it available this week so everyone can review it prior to the forum on February 6, 2020.

Ms. Bollenback continued to review the revenue forecast for bicycle/pedestrian and the tasks and deliverables; she also explained the transit revenue forecast and the tasks and deliverables for transit. Both Volusia County and Flagler County are updating their Transit Development Plans (TDP) which is similar to the LRTP but for ten years. This will be back next month for a recommendation of approval; a full draft must be submitted to FDOT for review by March 15, 2020 which will then be adopted in May and become effective July 1, 2020. If members have any suggestions they should submit them by next month.

C. Presentation and Discussion of Updated Safety Data and Targets

Ms. Mercedes gave a PowerPoint presentation of updated safety data and transportation performance measure targets for 2020. She reviewed the number of fatalities, serious injuries, and non-motorized fatalities and serious injuries for the last five years of data (from Signal 4 Analytics) of crashes with which the five-year rolling average was calculated. The safety performance targets for 2020 are based on a 2% reduction of crashes for our planning area.

Mr. Karet asked if the data was for the entire area.

Ms. Mercedes replied it is for the R2CTPO planning area including all of Volusia County and urbanized Flagler County.

D. FDOT Report

The FDOT report was provided in the agenda. Ms. Wyche reminded members to register online for the February 6, 2020 LAP forum; it will be held from 1:30 pm to 4:30 pm. She announced a public meeting on February 4, 2020 from 5:00 pm to 7:00 pm at the Sanborn Center in DeLand regarding the improvements on Woodland Boulevard and a public meeting regarding improvements at International Speedway Boulevard and SR A1A on March 31, 2020 at the Midtown Cultural and Educational Gymnasium from 5:30 pm to 7:30 pm.

E. Volusia and Flagler County Construction Reports

The Volusia and Flagler County Construction Reports were provided in the agenda.
Ms. Winsett stated Volusia County is moving into construction on two projects that have been on the list for a long time; 10th Street in New Smyrna Beach and Howland Boulevard in Deltona.

V. Staff Comments

Ms. Nicoulin announced the 2020 annual Call for Projects opened on January 15, 2020 and will close March 31, 2020 at 2:00 pm. Information and project applications are available on the R2CTPO website. The TPO is requiring applications be uploaded to the TPO’s file transfer site; a link to the site is provided on the applications under General Instructions.

Ms. Bollenback stated there is a group that meets called the LAP Community of Practice; it is a statewide organization that discusses LAP projects and issues with the LAP. She participated the last couple of years and although she did not attend the last meeting she did read the minutes and they mentioned an update that is being processed for compensation on lighting agreements; as lighting is being switched to LED lighting there is a change. She does not have all the details but can send the minutes to members for review.

VI. TCC Member Comments

Mr. Kozielski announced the Volusia County Schools have listed a Planning and Construction Director position and Planning Coordinator position to be filled if members know anyone that may be interested.

Mr. Walker announced the City of Holly Hill is looking for a new Economic Development Director.

VII. Information Items

→ CAC & TCC Attendance Records
→ November 27, 2019 River to Sea TPO Board Meeting Summary
→ November and December 2019 TPO Outreach and Events
→ 2045 LRTP Subcommittee Report
→ UPWP Subcommittee Report

VIII. Adjournment

There being no further business, the TCC meeting adjourned at 3:38 p.m.

RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION

_______________________________________
MR. JOSE PAPA, CHAIRPERSON
TECHNICAL COORDINATING COMMITTEE (TCC)

CERTIFICATE:
The undersigned duly qualified and acting Recording Secretary of the River to Sea TPO certified that the foregoing is a true and correct copy of the minutes of the January 21, 2020 regular meeting of the Technical Coordinating Committee (TCC), approved and duly signed this 18th day of January 2020.

_______________________________________
DEBBIE STEWART, RECORDING SECRETARY
RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION
III. ACTION ITEMS

B. REVIEW AND RECOMMEND APPROVAL OF RESOLUTION 2020-## AMENDING THE FY 2019/20 TO 2023/24 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

Background Information:

The proposed amendment for the FY 2019/20 to 2023/24 Transportation Improvement Program (TIP) programs current year funds in the amount of $527,487 for Construction and $102,540 for Construction Engineering & Inspection (CEI) for the Derbyshire Park Sidewalks, Phase 1 Project (FM #443236-1). The limits of the sidewalks are:

1. On 3rd Street from Vine Street to Nova Road (SR 5A)
2. On Vine Street from Brentwood Drive to 4th Street

Resolution 2020-## and Attachment “A” are provided with this agenda packet for your review.

ACTION REQUESTED:

MOTION TO RECOMMEND APPROVAL OF RESOLUTION 2020-## AMENDING THE FY 2019/20 TO 2023/24 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)
WHEREAS, the River to Sea Transportation Planning Organization (TPO) is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for Volusia County and portions of Flagler County inclusive of the cities of Flagler Beach, Beverly Beach and portions of Palm Coast and Bunnell; and

WHEREAS, Florida Statutes 339.175; 23 U.S.C. 134; and 49 U.S.C. 5303 require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, have a continuing, cooperative and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

WHEREAS, the River to Sea TPO shall annually endorse and amend as appropriate, the plans and programs required by 23 C.F.R. 450.300 through 450.324, among which is the Transportation Improvement Program (TIP); and

WHEREAS, the River to Sea TPO’s adopted TIP is required to be consistent with the Florida Department of Transportation’s adopted Five-Year Work Program; and

WHEREAS, the Florida Department of Transportation has provided additional information to the River to Sea TPO regarding the FDOT adopted Five-Year Work Program.

NOW, THEREFORE, BE IT RESOLVED, by the River to Sea TPO that the:

1. River to Sea TPO’s FY 2019/20 to FY 2023/24 TIP is hereby amended as shown in Attachment "A" attached hereto and made a part of this resolution; and the

2. Chairperson of the River to Sea TPO (or his/her designee) is hereby authorized and directed to submit the FY 2019/20 to FY 2023/24 TIP as amended to the:
   a. Florida Department of Transportation;
   b. Federal Transit Administration (FTA) (through the Florida Department of Transportation);
   c. Federal Highway Administration (FHWA) (through the Florida Department of Transportation); and the
   d. Department of Economic Opportunity.
DONE AND RESOLVED at the regularly convened meeting of the River to Sea TPO held on the 22nd day of January 2020.

RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION

____________________________________
DAYTONA BEACH COMMISSIONER ROBERT GILLILAND
CHAIRPERSON, RIVER TO SEA TPO

CERTIFICATE:

The undersigned duly qualified and acting Recording Secretary of the River to Sea TPO certified that the foregoing is a true and correct copy of a resolution, adopted at a legally convened meeting of the River to Sea TPO held on January 22, 2020.

ATTEST:

#### Project Description:
Construct sidewalks on 3rd Street from Vine Street to Nova Road and on Vine Street from Brentwood Drive to 4th Street. (Reference 2040 Long Range Transportation Plan, pgs 10-12, 81, and table 31 on pg 72.)
III. ACTION ITEMS

C. REVIEW AND RECOMMEND APPROVAL OF REVENUES AND TASKS FOR DEVELOPMENT OF THE DRAFT 2020/21 AND 2021/22 UNIFIED PLANNING WORK PROGRAM (UPWP)

Background Information:

The TPO’s transportation planning activities are funded in large part through federal grants. These federally-funded transportation planning activities must be identified and approved by the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA) and FDOT in advance of each fiscal year. The activities, products and budgeted funds must be documented in the TPO's Unified Planning Work Program (UPWP) which is updated every two years. This update is for the period from July 1, 2020 to June 30, 2022. The UPWP describes the role of the TPO, the focus of its planning efforts, and any special studies that are to be undertaken in that two-year span. The UPWP identifies the types and amounts of planning funds the TPO expects to receive from FHWA, FTA and other sources, and prescribes how those funds will be spent.

The UPWP was developed by TPO staff with input from the UPWP Subcommittee and is being presented for review and approval to submit to FDOT/FHWA. After comments are received from FDOT/FHWA, the UPWP will be reviewed again by TPO staff and committees. The TPO Board is scheduled to adopt the UPWP in April.

