Do I need to wear a helmet?	Required for riders under 16; recommended for all	Required for riders under 16; recommended for all	Required for riders under 16; recommended for all	Required for riders under 16; recommended for all	Required for riders under 16; recommended for all

*Additional local regulations may apply to shared fleets.

**All classes of e-bikes can be visually similar. The difference is in their max assisted speed and how the user can engage the motor.

***Unless prohibited by local municipal code. Refer to local government regulations for more information and additional local e-bike restrictions.

Remember that users of electric bicycles, motorized scooters, segways, and hoverboards have all the same rights - and must follow all the same rules - as traditional bicycle users.

Whatever and wherever you're riding, always:

- Be courteous to others and always yield to pedestrians.
- Be visible. It is always recommended to use light colored clothes, white front lights and rear red lights when traveling in low light conditions.
- Slow down at corners and make sure you halt before entering and crossing the road.
- Use safe speeds and distance, especially in shared spaces.
- Stay to the right, except when passing.
- Give an audible warning signal when passing others.
- Follow all rules of the road and be predictable.

**Always Check
Local Codes**

**Local municipalities
might adopt more
restrictive rules
for devices**

**A helmet can keep
you safe in bicycle
crashes, minimizing
the risk of a traumatic
brain injury**

RON DeSANTIS
GOVERNOR

June 25, 2026

Secretary Cord Byrd
Secretary of State
R.A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

2026 JUN 25 PM 5:29
DEPARTMENT OF STATE
TALLAHASSEE, FL

FILED

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Florida Constitution, I do hereby veto and transmit my objection to Committee Substitute for Senate Bill 382 (CS/SB 382), enacted during the 128th Session of the Legislature of Florida during the Regular Session of 2026 and entitled:

An act relating to Micromobility Device

CS/SB 382 prohibits electric bicycles (e-bikes) from operating at a speed greater than 10 miles per hour if within 50 feet of a pedestrian. The bill establishes a standard that would certainly be difficult for a bicyclist to measure when safely operating an e-bike. Violators would be guilty of a nonmoving traffic violation and subject to fines surpassing \$100, a violation that would inevitably be enforced with speed detection and surveillance devices.

Separately, the bill creates a "Micromobility Device Safety Task Force", with no sunset date, to recommend limitless regulations related to e-bikes.

This bill will likely lead to enhanced surveillance by local governments against citizens. Moreover, the bill creates a task force, yet substantive changes are also implemented prior to any task force recommendations.

For these reasons, I withhold my approval of CS/SB 382 and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

Volusia and Flagler Counties Project Status Update as of July 31, 2026

The following is a brief status update on major FDOT road construction projects in Volusia and Flagler counties as of the July 31 cutoff date. The next cutoff date is August 31. Information is also available on www.cflroads.com. For questions, please contact Jonathan Scarfe at 386-943-5791 or via email at D5-MPOLiaisons@dot.state.fl.us.

UPCOMING VOLUSIA COUNTY PROJECTS

[446445-2](#) | I-4 Truck Parking - Eastbound Volusia County Site

- Contract: T5884
- Expected Project Start: August 2026
- Estimated Completion: Summer 2027

	Work Type: Parking Facility
	Phase: Design
	Length: 1.446 miles
	County: Volusia
	Road: I-4 SR 400
	Design Cost: \$5.1 Million
	Letting: 06/10/2026

The purpose of this project is to build a new designated truck parking facility on Interstate 4 (I-4) about 4.8 miles west of Interstate 95 (I-95) at the location of the former rest area. Due to economic growth and the resulting increase in the demand for the delivery of goods, the need for safe parking facilities along our Interstates has become a critical issue for all drivers and our I-4 communities. This project will provide needed truck parking space to serve regional freight parking demand and enhance safety.

The Volusia County eastbound facility will be accessed using entrance and exit ramps on I-4. The eastbound Volusia County site will provide 146 spaces in 2027 with planned expansion to 225 spaces. The site will include restrooms, on-site security, lighting, sidewalks/pet walk areas, picnic areas, and landscaping. This site will provide wildlife fencing and wildlife sensitive lighting to preserve the existing wildlife crossing and includes a proposed conservation area.

