

## COVID-19 Update

As we continue to see an increase in COVID-19 activity due to the Delta variant, and with positivity and hospital rates substantially increasing, the River to Sea TPO will continue to operate with caution, placing the health and safety of our staff, members, and the public at the center of all of our decisions.

At their August 4, 2021 meeting, the River to Sea TPO Executive Committee discussed the current situation and confirmed that it was in the best interests of the health of the members of our committees and the public to continue to meet in a hybrid format with a physical quorum required to be present during meetings and other members and guests encouraged to attend remotely using a video meeting platform (Microsoft Teams).

We are requesting that all individuals physically attending the TPO committee and board meetings wear masks per the Centers for Disease Control (CDC) guidelines ([Coronavirus Disease 2019 \(COVID-19\) | CDC](#)). We also request that all attendees remain socially-distanced when possible.

Thank you for your cooperation and continued support. If you have any questions or concerns, please do not hesitate to contact us.