ACTION REQUESTED:

MOTION TO RECOMMEND APPROVAL OF REVENUES AND TASKS FOR DEVELOPMENT OF THE DRAFT 2020/21 AND 2021/22 UNIFIED PLANNING WORK PROGRAM (UPWP)

III. ACTION ITEMS

D. REVIEW AND RECOMMEND APPROVAL OF RESOLUTION 2020-## UPDATING THE SAFETY PERFORMANCE TARGETS

Background Information:

The Federal Highway Administration (FHWA) requires State Departments of Transportation (DOTs) and Metropolitan/Transportation Planning Organizations (M/TPOs) to adopt annual targets for the following five safety performance measures:

- Number of Fatalities
- Rate of Fatalities
- Number of Serious Injuries
- Rate of Serious Injuries
- Number of Non-Motorized Fatalities and Serious Injuries

In February of 2019, the TPO adopted the 2019 safety targets for the five performance measures. Resolution 2020-## adopts the River to Sea TPO Safety Performance Targets for the year 2020, which are presented in Exhibit “A”. TPO staff will discuss and present the updated safety targets.

ACTION REQUESTED:

MOTION TO RECOMMEND APPROVAL OF RESOLUTION 2019-## UPDATING THE SAFETY PERFORMANCE TARGETS
WHEREAS, the River to Sea TPO is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for Volusia County and portions of Flagler County inclusive of the cities of Flagler Beach, Beverly Beach, and portions of Palm Coast and Bunnell; and

WHEREAS, Florida Statutes 339.175; 23 U.S.C. 134; and 49 U.S.C. 5303 require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, have a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

WHEREAS, the FHWA issued a final rule based on section 1203 of the Moving Ahead for Progress in the 21st Century Act (MAP-21) and with consideration to provisions in the Fixing America's Surface Transportation Act (FAST Act), which identified national transportation goals, outlined standards for measuring and reporting safety data and established five safety performance measures; and

WHEREAS, in accordance with 23 C.F.R. 490.209(a), the Florida Department for Transportation (FDOT), as part of the annual development of the State Highway Safety Improvement Plan (HSIP), has developed safety targets for each of the five safety performance measures; and

WHEREAS, 23 C.F.R. 490.209(c), requires that each Metropolitan Planning Organization establish safety targets and report progress over time in reaching the adopted targets; and

WHEREAS, the River to Sea TPO recognizes certain limitations in the availability of data required to develop data sets for the planning area in Flagler County where the planning area boundaries do not align with the county boundaries.

NOW, THEREFORE, BE IT RESOLVED, by the River to Sea TPO that the:
River to Sea Transportation Planning Organization supports the intentions of FDOT outlined in the State HSIP for Calendar Year 2020 including a target of zero for each of the safety performance measures and establishing an interim measure for each of the five measures; and

2. River to Sea TPO Board and advisory committees have reviewed and endorsed the safety related transportation performance data and targets as shown in Exhibit A; and the

3. Chairperson of the River to Sea TPO (or his/her designee) is hereby authorized and directed to submit these targets to the:
   a. Florida Department of Transportation; and
   b. Federal Transit Administration (FTA) (through the Florida Department of Transportation); and the
   c. Federal Highway Administration (FHWA) (through the Florida Department of Transportation).

DONE AND RESOLVED at the regularly convened meeting of the River to Sea TPO held on the 22nd day of January 2020.

RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION

______________________________
DAYTONA BEACH COMMISSIONER ROB GILLILAND
CHAIRPERSON, RIVER TO SEA TPO

CERTIFICATE:

The undersigned duly qualified and acting Recording Secretary of the River to Sea TPO certified that the foregoing is a true and correct copy of a resolution, adopted at a legally convened meeting of the River to Sea TPO held on January 22, 2020.

ATTEST:

______________________________
DEBBIE STEWART, RECORDING SECRETARY
RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION
River to Sea Transportation Planning Organization
Calendar Year 2020 Targets

Fatalities
Basis for Establishing Target:
This target reflects a two percent annual reduction in the number of fatalities from the year 2018. This sets a target of reducing the annual fatalities to 118 with a resulting five-year rolling average of 131.6 in 2020.
Number: 118
5-Year Rolling Average: 131.6

Serious Injuries
Basis for Establishing Target:
This target reflects a two percent annual reduction in the number of serious injuries from the year 2018. This sets a target of reducing the annual serious injuries to 808 with a five-year rolling average of 814.2 in 2020.
Number: 808
5-Year Rolling Average: 814.2

Fatalities Rate*
Basis for Establishing Target:
This target reflects a two percent annual reduction in the fatalities rate from the year 2018. This sets a target of reducing the fatality rate to 1.549 with a five-year rolling average of 1.784 in 2020.
Number: 1.549
5-Year Rolling Average: 1.784

*VMT specific to the planning area is not currently available, which includes all of Volusia County and a portion of Flagler County. As such, the fatalities rate was calculated using the data available for the entirety of Volusia and Flagler County, pending the provision of data at the planning area level.

Serious Injuries Rate*
Basis for Establishing Target:
This target reflects a two percent annual reduction in the serious injuries rate from the year 2018. This sets a target of reducing the serious injuries rate to 10.604 with a five-year rolling average of 10.970 in 2020.
Number: 10.604
5-Year Rolling Average: 10.970

*VMT specific to the planning area is not currently available, which includes all of Volusia County and a portion of Flagler County. As such, the fatalities rate was calculated using the data available for the entirety of Volusia and Flagler County, pending the provision of data at the planning area level.

Non-Motorized Serious Injuries and Fatalities
Basis for Establishing Target:
This target reflects a two percent annual reduction in the number of non-motorized serious injuries and fatalities from the year 2018. This sets a target of reducing the non-motorized serious injuries and fatalities to 96 with a five-year rolling average of 103.4 in 2020.
Number: 96
5-Year Rolling Average: 103.4

E. APPOINTMENT/REAPPOINTMENT OF TRANSPORTATION IMPROVEMENT PROGRAM (TIP) SUBCOMMITTEE MEMBERS

BACKGROUND INFORMATION:

Each year, the Transportation Improvement Program (TIP) Subcommittee is convened to evaluate priority project applications and to review the Call for Projects process and selection criteria used to develop the TPO’s Project Priority Lists. The TPO Staff is seeking volunteers from each advisory committee (CAC, TCC and BPAC) to participate in this subcommittee.

Current TIP Subcommittee members are:

ACTION REQUESTED:

MOTION TO APPOINT/REAPPOINT TRANSPORTATION IMPROVEMENT PROGRAM (TIP) SUBCOMMITTEE MEMBERS
IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

A. PRESENTATION AND DISCUSSION OF THE DEVELOPMENT OF THE 2045 LONG RANGE TRANSPORTATION PLAN (LRTP)

Background Information:

As part of the development of the 2045 Long Range Transportation Plan, the TPO’s LRTP Consultant, with Kimley-Horn & Associates will present on the following:

- **Concept Scenarios** – Methodologies for the three alternate scenarios of technology, resiliency, and funding will be presented for discussion. Supporting documentation is included in the agenda.
- **Preliminary Needs Assessment** – Maps identifying the Preliminary Assessment of Transportation Facilities and Projects will be presented for discussion. Supporting documentation will be provided under separate cover.

ACTION REQUESTED:

*NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE*
CONNECT 2045 SCENARIO CONCEPTS

- As transportation planning organizations develop long-range plans, it is important to consider the potential effects of possible future conditions.
- Scenario analysis can be a useful tool to better understand the potential influence of alternative futures, aiding development of policies and prioritization of projects.
- The use of scenarios for development of long-range transportation plans (LRTP) is encouraged but not required.
- The River to Sea Transportation Planning Organization (TPO) will be implementing scenarios for Connect 2045 from three perspectives:
  - Technology (page 2)
  - Resiliency (page 3)
  - Funding (page 5)
- Certain factors in the technology and resiliency scenarios are related to the funding scenario. For example, more electric vehicles mean lower gas tax revenues while flooding and storm threats can lead to higher transportation infrastructure costs.
- The final findings of these scenarios will be presented to the BPAC/CAC/TCC and Board in April.
TECHNOLOGY SCENARIO

Technology is transforming transportation in new ways and the pace of change is accelerating. Recognizing the importance of technology, the TPO has completed an *Intelligent Transportation System (ITS) Master Plan* and *Transportation System Management and Operations (TSM&O) Master Plan* that include and recommend technology-related strategies. It is more important than ever to understand how emerging technologies will shape transportation in the TPO area. The increase in automated, connected, electric and shared (ACES) vehicles is becoming an important focus. The approach to technology for the LRTP will focus on ACES through a few key components:

- Analyze results of the ACES Scenario from the Central Florida Regional Planning Model (CFRPM) version 7. The ACES Scenario was newly created by FDOT District 5 to support TPOs/MPOs with LRTP development. The results of that scenario run were provided by FDOT provided in mid-January and are currently being evaluated. The ACES Scenarios include *five possible futures* as proposed by the Federal Highway Administration and advanced by FDOT through recent LRTP guidance. These futures range from “slow roll” with the least change to “robotaxis” projecting the most rapid change. The results will be analyzed to determine the appropriate scenarios to inform the LRTP.