The site is one of five locations identified through the Truck and Freight Alternative Site Analysis Project Development & Environment (PD&E) Study (FPID No.: [447724-1](#)). The other four sites are

Current Projects:

[431922-1](#) | S.R. 44 (East New York Avenue) at Kepler Road Roundabout and Safety Improvements

- Contract: T5822
- Project Start: June 2024
- Completion: Summer 2026

Update: This project received final acceptance on June 26.

	Work Type:	Roundabout
	Phase:	Completed
	Length:	0.475 miles
	City:	DeLand
	County:	Volusia
	Road:	SR 44
	Construction Cost:	\$8.6 Million
Project Start:		Summer 2024
Est. Completion:		Summer 2026

The Florida Department of Transportation (FDOT) is constructing a two-lane roundabout at the intersection of State Road (S.R.) 44 (East New York Avenue) and Kepler Road in DeLand to enhance safety and improve the flow of traffic.

Once completed, the roundabout will replace the existing signalized intersection. It will feature two travel lanes in each direction, right-turn bypass lanes at three of the four road connections, a concrete apron to accommodate large trucks, and landscaping in the center island.

Pedestrian safety enhancements will include new sidewalks and crosswalks equipped with Rectangular Rapid Flashing Beacons (RRFBs) at the roundabout approaches. Each RRFB will include flashing yellow LED lights to increase drivers' awareness of pedestrians crossing at the roundabout. For more information about RRFBs and how to use them, visit:

www.alerttodayflorida.com/Pedestrian.

S.R. 44 will also be resurfaced from approximately 800 feet west of Kepler Road to Talisman Road. Kepler Road will be resurfaced from 650 feet south of S.R. 44 to 1,250 feet north of S.R. 44. Additionally, a center bi-directional turn lane will be added along S.R. 44 from east of Kepler Road to Lake Winnemissett Drive.

Work Type:	Resurfacing																
Phase:	Construction																
City:	Ormond Beach																
County:	Volusia																
Road:	SR 40 SR A1A																
Construction Cost:	\$20.4 Million																
Project Start:	Early 2025																
Est. Completion:	Fall 2026																

This project will make improvements along State Road (S.R.) A1A from north of Granada Boulevard (S.R. 40) to north of Roberta Road in Ormond Beach. The project will repave this portion of S.R. A1A and enhance safety and operations for all users.

To encourage safer driving speeds, the project will introduce subtle alignment shifts and add curb and gutter along parts of the corridor. Improvements will also include adding left-turn lanes at the intersection of Neptune Avenue for enhanced traffic operations. The speed limit of 35 mph throughout the corridor will be reduced to 30 mph during construction and will remain 30 mph after project completion.

Pedestrian safety enhancements will include new sidewalks where possible on the east side of the road as well as a shared-use path on the west side of the road. Existing pedestrian curb ramps will be upgraded to current Americans with Disabilities Act (ADA) standards. Raised midblock crossings with pedestrian-activated signals will be installed. Traffic signal, lighting, and drainage improvements will also be included.

[442884-1](#) | S.R. A1A from North of International Speedway Boulevard to Milsap Road

- Contract: E54B2
- Project Start: January 2025
- Estimated Completion: Fall 2026

Update: The contractor is currently working on concrete removal, utility adjustments, pouring curb, and constructing midblock crossings.

--	--

The goal of the project is to extend the service life of the roadway and enhance safety and operations for all users along the corridor. In addition to repaving this segment of S.R. A1A, the project will introduce subtle alignment shifts and raised intersections to encourage safer driving speeds and enhance pedestrian safety. Traffic signal and lighting upgrades, as well as drainage improvements, will be included.

Pedestrian safety enhancements will include wider sidewalks, raised midblock crossings with pedestrian-activated signals, and upgraded curb ramps to comply with the Americans with Disabilities Act (ADA).

The purpose of the project is to repave Mason Avenue (State Road (S.R.) 430) from Clyde Morris Boulevard to east of Beach Street and implement safety improvements along the corridor. The design will incorporate recommendations developed during the Mason Avenue Corridor Planning Study (work performed under FPID [446756-1](#)). The purpose of the planning study was to evaluate near-term and longer-term improvements to enhance multimodal safety, operations, and connectivity for all modes of travel.

Planned improvements include four midblock crossings equipped with Pedestrian Hybrid Beacons (PHBs), upgrading existing crosswalks, and a new sidewalk on the north side of Mason Avenue.

