

COVID-19 UPDATE

As we continue to see marked improvements in COVID-19 activity, with positivity and hospital rates declining and vaccination rates increasing, many of us are beginning to resume our pre-COVID/normal activities. That being said, the River to Sea TPO will continue to operate with caution, placing the health and safety of our staff, members, and the public at the center of all of our decisions.

We would like to remind you that during the month of June (and the July 14th TDLCB meeting), our TPO Board and committees will continue to meet in a hybrid format with a physical quorum being required and the remaining members and guests being encouraged to attend remotely via using a video meeting platform (Microsoft Teams).

We are requesting that individuals physically attending the TPO meetings who have not been fully vaccinated to please continue to wear masks per the Centers for Disease Control (CDC) guidelines. We also request that all attendees remain socially-distanced when possible.

During the July break, TPO leadership will monitor and review conditions and provide further direction for the August meetings. Thank you for your cooperation and continued support. If you have any questions or concerns, please do not hesitate to contact us.