- Identify and prioritize corridors for implementation
  - Prioritize corridors based on the needs assessment from the ITS/TSM&O Master Plans and, as appropriate, the results of the ACES Scenarios
  - Key corridors will be placed into prioritized tiers for purposes of identifying focus areas and potential future pilot projects

- Consider future action steps that are appropriate to continually analyze ACES such as implementation of an ACES Task Force and/or Committee
  - Made up of TPO, local agencies, private sector interests, and public entities
  - Evaluate opportunities as they occur
  - Make recommendations on potential ACES impacts – help to inform policy-basis for assumptions that the TPO will use

A few resources for more information on technology:

RESILIENCY SCENARIO

Resiliency reflects the ability to anticipate, prepare for, and adjust to changing conditions, and recover rapidly after disruptive events such as flooding, hurricane damage, or major traffic incidents. It is important for the transportation system to be resilient in the face of these disruptions to ensure reliable movement of people and goods.

To understand the vulnerability of transportation infrastructure to disruptive events and changes, the TPO has participated in assessments of sea level rise (SLR) and 100-year storm surge within the planning area. These studies (Sea Level Rise Vulnerability Assessment - 2016, Resilient Volusia - 2017 and Resilient Flagler - 2018) provide significant data that can be useful to evaluate the impact of SLR, 100-yr storm surge in the future. In addition, the East Central Florida Regional Planning Council (ECFRPC) is leading the Regional Resiliency Action Plan (RRAP). The RRAP recommends the upper and lower boundaries to plan for SLR based upon US Army Corps of Engineers (USACE) and National Oceanic and Atmospheric Administration (NOAA) data (see chart). This data is available for Volusia County since it is in the boundary of the ECFRPC.

The Northeast Florida Regional Council does not presently have similar data for Flagler County.

Consistent data is being pursued for the entire TPO area but if that is not successful, two separate scenarios will be run for Volusia and Flagler, respectively. The horizon year to be used for both will be 2040 because it is the furthest data year within the LRTP horizon. For Volusia, both upper and lower SLR boundaries will be used. For Flagler, only lower boundary will be used unless the data becomes available.
Regardless of the specific approach taken, the analysis will compare the inundation area(s) from the selected approach with the projects identified through the Needs Assessment portion of the study. The results of this analysis will be an identified set of potentially impacted projects that will inform planning decisions and prioritization in the development of Connect 2045.

A few resources for more information on resilience:

FUNDING SCENARIO

The TPO provides priorities for FDOT to program the TMA (Transportation Management Area is MPO with population greater than 200,000) and Other Arterials funds. Each update, FDOT estimates the amount of these funds expected to be available over the LRTP planning period. This time, while the TMA funds are generally consistent with previous updates, the Other Arterials are approximately double previous update estimates.

Therefore, it is proposed that the funding scenario will compare two alternatives (LOW and HIGH) in relation to the baseline 2045 Revenue Forecast to be used for development of the Connect 2045 Cost Feasible Plan (CFP) (this 2045 forecast was discussed with the TPO Board and Committees in January).

The LOW and HIGH scenarios will provide an opportunity to evaluate how these alternative futures might impact the program of projects included in the CFP. More specifically, the lesser funding of LOW will be used to determine what projects would potentially be excluded from the Connect 2045 CFP, while the greater funding of HIGH will be used to determine Needs Assessment projects that could potentially be added to the CFP. Here is a summary of the baseline and two scenarios:

**2045 Plan / BASELINE** – *Other Arterials Funding* amount is from Connect 2045 Revenue Forecast.

**2040 Plan / LOW Scenario** – *Other Arterials Funding* amount is from 2040 LRTP Revenue Forecast. Because the 2040 Revenue Forecast was developed when recessionary effects were still impacting long-range financial outlook, it acts as an appropriate surrogate for a more constrained financial situation. The potential factors that could drive a more constrained financial future include:

- growing shortfalls in federal transportation funding due to highway fuel tax remaining at the same level since 1993
- projected reductions in fuel tax revenue due to increasing vehicle fuel economy
- projected reductions in fuel tax revenue due to growth in sales of electric vehicles

**2045 + New Funding Source / HIGH Scenario** – *Other Arterials Funding* is amount from Connect 2045 Revenue Forecast supplemented by hypothetical new source of funding. For purposes of developing the specific threshold, the figure is based on the estimate of 25% of a 1 cent sales tax going to transportation. This is not a policy recommendation. This was used to develop a scenario above the BASELINE that mirrors how much the LOW Scenario is below. The potential factors that could drive a more abundant financial future include:

- increase in federal highway fuel tax
- a new local sales tax
- increase in state funding
- implementation of a new revenue source that based on miles driven rather than gallons of fuel sold
A few resources for more information on funding:

IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

B. PRESENTATION AND DISCUSSION OF THE R2CTPO 2020 “TELL THE TPO” SURVEY CAMPAIGN

Background Information:

The TPO is currently developing the 2020 “Tell the TPO” Survey Campaign to better understand the priorities and preferences of its constituents as they relate to transportation planning and implementation for our planning area. This survey helps provide insights for the TPO as it makes decisions on transportation priorities. It is intended to be conducted every two years and is a follow-up to the initial 2014 survey which formed a baseline of public opinion on transportation in the area, and the 2016 and 2018 survey. H.W. Lochner, one of the TPO’s general planning consultants, has been retained to facilitate the survey development, dissemination, and analysis. They will be providing an overview of the survey instrument, schedule and scope.

Specific goals of the survey include the following:
- Ascertain the transportation wants, needs, problems, preferences, and suggestions from residents, business community, elected officials, and other stakeholders
- Provide data that the TPO can analyze in order to ascertain trends
- Act as an educational tool and expose each person who takes it to the benefits, mission, and programs of the TPO
- Add to the TPO database of interested residents, businesses, and visitors

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE
TELL THE TPO
Community Transportation Survey
TPO BOARD/COMMITTEE BRIEFINGS
FEBRUARY 2020
“Tell the TPO” Survey Goals

1. **Obtain Info**
   - Obtain info about public opinion on hot button transportation issues & desires related to mobility options.

2. **Engage Public**
   - Engage the public in thinking about transportation planning issues.

3. **Build Partnerships**
   - Build partnerships with other agencies, civic organizations, and the business community.

4. **Build Database**
   - Build the TPO’s database of interested residents, businesses & visitors.

5. **Increase Awareness**
   - Increase awareness & branding regarding the TPO.

6. **Compare Results**
   - Compare results from 2020 survey with baseline results from prior years’ surveys.
Approach

1. Target everyone who *lives, works,* or *visits* the TPO region

2. Maximize public response
   - Concise survey – the longer the survey, the lower the response
   - Available online – [www.tellthetpo.com](http://www.tellthetpo.com)
   - Mobile device friendly
   - Hard copies available at select locations and by request
   - Spanish survey available

3. Fun and excitement
   - Prize drawing for respondents
   - Board/Committee challenges

>> TARGET GOAL : 3,000 Responses <<
Marketing Plan

✅ PARTNERSHIPS

Team with **businesses** to reach their employees

Team with **organizations** to reach their members

Team with **agencies** to reach their constituencies

✅ CHAMPIONS

**TPO Board** and **Committees** being challenged to disseminate the survey to their stakeholders.

✅ EXPOSURE

Traditional & social media outreach

Attendance at events

Flyers and hard copies in high traffic locations

And there’s a **prize** opportunity too!!
Ambassador Challenge

Each board member is an ambassador

Each committee (as a whole) is an ambassador

Each given a **unique survey link** to measure success

We invite you to each send your link to your stakeholders and contact lists

Include your link in E-newsletters, social media posts, etc.

Win Prizes - trophies awarded to most successful Board Ambassador and most successful Committee
Prior Survey Quick Facts

Outreach included partnerships and coordination with the government, business and civic communities:

- Every board & committee member was an ambassador.
- Partnered with various Chambers and V CARD/FCARD to reach the business community.
- Articles featured in 14 different media outlets.
- 17 partner organizations posted links on their websites.
- 40+ organizations/ambassadors/supporters posted links and encouragement to their social media networks, including Facebook, Twitter, and LinkedIn.

