INTRODUCTION AND OVERVIEW

INTRODUCTION

The River to Sea Transportation Planning Organization (R2CTPO) is the designated agency responsible for transportation planning and programming of federal transportation funds across the identified Palm Coast – Daytona Beach – Port Orange Urbanized Area and the Deltona Urbanized Area. Formed in 1975, and originally serving the east side of Volusia County, the organization has grown over the past thirty-eight years both in area covered and board size. The R2CTPO now covers all of Volusia County and the urban areas of Flagler County including the cities of Beverly Beach, Flagler Beach, Palm Coast and Bunnell. Figure 1 on page 2 shows the extent of the TPO's metropolitan planning area. The R2CTPO currently operates under signed joint participation and interlocal agreements executed in August 2014.

The Unified Planning Work Program (UPWP) identifies and outlines the program tasks to be undertaken by the River to Sea TPO for a two-year period. This particular UPWP will cover fiscal years (FYs) 2018/19 and 2019/20 beginning on July 1, 2018 and ending on June 30, 2020.

The UPWP also identifies the funding types and amounts for each program task. The R2CTPO staff has worked to provide reliable estimates of the costs associated with each of the specific task items and how that funding will be expended. Readers will note that the UPWP provides information not only on what the R2CTPO intends to accomplish for the next two years, but also how and in what way other agencies are involved. The tasks outlined in the UPWP exhibit the cooperative effort with which the R2CTPO pursues the areas of interest to the R2CTPO Board and member governments.

The funding identified within this document is provided by the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), the Florida Department of Transportation (FDOT), and the Commission for the Transportation Disadvantaged (CTD) of the State of Florida. It also includes local funds which are generated by a local assessment of all member local governments. The required local match of certain federal and state funds is provided by the participating local governments through cash and in-kind technical support of the metropolitan transportation planning process. This includes the local match provided by Votran, Volusia County's public transit service and by Flagler County Public Transportation (FCPT) for the grants awarded by the Federal Transit Administration (FTA).

Comprehensive Planning Activities & Planning Priorities

In accordance with the requirements of CFR 23, §450.308 (c), several planning priorities for the R2CTPO have been identified for discussion. These priorities exist in short, intermediate, and long-range time frames, depending upon the planning activity.

The Moving Ahead for Progress in the 21st Century (MAP-21) and Fixing Americas Surface Transportation (FAST) Act prescribe that FHWA establish certain performance measures for state departments of transportation and MPOs to use to assess the performance of the transportation system for the purpose of advancing the objectives of the federal transportation program. Required performance measures have received final approval as well as target setting and reporting for Safety, Planning Requirements, System Performance, Bridge Conditions and Pavement Measures.

The River to Sea TPO established safety performance targets for the number of fatalities, rate of fatalities, number of serious injuries, rate of serious injuries and number of non-motorized fatalities and non-motorized serious injuries. The TPO adopted a two percent (2%) annual reduction in the number of fatalities, rate of fatalities, number of serious injuries, rate of serious injuries and number of non-motorized fatalities and non-motorized serious injuries. During this UPWP period, the R2CTPO will continue to establish targets, implement data collection and reporting of Transportation Performance Measures (TPM) and integrate TPM into planning efforts and as required.

Consistent with MAP-21 and the FAST Act, efforts to improve transportation safety continue to be a priority of the R2CTPO. In FY 2005/06, the TPO was awarded an FDOT Safety Grant to conduct bicycle/pedestrian school safety studies at ten elementary school sites. The goal of these studies was to create safe, connected, and well maintained bicycle and pedestrian facilities to encourage students to walk or ride their bikes to school. Building on this effort, the study was extended and by the end of summer 2011, all elementary and middle schools throughout Volusia County were analyzed and implementation reports developed for each school. As the TPO planning area expanded, the organization added school safety reviews for elementary and middle schools in Flagler County, completing review of an additional 7 schools in June 2017.

Safety studies also have also been the focus of corridor studies completed on US-1, US 17/92 and SR A1A throughout the entirety of the planning area as well as a safety study of the top crash locations and crash types throughout the planning area. The results of these study efforts include improved communication and coordination of safety improvements, as well as recommended countermeasures to improve the safety of our transportation system.

Another tool that continues to play an increasing role in Transportation System Maintenance and Operations (TSM&O) is the deployment of advanced technologies. The R2CTPO is currently undertaking a comprehensive TSM&O masterplan to identify opportunities to deploy technology infrastructure. In addition, the TPO will initiate an automated and connected vehicles study to explore how these technologies will impact the future of transportation within the planning area and region. Advancements in transportation technology will factor greatly into the development of the 2045 Long Range Transportation Plan (LRTP), which will be pursued during this planning period. Planning and public outreach activities associated with the development of the LRTP are expected to play a dominant role for the TPO in FY 2018/19 and 2019/20.

Federal Metropolitan Planning Funds and Soft Match

Federal funds authorized by Title 23 U.S.C. generally require a non-federal match at the ratio of 80 (federal) to 20 (local). However, this is subject to a sliding scale adjustment, which is a 1.93% additive for Florida, for a total federal share of 81.93%. Section 120 of Title 23, U.S.C., permits a state to use certain toll revenue expenditures as a credit toward the non-federal matching share of all programs authorized by Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is in essence a "soft-match" provision that allows the federal share to be increased up to 100% to the extent credits are available. This soft match is not required to be programmed. It will not be shown in the budget tables throughout this UPWP; however, it should be known that the "soft match" amounts shown below are being utilized to match the FHWA funding in this UPWP:

	FY 2018/19	FY 2020/21	Total
Soft Match - PL funds	\$188,003	\$154,057	\$342,060
Soft Match -SU funds	\$70,020	\$44,111	\$114,131
Soft Match - All FHWA funds	\$258,023	\$198,168	\$456,191

Soft match for the FHWA funds equates to 18.07%.

