RESOLUTION NO. 2023-487

A RESOLUTION REQUESTING THAT THE RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION (“TPO”) ADD CERTAIN DEVELOPER-FUNDED MODIFICATIONS AND IMPROVEMENTS TO THE I-4 CONNECTOR AND US 92 INTERCHANGE TO THE TPO LONG RANGE TRANSPORTATION PLAN; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Transportation Element of the City of Daytona Beach Comprehensive Plan sets forth the City of Daytona Beach’s goal of promoting safe and efficient traffic circulation serving existing and future land uses; and

WHEREAS, the safe and efficient movement of people and cargo is the priority for transportation networks within the City’s jurisdictional boundaries; and

WHEREAS, the Interstate 4 (I-4) and US 92 corridors are major gateways into the City; and

WHEREAS, Sungate Logistic Park is a planned development on approximately 860 acres of land located northeast of West International Speedway Boulevard and Indian Lake Road, that was approved for development by City Ord. No. 2022-416; and

WHEREAS, Sungate Logistic Park is anticipated to have approximately 5.5 million square feet of commercial/industrial/institutional space, generate an estimated \$904.4 million in gross annual economic output in a typical year, and create at least 5,883 total permanent jobs; and

WHEREAS, Sungate Logistic Park will be a key economic driver whose success will be impacted by the I-4 and US 92 corridors; and

WHEREAS, the developer of Sungate Logistic Park has proposed to fund certain improvements and modifications to the I-4 connector and US 92 interchange; and

WHEREAS, in support of the Developer's efforts, the City has applied to the Florida Department of Transportation ("FDOT") for an Interchange Access Request, with the Interchange Modification Report ("IMR") attached thereto describing the proposed improvements in further detail; and

WHEREAS, in addition to directly supporting the regionally significant economic benefit anticipated to result from the development of Sungate Logistic Park, these improvements would assist with future growth and traffic movements, potentially eliminate hazardous turning movements by truck traffic at US-92 and Old DeLand Road, eliminate dangerous high-speed weaving between the I-4 off-ramp and the median opening on US 92 at Old DeLand Road, and eliminate the high speed merging condition from the eastbound I-4 off ramp to US 92; and

WHEREAS, a need for these improvements is evidenced by safety and efficiency concerns associated with the existing interchange configuration; and

WHEREAS, in addition to these proposed improvements, development of the Sungate Logistic Park will provide upgrades to roadway infrastructure within a key corridor of the City; and

WHEREAS, the proposed reduction in speed limit on US 92 as part of the construction of the Sungate Logistics Park entrance will reduce speeds and improve safety; and

WHEREAS, the proposed traffic signal at the US 92 entrance to Sungate Logistics Park will include safety improvements such as street lighting and signalized pedestrian crossing opportunities; and

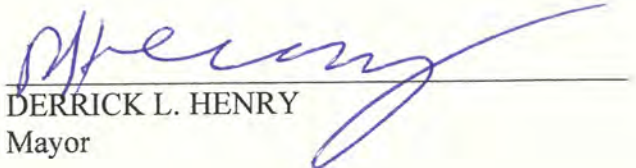

WHEREAS, these modifications, when taken as a whole, will improve safety, provide enhancement of the region's transportation network, and bolster economic development efforts.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DAYTONA BEACH, FLORIDA:

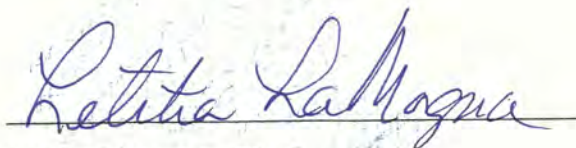

SECTION 1. The City Commission of the City of Daytona Beach hereby requests that the River to Sea Transportation Planning Organization (TPO) add the I-4 Connector and US 92 interchange modifications and improvements to the TPO Long Range Transportation Plan included in the Interchange Access Request, with the Interchange Modification Report ("IMR") further described in the recitals, which modifications and improvements are to be funded by the Sungate Logistics Park developer, as a developer-funded Strategic Intermodal System improvement for the safety of the traveling public.

SECTION 2. All resolutions in conflict are hereby repealed.

SECTION 3. This resolution shall take effect upon adoption, and an executed copy of which shall be transmitted to the TPO Executive Director as soon as possible.