3,000 (2020 goal)
2,176 (2018)
1,276 (2016)
1,263 responses (2014)
Survey Website

Tell the TPO!

All responses will be placed in a drawing for a brand new iPad Mini!

Start Survey

The River to Sea Transportation Planning Organization (TPO) wants your input as we plan transportation improvements for Volusia/Flagler County.

If you live, work, or spend time in Volusia or Flagler County, we want to hear from you!
Prior Survey Summaries

https://www.r2ctpo.org/public-involvement/tell-tpo-survey/
2020 Survey Updates

- Proposed changes to the previous survey:
  - Removing questions with consistent answers over previous surveys
  - Adding questions to address:
    - Safety
    - Technology
    - Transit
    - Funding
  - Other minor wording/text changes for clarification.

- Committee suggestions?
Schedule and Next Steps

- **FEBRUARY**
  - TPO Briefings

- **MARCH**
  - Board Approval & Survey Launch – March 30th!

- **APRIL**
  - Survey open until May 30th!

- **MAY**
  - Compile & Analyze Data, Prepare Summary Report

- **JUNE**
  - Adopt Summary at Board/Committee Meetings

- **AUGUST**
  -

IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

C. PRESENTATION AND DISCUSSION OF RESOLUTION 2020-## AUTHORIZING THE EXECUTION OF A SUPPLEMENTAL AGREEMENT TO THE METROPOLITAN PLANNING ORGANIZATION (MPO) AGREEMENT FOR THE USE OF TRANSPORTATION PLANNING (PL) AND URBAN ATTRIBUTABLE (SU) FUNDS AND AMENDING THE FY 2018/19 AND 2019/20 UNIFIED PLANNING PROGRAM (UPWP)

Background Information:

Typically, the TPO reviews the UPWP mid-year to identify changes that may be needed in funding or task deliverables. Changes to the UPWP are completed through an amendment or modification. In this case, the UPWP amendment is needed to:

- Reflect additional funding from the Federal Transit Administration (FTA);
- To add or delete tasks and estimated delivery dates of activities outlined in the UPWP; and
- To reallocate funds as needed to reflect funding needs.

In addition to the changes in the UPWP document, the TPO requires a supplemental agreement to the MPO Agreement for the use of Planning (PL) and Urban Attributable (SU) funds in the FY 2018/19 - 2019/20 Unified Planning Work Program (UPWP).

Resolution 2020-## and the amendment described in Attachment “A” are provided with this agenda packet for your review.

**Definition of Funding Sources**
- **FTA** means Federal Transit Administration. A portion of FTA funds are matched with State and Local revenues
- **PL** means Federal metropolitan planning funds
- **TD** means Transportation Disadvantage funds which is a type of State Revenue
- **Local** means funds received by member assessments and other non-state of non-federal funds

**Notes:**
1) Other Funds in Task 1.01 were offset with additional FTA funds received
2) TPO received $27,251 in additional funding, which included $26,282 in FTA funds and $969 in TD Funds
3) Funds were reallocated between tasks due to organizational changes

February 4, 2020
**TASK 1.01 - General Administration and Program Support**

**Responsible Agency** - River to Sea TPO

**Total Cost** - $767,791

### PURPOSE

- This task supports the overall administration and management of the organization including personnel management, financial operations, general administrative support, meetings and member support. Cost estimates for this task include operational overhead such as office leasing and capital expenditures. Activities completed under this task ensure that the TPO operates in a fiscally sound, organized and efficient manner that supports the 3-C planning efforts.

### PREVIOUS WORK

- Developed and distributed meeting minutes and agendas and meeting support for advisory committees and board.
- Fiscal management of R2CTPO finances including timely invoicing, accurate record keeping and successful grants management as reflected in successful financial audits.
- Ongoing provision of administrative support services for planning activities and general administration and management of the R2CTPO.
- Attendance and participation in professional training opportunities, webinars and professional conferences:
  - Tools the Trade Conference - September 2016
  - FLC 2017 Human Resources and Risk Management Seminar
  - Webinar on Tax Reform - January 2018
  - FL APA Conference - September 2017
  - Records Management Training Webinar
- Coordination and completion of annual strategic planning retreats and completion of new member orientation meetings. Completed February 2016 and 2017.
- Ongoing coordination with FDOT, FTA, FHWA and local agencies concerning in the development of compliant documents, the timely completion of agreements and communication of planning needs.
- Printing of all previous TPO technical reports documents.
- Annual completion of the budget, legislative positions, and other administrative activities.

### REQUIRED ACTIVITIES

- Review industry trends, policy directives and legislation; attend training opportunities and conferences; read industry journals and communicate with agencies and organizations to remain familiar with requirements for MPOs/TPOs and achieve the agency's objectives.
- For accurate and updated accounting of all funds necessary for the TPO process to include invoices for state and federal funds, grant reporting, payroll and time-keeping as needed.
- Ensure the R2CTPO meets local, state and federal requirements for planning and certification and maintains compliance with provisions of Title 23 and Title 49, U.S.C., as amended by MAP-21 and the FAST Act.
- Complete compliance audits for FTA Section 5305(d) and FHWA Section 112 funds and ensure financial compliance with planning requirements under Title 23 and Title 49, U.S.C., as amended by MAP-21.
- Complete the administrative activities necessary for an organization including personnel management, records management, professional development, and training.
- Provide new member orientations to educate new members of the board and advisory committees about the River to Sea TPO functions and role in the local community and conduct an annual workshop to discuss current issues and the River to Sea TPO's role in addressing them.
- Track expiration dates, conduct timely reviews and process all amendments and updates to written agreements and legal documents as needed.
- Retain an attorney to provide professional support services as needed (legal review, HR auditing).
- Utilize effective personnel management strategies to develop staffing plans and assignments, identify training needs and manage human resources of the organization.
- Increase efficiency and lower unit costs by hiring general contractor to provide professional services on an as needed basis.
Work through the TPO committee process to develop and distribute all reports, meeting minutes, agendas, etc. in an electronic format and when required, print, reproduce, collate, bind, and distribute such documents.

Purchase supplies and services necessary to perform the functions and meet the responsibilities of the agency.

Periodically review organizational documents such as the COOP and the Employee Handbook to ensure they remain current and that all employees are familiar with procedures.

END PRODUCTS

A completed Compliance Audit (with no findings) of all FTA Section 5305(d) and FHWA Section 112 funds to be completed within six months of the ending of the fiscal year. Timeline/anticipated completion date: November 2018 and 2019.

Transmittal of completed invoices in a timely manner and 100% approval/acceptance rating by FDOT of invoices/progress reports. Timeline/anticipated completion date: Monthly.

Completion of an annual operating budget. Timeline/anticipated completion date: May 2019 and 2020.

Printing and distribution of River to Sea TPO committee meeting notices, agenda packets, and meeting minutes in accordance with applicable laws and bylaws. Timeline/anticipated completion date: Monthly.

Completion of a planning retreat. Timeline/anticipated completion date: March 2019 and 2020.

Completion of employee team building and goal setting activities. Timeline/anticipated completion date: May 2019, June 2020.

Ongoing communications and support to the R2CTPO and all its efforts. Timeline/anticipated completion date: Ongoing.

Accurate and timely records kept according to the General Records Schedule GS1-SL. Timeline/anticipated completion date: Ongoing.

Update to the COOP. Timeline/anticipated completion date: March 2019.

Accurate electronic file storage to support the efficiency of the organization. Timeline/anticipated completion date: January 2019.

Develop and distribute meeting notices, agenda packets, minutes and other correspondence for the River to Sea TPO Board, TCC, CAC, BPAC and TDLCB. Timeline/anticipated completion date: Ongoing.

Develop Annual Legislative Positions for the 2019 and 2020 Sessions for the Florida Legislature. Timeline/anticipated completion date: November 2018 and 2019.
TASK 2.01 - Program Development (UPWP)

Responsible Agency: River to Sea TPO
Total Cost: $69,488

PURPOSE
- This task supports the development, maintenance and monitoring of the River to Sea TPO Unified Planning Work Program (UPWP) which outlines the planning activities needed to satisfy state and federal planning requirements. The UPWP ensures that the planning programs and projects advanced by the TPO address all federal planning factors and emphasis areas, allocates planning funds to tasks that support the planning needs and priorities of the planning area, and ensures efficient and effective utilization of planning resources.

