| Support the economic development and growth of the area served by the TPO and of the region.
| Connectivity                            | ○                  | ○      | ○        | ○                             | ○                               | ○                        | ○                             | ○                   | ○          | ○       |
| Enhance and expand transportation connectivity and choice for all users.
| Safety                                  | ●                  | ○      | ○        | ○                             | ○                               | ○                        | ○                             | ○                   | ○          | ○       |
| Eliminate or reduce crash related fatalities and serious injuries (safety) and improve security throughout the transportation network.
| Livability                              | ○                  | ○      | ○        | ○                             | ○                               | ○                        | ○                             | ○                   | ○          | ○       |
| Continue to provide, and where possible, enhance social, cultural, physical and natural environmental places.
| Involvement                             | ○                  | ○      | ○        | ○                             | ○                               | ○                        | ○                             | ○                   | ○          | ○       |
| Promote equity, transparency, and opportunities for the public to be involved with their transportation system.