--	---

The purpose of this project is to resurface the segment of State Road (S.R.) A1A from north of Roberta Road to the Flagler County line in northern Volusia County. The project will also add pedestrian crosswalks and lower the posted speed limit where feasible to enhance safety.

Three new crosswalks equipped with Rectangular Rapid Flashing Beacons (RRFBs) are planned at Holland Road, Seabreeze Drive and Michael Crotty Bicentennial Park. The RRFBs flash when activated to alert drivers that someone intends to cross S.R. A1A.

Fifteen additional crosswalks will be installed at: Sunset Boulevard; Kathy Drive, Ocean Breeze Circle, Sunrise Avenue, Wisteria Drive, San Jose Drive, Sunny Beach Drive and Imperial Heights Drive; Ocean Grove Drive; Marlin Drive; Sand Dollar Drive; Ocean Aire Terrace; between Seabridge Drive and Sea Oats Terrace; Bass Drive; and Coquina Key Drive.

The project will add median islands at Imperial Heights Drive and Sand Dollar Drive. The medians will not block side streets.

Other proposed safety improvements include a 10-foot-wide shared-use path with curb and gutter on the southbound side of S.R. A1A from north of Roberta Road to south of North Peninsula State Park. Other improvements include signage, pavement marking, and drainage enhancements.

The Florida Department of Transportation (FDOT) is making safety improvements and resurfacing State Road (S.R.) A1A (South Atlantic Avenue and Dunlawton Avenue) from U.S. 1 (Ridgewood Avenue) in Port Orange, through Daytona Beach Shores, to Davis Street in Daytona Beach.

In addition, the department will install two new midblock pedestrian crossings with Rectangular Rapid Flashing Beacons (RRFBs) in Daytona Beach Shores: one at Sea Spray Street/Andrianopoulos Park and another near Browning Avenue. RRFBs are pedestrian-activated signals that display flashing yellow lights to alert drivers to ensure that a pedestrian is ready to cross. The project also includes upgrading the seven existing midblock crossings by adding in-road lighting and turtle-safe overhead lighting at the following locations: north of Broad Avenue, north of Edwin Peck Park, Publix at Daytona Beach Shores, north of Bellemead Drive, south of Oceans West Boulevard, north of Florida Shores Boulevard, and north of Poinsettia Road.

Additional activities include updating existing curb ramps to meet current Americans with Disabilities Act (ADA) standards and installing new signage and pavement markings.

[450642-1](#) | S.R. 44 from I-95 to east of South Walker Drive

Subject: FDOT Project 447698-1 New Traffic Signal Installed at International Speedway Boulevard and Lockhart Street in Daytona Beach
Date: Wednesday, July 29, 2026 9:28:37 AM

WARNING --- This email originated outside of your company. Please review the sender's email address. Report any suspicious attachments, links, or requests to the Help Desk.

Good morning!

The Florida Department of Transportation (FDOT) has installed a new traffic signal at the intersection of International Speedway Boulevard (U.S. 92/State Road (S.R.) 600) and Lockhart Street in Daytona Beach.

The signal is now operating in flash mode and is expected to become fully operational in the coming weeks.

Drivers on International Speedway Boulevard will encounter a yellow flashing light, which helps motorists adjust to the new signal before it is fully activated with red, yellow, and green lights. While the signal is flashing yellow, drivers should remain alert and proceed with caution. Drivers should yield to pedestrians, bicyclists or vehicles already in the intersection and ensure it is clear before continuing.

Drivers on Lockhart Street will encounter a red flashing light requiring them to come to a complete stop before proceeding when it is safe to do so.

Once fully activated, the signal will provide a pedestrian crossing equipped with Accessible Pedestrian Signals (APS), which use audible tones and verbal messages to let pedestrians who are visually impaired know when it is safe to cross. Pedestrian curb ramps are also being upgraded to meet current Americans with Disabilities Act (ADA) standards.

This intersection improvement project is expected to be completed in summer 2026. Construction schedules are subject to change due to weather and other unforeseen circumstances.

FDOT advises motorists to reduce speed, follow posted signage, and exercise caution in the work zone.

For more information, visit the project webpage at www.cflroads.com/project/447698-1.

Please let me know if you have any questions.

Have a great day!