PREVIOUS WORK
- Coordination of subcommittee activities and timely development of the FY 2016/17 and FY 2017/18 UPWP. Completed April 2016.
- Implementation of planning activities and completion of project deliverables as specified. Ongoing.
- Timely processing of UPWP amendments. Completed as required.
- Ongoing review of planning activities and financial resources to ensure adherence to budgets and schedules. Ongoing.
- Coordination of subcommittee activities and timely development of the FY 2018/19 and FY 2019/20 UPWP. Completed April 2018.
- Successful completion of the annual state certification and a federal certification. Completed the state certification in 2016 and 2017 and a federal certification in 2015.

REQUIRED ACTIVITIES
- Establish project schedules and procedures for the development of the UPWP.
- Utilize TPO subcommittees, standing committees, the board, public, and special interest groups to develop the UPWP.
- Develop the UPWP in an approved and prescribed manner pursuant to existing FHWA, FTA, and FDOT regulations.
- Prepare and process amendments and complete updates to the UPWP as needed to reflect current finances and planning efforts.
- Communicate routinely with FDOT, FTA, and FHWA.
- Develop the new FY 2020/21 and FY 2021/22 Unified Planning Work Program (UPWP), a two-year work program.
- Monitor the UPWP financial estimates and deliverables to ensure the work program is implemented on schedule and within budget.

END PRODUCTS
- Maintenance of the current FY 2018/19 and FY 2019/20 UPWP that is compliant with Title 23 and Title 49, U.S.C. as amended by the Fixing America’s Surface Transportation (FAST) Act. Timeline/anticipated completion date: Ongoing; amended as needed.
- Timely completion of deliverables outlined within the UPWP. Timeline/anticipated completion date: Ongoing.
- Completion of a Federal Certification Review. Timeline/anticipated completion date: June 2019.
- Annual MPO-FDOT Joint Certification Review. Timeline/anticipated completion date: March 2019 and 2020.
**TASK 2.03 - Transportation Data Information Management**

**Responsible Agency** - River to Sea TPO

**Total Cost** - $105,122

---

**PURPOSE**

- Performance based planning requires the accurate collection, analysis and reporting of relevant data. The purpose of this task is to collect, monitor and provide data and analysis to inform the transportation planning and decision-making processes as required under MAP-21 and the FAST Act. TPO staff will provide the support necessary to comply with requirements for establishing targets and implementing transportation system performance measures. Other data information management and database support activities will be completed as part of this task.

---

**PREVIOUS WORK**

- Development of the base year socio-economic and TAZ data for the 2040 LRTP model in coordination with FDOT. Completed March 2015.
- Updated Volusia County Bicycling Map for the Experienced Cyclist. Completed February 2018.
- Developed data to support the establishment of safety performance targets. Completed January 2018.
- Identified Pedestrian High Crash Locations. Ongoing.
- Ongoing support of providing data for various planning studies.
- Updated Regional Trails Corridor Assessment map. Timeline/anticipated completion date: June 2018.

---

**REQUIRED ACTIVITIES**

- Monitor area travel characteristics and factors affecting travel such as socioeconomic, community and land use data, transportation system data, natural, physical, and human environmental concerns and issues.
- Coordinate with the Congestion Management Technical Working Group to produce an annual Transportation System Congestion Management/Performance Measure Report to assist transportation decision-makers with a better understanding of transportation-related opportunities and challenges.
- Provide assistance in data collection and analysis for the long-range transportation plan, biannual transportation survey and the Central Florida Regional Planning Model (CFRPM) network as needed.
- Acquire and provide data support and data related activities as necessary for performance measurements and monitoring of roadway conditions to identify congestion, delay, and safety issues.
- Coordinate with local jurisdictions, Volusia and Flagler Counties, Florida Department of Transportation (FDOT) and agencies to ensure consistency of data.
- Coordinate and communicate policy associated with Transportation Performance Management (TPM).
- Participation in Statewide Model Task Force.

---

**END PRODUCTS**

- Provision of transportation data in both tabular and map formats as needed and to be used in assisting with public involvement through the use of graphics (maps) and for coordinating efforts with state and local governmental agencies. Timeline/anticipate completion date: Ongoing.
- Provision of bicycle and pedestrian safety data in support of the pedestrian safety action plan. Timeline/anticipate completion date: July 2018 through June 2020.
- Incorporation of TPM data and rules into planning documents and adoption of targets as required under MAP-21 and the FAST Act. Timeline/anticipate completion date: Ongoing.
- Completion of a Transportation Systems Congestion Management/Performance Measures Report providing information on transportation system performance. Timeline/anticipated completion date: July 2018 through November 2018.
- **Approve Safety TPM Targets.** Timeline/anticipated completion date: February 2019 and 2020.
TASK 2.08 - General Planning Studies and Initiatives

Responsible Agency - River to Sea TPO
Total Cost - $186,490

PREVIOUS WORK

- Provided direct transportation planning support and technical assistance to small local governments to develop project funding applications and plan for transportation needs. As needed.
- Worked with East Central Florida Regional Planning Council (ECRPC), Volusia and Flagler Counties and FDOT for Sea Level Rise Vulnerability Assessment Study. Completed June 2016.
- Worked with EECRPc, Volusia County Office of Emergency Management, FDOT and UF Geoplan Center to model impacts of sea level rise with 100-year storm event flooding levels for the Resilient Volusia County Study. Completed September 2017.
- Convened a working group of traffic engineers and other professionals to develop a strategy for advancing ITS projects that effectively address issues relating to traffic operations and safety. Completed November 2014.
- Completed TSM&O Master Plan for the R2CTPO’s planning area. Phase 1 Completed June 2016 and Phase 2 - Timeline/anticipated completion date: June 2018.
- Participated in the update of the FDOT District 5 regional ITS architecture (2015).
- Attendance and participation in professional training opportunities, webinars and professional conferences:
  - Florida Autonomous Vehicle Conference - November 2017
  - ITE TSM&O Conference - November 2017
  - FDOT Complete Street Design Manual - December 2017

REQUIRED ACTIVITIES

- Utilize a Complete Streets approach to integrate people and place in the planning, design, construction, operation, and maintenance of the transportation network.
- Pursue planning activities that address the planning emphasis areas including: Rural Transportation Planning, Transportation Performance Measures and Automated-Connected-Electric-Shared Use Vehicles.
- Pursue planning activities as needed to address the metropolitan planning factors established under the FAST Act.
- Develop, as needed, scopes of work and requests for proposal for transportation planning activities identified and utilize the TPO standing committees and working groups to evaluate planning needs and develop scopes of service that address the needs.
- Participate in local planning area meetings, discussions and workshops and coordinate efforts to improve planning tools and support data that guides decision-making.
- Convene and facilitate "Transportation Corridor" working groups to help identify and describe the challenges and opportunities of the future so that our planning and implementation choices can meet both our short term and long-term needs.
- Work to achieve critical environmental justice goals and other environmental goals by targeting development to locations that already have infrastructure and offer transportation choices.
- Examine the land use implications of air quality standards; and, in cooperation with local agencies identify and recommend policies and actions at the local and individual level that would help the region stay in "attainment status".
- Review and analyze crash data and contributing factors; identify crash reduction measures within the TPO Planning Area.
- Assess Sea Level Rise Vulnerability for the Flagler County Urbanized Area and adopt policies to increase the resiliency of the transportation network to sea level rise, storm surge and coastal flooding.
- Work with FHWA and general planning consultant for the Resilience and Durability to Extreme Weather Pilot Program.
• Work with general planning consultant to review and analyze crash data within the metropolitan planning area (MPA).
• Ensure that the TPO Board, staff, and subcommittee members are properly informed of TSM&O issues, opportunities, monitor advances in ITS technology and its applications, update the River to Sea TPO’s Regional ITS Architecture as needed and utilize a professional consulting services contract to support the TPO in completing needed planning activities.
• Review and analyze the data on the availability of affordable food options and transportation accessibility in transportation disadvantaged communities.

END PRODUCTS

• Adoption of Complete Streets Policy and Implementation Plan. Timeline/anticipated completion date: June 2019.
• Coordination meetings with small/rural governments to provide transportation planning assistance as needed. Timeline/anticipated completion date: Ongoing.
• Reports, analyses and findings needed for transportation systems improvements. Timeline/anticipated completion date: Ongoing.
• A report outlining sea level rise vulnerability for the Flagler County Urbanized Area. Timeline/anticipated completion date: June 2019.
• Adopted resolution supporting Sea Level Scenarios and Planning Horizons. Timeline/anticipated completion date: June 2019.
• Implement procedures that increase the resiliency of the transportation network to sea level rise, storm surge and coastal flooding into the Priority Project Process. Timeline/anticipated completion date: November 2018.
• A report to review and analyze crash data and identify crash reduction measures within the TPO Planning Area. Timeline/anticipated completion date: September 2018.
• Improved coordination and documentation of activities supporting economic development and tourism. Timeline/anticipated completion date: Ongoing.
• Updates to the River to Sea TPO’s Regional ITS Architecture. Timeline/anticipated completion date: As needed.
• A completed review and analysis of prior planning studies and recommendations. Timeline/anticipated completion date: May 2019.
• Development and promotion of a complete streets ordinance for local governments. Timeline/anticipated completion date: March 2020.
• The relationship between Food Deserts and Transportation. Timeline/anticipated completion date: June 2020.
TASK 3.01 - Bicycle/Pedestrian Planning and Implementation

Responsible Agency - River to Sea TPO
Total Cost - $92,137

PURPOSE

- This task is intended to outline activities associated with the planning and promotion of safe, non-motorized travel options within the planning area. Activities include planning, participation in events that promote walking and bicycling and attendance in conferences, workshops and educational seminars related to these types of activities.

PREVIOUS WORK

- Updated Volusia County Bicycling Map for the Experienced Cyclist. Completed February 2018.
- Adoption of a Bicycle Suitability Map. Timeline/anticipated completion date: June 2018.
- Attendance and participation at various workshops and events such as:
  - Florida Greenways and Trails System (FGTS) Plan Workshop - November 2017
  - FDOT Complete Streets Design Manual Workshop - December 2017
  - Florida Planning & Zoning Association Workshop - March 2017
  - Volusia County Trails Summit - June 2017
  - Organized Bicycle and Pedestrian Plan Workshops - May 2017
  - Pedestrian Safety Action Plan Workshop in Volusia County - October 2014
  - St. Johns River to Sea Loop Summit - October 2017
  - St. Johns River to Sea Loop Trail Regional Stakeholder Meeting - August 2017

REQUIRED ACTIVITIES

- Develop a Bicycle and Pedestrian Digital Count Program.
- Partner with local health agencies to improve the environment for walking and biking.
- In partnership with local governments, Volusia and Flagler County Schools, Votran, FDOT, FDEP Office of Greenways and Trails and the Florida Bicycle Association continue efforts to collect, maintain and update an inventory of the bicycle and pedestrian facilities located within the R2CTPO’s planning area.
- Develop safety countermeasures using FHWA Pedestrian Safety Guide and Countermeasure Selection System (PEDSAFE) and Bicycle Safety Guide and Countermeasure Selection System (BIKESAFE) (contingent on grant funding for engineering support).
- Refine, as needed, the bicycle and pedestrian funding criteria and identify projects for future funding.
- Continued coordination with stakeholders (including Space Coast TPO, FDOT, FDEP, Brevard, Flagler, Putnam, St. Johns and Volusia Counties) to develop the St. Johns River to Sea Loop Trail and Coast to Coast Connector Trail.
- Bicycle/Pedestrian List of Prioritized Projects.
- Develop a formal process to identify types of projects (spot locations, corridors, targeted areas, entire jurisdictions) for pedestrian and bicycle safety improvements.
- Conduct Pedestrian/Bicycle Safety Audits for focus areas (contingent on grant funding for engineering support).
- Develop a mechanism to evaluate results and refine the PSAP.
- Develop an implementation strategy (short term, medium term and long term) for PSAP safety countermeasures.
- Participate in St. Johns River to Sea Loop PD&E Study Community Advisory Group.
- Participate in Coast to Coast Trail Leadership Team.
- Coordinate with St. Johns River to Sea Loop Alliance.
- Participate in Step It Up - Action Institute to Increase Walking and Walkability.

END PRODUCTS

- Completion of a Bicycle and Pedestrian Count report. Timeline/anticipated completion date: June 2019.
- Completion of school safety studies for selected charter schools in Volusia and Flagler Counties. Timeline/anticipated completion date: June 2020.
TASK 4.01 - Transit-Related Activities and TD Program

Responsible Agency - River to Sea TPO
Total Cost - $249,326

PURPOSE

- The purpose of this task is to provide technical planning assistance for local government and transit agencies to identify transit development priorities, improve regional transit connectivity, and continue to improve coordinated transportation services to meet the mobility needs of the TPO transportation disadvantaged groups.

PREVIOUS WORK

- Provided one public hearing annually by the TDLCB. Completed November 2016 and November 2017.
- Assisted in maintaining Volusia County’s bus transit database. Ongoing (upon request).
- Active involvement in SunRail (commuter rail) development as a member of the Central Florida Commuter Rail Commission Technical Advisory Committee. Ongoing.
- Active involvement in regional transit studies and community initiatives. Ongoing.
- Provided grant support and other annual reports updates under FTA and the transit disadvantaged program.
- Provided Vo-to-go program analysis and reports for Votran. Ongoing.
- Florida TD Commission’s Annual Transportation Disadvantaged Legislative Awareness Day. Completed Annually.

REQUIRED ACTIVITIES

- Provide ongoing staff support to the TDLCB and its subcommittees including meeting coordination, conducting an annual public hearing, ongoing communications and the presentation of transit information as needed.
- Provide necessary information to the elected officials of participating boards (Votran, MetroPlan, LYNX and etc.).
- Provide on-going technical and planning staff support to transit activities and programs in Volusia and Flagler Counties.
- Provide input to local and regional planning studies and actively participate on committees such as the Central Florida Rail Commission TAC.
- Provide on-going technical and planning staff support to transit activities and programs in Volusia and Flagler Counties.
- Provide technical transit planning assistance and support to Votran and Flagler County Public Transportation in completing TDPs, evaluating service, conducting operations analysis and other activities as needed to improve transit operations.
- Provide transit input and assistance in broad planning studies to ensure appropriate representation in transportation planning efforts including the Congestion Management Report, the LRTP, and corridor planning efforts.

END PRODUCTS

- Provide staff support for the Transportation Disadvantaged Local Coordinating Board. Timeline/anticipated completion date: Ongoing.
- Produce annual and quarterly reports and required plan updates, including:
  - Volusia County’s annual AOR and AER reports. Timeline/anticipated completion date: October 2018 and 2019
  - TDSP annual update reports. Timeline/anticipated completion date: March 2019 and March 2020
  - CTD quarterly program reports. Timeline/anticipated completion date: Ongoing
  - Other plan and report updates as requested. Timeline/anticipated completion date: Ongoing
• Prepare FTA grant applications and provide grant-review support to state agencies. Timeline/anticipated completion date: Annually.
• Conduct a Paratransit Service Analysis. Timeline/anticipated completion date: November 2019.
• Update the transit-related requirements in the adopted Traffic Impact Analysis Guidelines. Timeline/anticipated completion date: June 2020.
TASK 4.02 - Transit Planning Services - General Consulting

Responsible Agency - River to Sea TPO
Total Cost - $81,335 $92,335

PURPOSE

• Provide general transit planning assistance to public transit providers in support of service planning activities including, but not limited to coordination with local governments, route analysis and data retrieval, service performance reporting, transit research, transit plan development and implementation, and transit infrastructure accessibility consultation for service and facility compliance.

PREVIOUS WORK

• Completed a Volusia County Bus Stop Improvement Plan (Phase I). June 2018.
• Completed a Flagler County Fixed Route Bus Service Transit Operation Plan (Implementation Plan). June 2018.

REQUIRED ACTIVITIES

• Based on local demand, work collaboratively with local governments, communities and transit agencies to develop scopes and bus stop improvement studies for local jurisdictions (Volusia County Bus Stop Improvement Plan – Phase II).
• In partnership with Votran, work with the consulting team to develop East Side Comprehensive Operation Analysis for Volusia County.
• Provide on-going technical assistance related to transit planning activities.