Christine

TRANSPORTATION PLANNING ORGANIZATION

OUTREACH & ACTIVITIES

JUNE-JULY 2026

WWW.VFTPO.ORG

DELTONA LIBRARY SUMMER BASH

On July 31, the TPO teamed up with the Deltona Regional Library for their annual Summer Bash. Joined by Bob Storke, BPAC and CAC member, the TPO fit 93 kids with brand new bicycle helmets. The TPO staff spoke to the parents while fitting helmets about how to make sure their kids' helmets remained a good fit as they grow and when it is time to replace them.

VoTran Document Updates

VoTran is in the process of updating its Transit Development Plan (TDP) and Transportation Disadvantaged Service Plan (TDSP). There will be numerous outreach events planned over the course of the next year as these plans are developed. To learn more about the TDP & TDSP process as well as to get more information on the outreach activities see the links below:

[Click here to view the virtual meeting room](#)

[Click here to take the survey, whether you're a regular rider or not](#)

PMR² Community Care Day

On Thursday, August 13, the TPO will be participating in Progressive Medical Research's Community Care Day at their PMR² Community Outreach Center. Partnering with Halifax Urban Ministries, ReNew Recovery Cafe, and Volusia Recovery Alliance, the event that occurs every Thursday brings hot meals, clothing, haircuts, safety items, and much more to those who need a helping hand. The TPO will be providing bicycle lights, reflective safety vests, med kits, and more to those who need them. The premise behind this day is that outreach is transformational. Every act of service builds trust, restores dignity, and creates healthier communities.

Ongoing Activities

- Best Foot Forward for Pedestrian Safety Program Implementation in Flagler County
- Traffic Operations/Safety and Bicycle/Pedestrian Feasibility Studies Implementation
- Vision Zero Action Plan Implementation
- Volusia-Flagler TPO Website Update
- Public Participation Plan (PPP) Update
- TPO Apportionment Agreement Distribution for Execution by Cities/Counties
- Major Update of the Transit Development Plan (TDP) and Transportation Disadvantaged Service Plan (TDSP)
- Title VI Plan Update
- Fiscal Year 2025/26 TPO Audit

VoTran Announces Route Adjustments Effective June 28

VOLUSIA COUNTY – Several changes to Volusia County's VoTran transit system will take effect June 28 following their approval by the Volusia County Council during the June 16 meeting.

VoTran staff will be stationed on affected routes and at transit centers prior to the service changes to help inform riders about the upcoming adjustments.

The following route changes will take effect June 28:

- **Route 3:** Service will operate hourly at all times. Trips will depart the Transfer Plaza at 30 minutes past the hour.
- **Route 4:** Service will operate hourly at all times. Trips will depart the Transfer Plaza at 30 minutes past the hour and arrive at the Transfer Plaza at 54 minutes past the hour.
- **Route 5:** Outbound trips will depart the Transfer Plaza at 35 minutes past the hour. All subsequent timepoints will be adjusted by five minutes.
- **New Route 9:** The new route will operate in a loop from Volusia Mall, serving western Daytona Beach, including the Daytona Flea & Farmers Market, Tanger Outlets and the Florida Department of Health. Route 9 trips will depart Volusia Mall on the hour and will be timed to connect with Routes 10 and 11 at the mall.
- **Route 11:** Service will operate hourly, with trips departing the Transfer Plaza at 30 minutes past the hour. Service along Beach Street and Madison Avenue between Beach Street and Ridgewood Avenue will be discontinued. The route will operate only between the Transfer Plaza and Volusia Mall. Service currently provided along International Speedway Boulevard, the Daytona Flea Market, Williamson Boulevard and Bill France Boulevard will be served by Route 9.
- **Route 12:** Minor schedule adjustments will be made. The route will operate on Beach Street in both directions. Service along Ridgewood Avenue for inbound trips and Palmetto Avenue for outbound trips will be discontinued.
- **Route 15:** Service will operate hourly at all times. Trips will depart the Transfer Plaza on the hour and arrive at the Transfer Plaza at 26 minutes past the hour.
- **Routes 18, 30 and 70:** Minor schedule adjustments will be implemented.

The service adjustments are part of an ongoing effort by the Transit Services Division to evaluate operations and optimize service. Additional approved changes affecting Routes 33 and 70, as well as Sunday service, will take effect in October. An exact implementation date for those changes will be announced later.