END PRODUCTS

• Local Bus Stop Improvement Plans and Phase II of Volusia County Bus Stop Improvement Plan. Timeline/anticipated completion date: June 2020.
• Volusia County Fixed Route Bus Service East Side Comprehensive Operation Analysis. Timeline/anticipated completion date: June 2020.
• Technical and planning assistance and/or reports as requested by the task orders issued. Timeline/anticipated completion date: Ongoing.
IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

D. PRESENTATION AND DISCUSSION OF RESOLUTION 2020-## AUTHORIZING THE DE-OBLIGATION OF PLANNING (PL) AND URBAN ATTRIBUTABLE (SU) FUNDS FOR THE CURRENT FEDERAL WORK PROGRAM

Background Information:

The de-obligation of planning funds releases federal funds previously authorized but not expended by the TPO. Funds de-obligated in the second year of a two-year UPWP are made available for the first year of the new UPWP. TPO staff reviewed the allocation of funding levels for each of the ongoing tasks and projects and anticipated expenditures to the end of the current fiscal year. Based on this projection, staff requests that the TPO de-obligate unexpended Planning (PL) and Urban Attributable (SU) funds used for planning in the existing UPWP so that these funds are available to support activities in the new UPWP and are able to be accessed in a timely manner.

Resolution 2020-## and a summary table for the PL and SU funding changes for FY 2019/20, including the tasks being amended, are provided with this agenda packet for your review.

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE

E. PRESENTATION AND DISCUSSION OF DRAFT SEA LEVEL RISE PLANNING HORIZONS AND RATE PROJECTIONS

Background Information:

With the passage of the FAST Act, resilience (and planning for sea level rise) was introduced as a federal planning factor: “Improve the resilience and reliability of the transportation system and mitigate stormwater impacts of surface transportation.” Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption.

Resilience is also a Florida Planning Emphasis Area for 2020. The FDOT Office of Policy Planning develops Planning Emphasis Areas on a two-year cycle in coordination with the development of Metropolitan Planning Organizations’ respective unified planning work programs (UPWPs). Emphasis areas set planning priorities, support the Florida Transportation Plan, and give importance to topic areas which MPOs are encouraged to address as they develop their planning programs.

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE
Sea Level Rise
Planning Horizons and Projections

CAC/TCC Meeting
February 18, 2020
Planning for Sea Level Rise

Conditions resulting from climate change have included higher temperatures, increased precipitation and/or severe drought, and an overall rise in sea level worldwide. Florida is on the front lines of sea level rise & coastal inundation exposure:

- Nation’s second-most extensive coastline (1,350 miles)
- Many highly developed coastal areas
- Many low-lying areas already subject to recurring tidal flooding
Collaboration

To build resiliency against flooding and sea level rise, the River to Sea TPO partnered with the following agencies to assess impacts:

- East Central Florida Regional Planning Council
- Flagler County
- Florida Dept. of Environmental Protection
- Florida Dept. of Transportation
- Northeast Florida Regional Council
- University of Florida GeoPlan Center
- Volusia County
Resiliency Directives

• FAST Act: expands the focus on the resiliency of the transportation system and requires strategies to reduce the vulnerability of existing transportation infrastructure to natural disasters [23 U.S.C. 134(d)(3) & (i)(2)(G)]

• Florida Statutes, Section 163.3178 includes sea level rise as one of the causes of flood risk that must be addressed in “redevelopment principles, strategies, and engineering solutions” to reduce flood risk
Strategic Approaches

- **Retreat** - limits and discourages development in vulnerable areas and plans for relocation or removing existing structures
- **Accommodation** - continues development but requires new standards and regulations
- **Protection** - strategies that protect people, infrastructure and property from sea level rise impacts often implemented through engineering solutions

**GOAL**
Increase the ability of local and regional stakeholders to implement resiliency and climate adaptation strategies across disciplines.
Coastal Flooding/Surge Modeling Methods

Coastal Flood Hazards Model
- Utilizes FEMA’s methodology for developing Flood Insurance Rate Maps, where flood frequency and flood magnitude (or depth) are used to define flood hazard
- Relies on the 100-year Stillwater elevation and Stillwater depth to identify inland impacts of storm surge

Coastal Surge Model
- Couples storm surge and wave modeling functionality
- Develops an overall estimate of combined coastal wind and flood losses for a single hurricane event
Sea Level Rise Impacts

Areas of Assessment

- Designated Evacuation Routes
- Major Roadway Network
- Transportation Facilities
- Parcel Infrastructure/Land Uses
- Public Works Facilities
- Fleet Storage Facilities
- Shelters
- Emergency Management Centers
- Sidewalks and Trails
- Other Critical Facilities
Sea Level Rise Impacts to Stormwater Systems

- Increased flooding of transportation infrastructure (tidal and heavy rainfall)
  - Loss of roadway capacity
  - Loss of evacuation routes
  - Degradation of infrastructure
  - Loss of utilization/access to facilities

- Compromised stormwater systems
  - Limited stormwater storage (ponds and groundwater)
  - Malfunctioning canals and drainage

Planning and solutions take time!
General Timeline of Sea Level Rise Impacts on the Built Environment

- Stormwater drainage issues
- Saltwater flooding of yards and roads
- Potential for saltwater corrosion and intrusion of underground pipes
- Flooding of ancillary structures (pavilions, sheds, etc.)
- Ground floor flooding of houses and commercial buildings
- Flooding of high value critical infrastructure such as wastewater facilities and electrical substations
Financial Exposure

This table includes all parcels, built and unimproved.

Implementation: Policies and Procedures

- Incorporate Policies and procedures for addressing SLR and future flooding into 2045 LRTP and other plans
- Adopt a planning horizon and projection rate curve for the 2045 LRTP
- Ensure policies, procedures and plans of TPO and County/City Transportation are in line with federal agencies’ resiliency requirements to receive funding
- Collaborate with local and regional stakeholders to implement resiliency strategies
Planning Horizons

- Resilient Volusia County and Resilient Flagler County Assessments were based on Sea Level Rise Planning Horizons (parameters) of 2040, 2070, and 2100

- The River to Sea TPO is focusing on the 2040 Planning Horizon to align with the 2045 Long Range Transportation Plan (LRTP), which also addresses future transportation needs for a 20 year period
Sea Level Rise Projections

Next Steps

- Adopt Sea Level Rise Planning Horizon and Projection Rate Curve in March 2020
- Incorporate in 2045 Long Range Transportation Plan (LRTP)
IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

F. PRESENTATION AND DISCUSSION OF 2019 CALL FOR PROJECTS WORKSHOP (TCC ONLY)

Background Information:

TPO staff will present an overview of the annual "Call for Projects" process, project qualifications, application requirements, available funding, local match requirements, and process schedule. The TPO staff will also highlight key changes from the previous year. TCC members will be encouraged to ask questions about the process and discuss candidate projects.

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE
IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

G. FDOT REPORT

Background Information:

Ms. Vickie Wyche, Florida Department of Transportation (FDOT) staff, will be present to answer questions regarding projects on the FDOT Construction Status Report and the Push-Button Report.

The Construction Status and Push Button Reports are provided for your information.

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE
Volusia/Flagler County Project Status Update
as of January 24, 2020

The following is a brief status update on major FDOT road construction projects in Volusia and Flagler counties as of the January cutoff. The next cutoff date is February 16, 2020. Information is also available on www.cflroads.com.

Upcoming projects:
427957-1 Sand Fence Installation S.R. A1A in Volusia County
  o Contract E5V37
  o Contractor: Glacier Contracting, Inc.
  o Estimated Start: February 2020
  o Estimated Completion: Early Summer 2020
  o Cost $109,543.00

Current projects:
436434-2 Bike Path/Trail- Lake Monroe Park Entrance to Old DeLand Rd.
  o Contract E5Z84
  o Estimated Start: January 2020
  o Estimated Completion: Spring 2020
  o Cost: $296,219.80
  o Land clearing has begun, with paving operations for trail expected to begin in February.

439131-1 I-95 Resurfacing I-95 from north of S.R. 40 in Volusia County to Old Dixie Highway in Flagler County
  o Contract T5678
  o Estimated Start: January 2020
  o Estimated Completion: Fall 2020
  o Cost: $9,468,271.30
  o Paving operations to begin the first week of February

443266-1 Bridge Improvements at S.R. 430, Joint Replacement at End Bent 11 of S.R. 430 over Halifax River
  o Contract E5Z83
o Estimated Start: December 2019
o Estimated Completion: Winter 2020
o Cost: $176,487.00
o Contractor is working to procure materials for the project

437842-1 Adaptive Signal Control System on US 17-92 from Monroe Road in Seminole County to Minnesota Avenue, in Volusia County.
  o Contract: T5664
  o Estimated Start: Early November 2019
  o Estimated Completion: Early Summer 2020
  o Signalization work is ongoing at intersections along the project route.

439121-1 and 439144-1 S.R. 472 Resurfacing from U.S. 17-92 to the I-4 Interchange
  o Contract: E5Z77
  o Estimated Start: Early October 2019
  o Estimated Completion: Spring 2020
  o Contractor is continuing to work on resurfacing the roadway, drainage, and ITS.

437595-1 U.S. 1 at Matanzas Woods Parkway Roundabout
  o Contract: T5648
  o Estimated Start: Late September 2019
  o Estimated Completion: Summer 2020
  o U.S. 1 at Matanzas Woods Parkway has single lane closures in both directions, and Matanzas Woods Parkway is now closed at U.S. 1. The contractor is working on the outside lanes of U.S. 1 and drainage for the new roundabout.

440966-1 I-4 over Dirksen Drive bridge bearing pad replacement and epoxy overlay
  o Contract: E5Z73
  o Estimated Start: August 2019
  o Project Complete: Final Acceptance 1.17.2020

242715-2 I-95 Widening, I-4, U.S. 92 System to System Interchange
  o Contract: E5W26
  o Estimated Completion: Spring 2020
  o The contractor is completing final paving operations on I-95 and I-4, and continues shoulder work, guardrail installation and sidewalk construction.

441210-1 U.S. 1 at Old Dixie Highway Roundabout
  o Contract: E5Z64
  o Project Start: January 2019
Estimated Completion: Early Spring 2020
Traffic is in Phase 4 configuration (traffic is on the roundabout on northbound and southbound U.S. 1)
Contractor is on schedule and working on the southbound U.S. 1 bypass pass lane.

440557-5,6,7 – SR A1A Permanent Repairs in Flagler County
- Contract: T5641
- Project Start: February 2019
- Estimated completion: Early 2020
- Segment 2 - Roadway pavement markings have been placed
- Segment 3 - Project is complete
- Segment 1- (South 25-South 23) is complete
- Contractor is completing punch list items and is expected to be complete by the first week of February.

240992-5 U.S. 1 at Canal Street intersection improvements
- Contract: T5660
- Project Start: March 2019
- Estimated Completion: Summer 2020
- Contractor is doing roadway work along Canal Street, and a new traffic pattern is in place. Signalization work is continuing in preparations for The Mast Arms Signals that will be installed in the coming weeks.

438003-1 and 438003-2 I-95 Resurfacing Flagler County
- Contract: T5636
- Work began March 2019
- Estimated Completion: Late 2020
- Contractor is now using two crews to work on both segments
- Daytime and nighttime lane closures can be expected Sunday - Friday

441682-1 Concrete Rehabilitation on U.S. 1 in South Daytona & Port Orange
- Contract: E5U82
- Project Start: April 29, 2019
- Estimated Completion: Early 2020
- Contractor is working in the intersection of U.S. 1 and Dunlawton Avenue.
- Daytime lane closures to be expected Monday – Friday on northbound and southbound U.S. 1, as well as nighttime lane closures on Dunlawton Avenue in both directions.
Project Status Report as of January 24, 2020

Volusia County
I-95 Widening and I-4, U.S. 92 System to System Interchange Reconstruction

FIN # 242715-2-52-01

IV. PRESENTATIONS, STATUS REPORTS AND DISCUSSION ITEMS

H. VOLUSIA COUNTY AND FLAGLER COUNTY CONSTRUCTION REPORTS

Background Information:

Staff from Volusia County Traffic Engineering and Flagler County Traffic Engineering will present an update on the county projects that are either under construction or close to being ready for construction.

The Volusia County and Flagler County Construction Reports are provided for your information.

ACTION REQUESTED:

NO ACTION REQUIRED UNLESS OTHERWISE DIRECTED BY THE COMMITTEE
Volusia County Construction Report – January 2020*

Completed within the last 6 months:
1) Turnbull Bay Bridge Replacement
2) New York Ave sidewalk (Hamilton to US-17/92)
3) Mast Arm Replacement at Catalina and Midway
4) Howland Blvd. Turn Lane
5) River Road Repair and Stabilization

Under Construction or Advertised for Construction:
1) Veterans Memorial Bridge (Orange Ave.) – Under construction
2) W. Park Avenue 3-lane widening (Dale Street to Old Mission Rd) – Under Construction
3) Coast to Coast Trail Wayfinding Signage, and Emergency Location Markers – Under Construction
4) Williamson Blvd. (LPGA to Strickland Range) – Construction Contract Awarded
5) Turtlemound Road Repair – Under Construction
6) Howland Blvd 4-lane widening (Providence Blvd to Elkcam Blvd) – Construction Bids Opened
7) Tenth St 4-lane widening (Myrtle to US 1) – Construction Bids Opened
8) Harbor Road Repair and Stabilization – Under Construction
9) Orange Camp Rd. 4-lane widening (MLK Blvd. to I-4) – Construction Bids Advertised
10) Spring to Spring (DeLeon Springs Trail) – Construction Bids Advertised
11) DeLeon Spring Connection to Spring to Spring Trail – Construction Bids Advertised
12) Sugar Mill Road curve reconstruction and turn lanes – Construction Bids Advertised

Design Projects:
1) ECRRT – Segment 4A (Guise Rd. to Gobblers Lodge) – Design / Build Underway
2) Spring to Spring Trail – Segment 3B (Rob Sullivan Park to Dirksen Dr) – Design Ongoing
3) Spring to Spring Trail- Segment 3C (Trail along Don Smith Blvd) – Design Starting
4) Turnbull Bay Road paved shoulders – Design Underway
5) Beresford Ave Extension (Blue Lake to MLK) – Waiting for ROW from City to start Design
6) Spring to Spring Trail (Lake Beresford to Grand Avenue) – PD&E study administered by FDOT is nearing completion
7) Amelia Ave (Voorhis to Ohio) – In Negotiations for Design Contract
8) Williamson Blvd. (Strickland Range to Hand Ave) – Design Underway
9) Graves Ave Turn lanes (Veterans Memorial Parkway to Kentucky) – In Negotiations for Design Contract
10) Old New York paved shoulders (Shell to S-44) – Design Underway
11) Intersection Improvements at SR-44 and Kepler – Design by FDOT underway
12) Doyle Road paved shoulders (Twisted Oak to Lush Lane) – Not funded
13) Trail Connetion from Marine Discovery Center to River to Sea Loop – Design Ongoing
14) Jacobs Road Sidewalk – Design Underway
15) Study of LPGA Widening from Tymber Creek to I-95 – Initial Feasibility Study Complete, Negotiating Additional Studies
16) Blue Lake Extension from Victoria Park to SR-472 – Feasibility Study Underway
17) Old Mission Road from W. Park to Josephine – Safety Study Underway
18) Old Elections Parking Lot Replacement – Negotiating Design Contract

*Changes/Updates since last report are underlined.
Note: Dates are subject to change due to normal project development issues.

RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION (TPO)
ANNOUNCES RELEASE OF ITS “CONNECT 2045” SURVEY

DAYTONA BEACH, FL – Connect 2045 is the new long-range plan being developed to guide the transportation future of the River to Sea TPO planning area. The 2045 LRTP is the primary plan for federal and state highway expenditures in the TPO planning area which includes Volusia County and the developed areas of eastern Flagler County, including Beverly Beach and Flagler Beach, as well as portions of the cities of Palm Coast and Bunnell. When complete, this plan will allocate roughly $1.8 billion dollars to local transportation projects and programs.

As part of the development of this plan, the TPO is requesting the public's input in creating a cohesive and comprehensive long-range transportation plan for our community. We are asking citizens to take a few minutes of their time to give us their thoughts on transportation funding, resiliency and technology through a short survey. The survey will be available through March 27, 2020 at:

www.SurveyMonkey.com/r/9xsn3s7

Additional information about Connect 2045, Your Community Transportation Plan, can be found at: www.r2ctpoconnect2045.com. This website provides project specific information to inform and engage the community throughout the development of the 2045 LRTP and includes information on upcoming meetings, workshops, and documents associated with the 2045 LRTP, as well as providing a means for comment and input to be provided directly to the River to Sea TPO.

About the River to Sea TPO: The River to Sea TPO is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for designated Metropolitan Planning Area (MPA). The TPO’s metropolitan planning area includes all of Volusia County and the developed areas of eastern Flagler County, including Beverly Beach and Flagler Beach, as well as portions of the cities of Palm Coast and Bunnell.