Public Participation in the Development of the UPWP

Recognizing the importance of public participation in the transportation planning process that is both meaningful and inclusive, the R2CTPO strives to engage citizens, affected public agencies, public and private transit services providers, public transit users, freight shippers, pedestrians, bicyclists, representatives of the disabled community, and other interested parties in all of our planning activities, including the development and review of the UPWP. The TPO's Public Participation Plan sets out strategies developed by the agency to ensure that public participation activities will meet or exceed the requirements outlined in the applicable federal and state guidelines. The general strategies for engaging the public in the development of this UPWP are as follows:

TCC, CAC, and BPAC members are appointed to the UPWP Subcommittee, which develops the initial list of tasks for the draft document. The timing for developing the UPWP is coordinated with the annual TPO Board Retreat so that board members are informed of projects being considered and have an opportunity to provide direction regarding the tasks being recommended. Once a draft UPWP is developed, it is made available to the public for review and comment throughout a formal review period and during the regular meetings of the TCC, CAC, and BPAC. At a minimum, the draft UPWP is presented to the TCC, CAC, BPAC, and TPO Board for review one month prior to adoption. The R2CTPO uses its own website, social media, and other electronic means, as well as traditional print media, to announce the availability of the draft UPWP for review and comment.

The Unified Planning Work Program complies with the public involvement provisions of Title VI, which states: "no person in the United States shall, on the grounds of race, color, or national origin, be excluded from

participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.” Any person who feels that he/she has been subjected to race, color or national origin discrimination under Title VI of the Civil Rights Act of 1964, or other forms of discrimination based upon sex, age, disability, religion, family or income status discrimination under related nondiscrimination laws and regulations, may file a complaint with the River to Sea TPO. For more information on the River to Sea TPO's Civil Rights program and the procedures to file a complaint, contact Ms. Pamela Blankenship, Title VI Coordinator, at 386-226-0422 ext. 20416 or email pblankenship@r2ctpo.org. If a complainant is unable or unwilling to complain to the River to Sea TPO, or if the complainant is dissatisfied with the River to Sea TPO's handling of a complaint, the complainant may file a complaint directly with the Florida Department of Transportation and/or the US Department of Justice:

Federal Planning Factors

The R2CTPO is committed to encouraging and promoting the safe and efficient management, operation, and development of surface transportation systems that will serve the mobility needs of people and freight and fostering economic growth and development within, and between, states and urbanized areas, while minimizing transportation-related fuel consumption and air pollution through metropolitan and statewide transportation planning processes as defined in Title 23, §134 and 135 and Title 49, §5303, United States Code. Through a continuing, cooperative, and comprehensive metropolitan planning process, the TPO continues to address the core planning factors prescribed in Title 23, §134 (h) and Title 49, 5303 (h), USC. These planning factors are more fully addressed in the next section of this document.

This introductory section provided basic information on the goals of the R2CTPO, the organization, and the management and planning priorities of the R2CTPO. The subsequent pages contain the “Certification of Restrictions on Lobbying” (as required by federal and state law), and a section describing the layout of the tasks.

PLANNING EMPHASIS AREAS

The Florida Department of Transportation Office of Policy Planning develops Planning Emphasis Areas on a two-year cycle in coordination with the development of Metropolitan Planning Organizations’ respective unified planning work programs. Emphasis areas set planning priorities, support the Florida Transportation Plan, and give importance to topic areas which MPOs are encouraged to address as they develop their planning programs. The following emphasis areas have been identified and addressed as part of the planning activities outlined in this UPWP.

Rural Transportation Planning

MAP-21 defined the structure and responsibilities of designated regional transportation planning organizations in federal regulations and Florida Statutes include several provisions that require coordination with local governments including those in rural areas. In previous UPWPs as well as in this current document, the R2CTPO outlines efforts to plan and coordinate with rural governmental entities both within the planning area and with those areas outside of the current boundaries that are impacted by transportation movements between regions.

Transportation Performance Measures

FHWA finalized six interrelated performance rules to implement the transportation performance measures framework established by MAP-21 and the FAST Act. Collectively, the rules address challenges facing the transportation system, including: improving safety, maintaining the condition of the infrastructure, reducing traffic congestions, improving the efficiency of the system and freight movement, protecting the environment, and reducing delays in project delivery. The rules established national performance measures. As stated previously in the introduction, the R2CTPO fully embraces the requirements for establishing performance based planning and has structured this UPWP to include all efforts necessary to satisfy the federal requirements.

ACES (Automated/Connected/Electric/Shared-use) Vehicles

According to the Federal Highway Administration, “Transportation is in the midst of disruptive change from new technologies (automated and connected vehicles); new institutions (shared mobility firms); and changing attitudes (reduced car ownership). Across the nation, transportation planners are under pressure to develop performance-oriented policies, plans, and investment decisions that consider an increasingly complex transportation landscape.” Although significant unknowns exist, planners need to consider the potential impact of transformational Connected Vehicle (CV) and Automated Vehicle (AV) technologies on safety, vehicle ownership, road capacity, Vehicle Miles Traveled (VMT), land-use, roadway design, future investment demands, and economic development, among others. In addition to participation in state-wide and regional studies, this UPWP includes specific activities to assess the impacts of these emerging technologies.

ORGANIZATON AND MANAGEMENT

The business of the R2CTPO is conducted through regularly scheduled meetings of the R2CTPO Board and its three advisory committees: the Technical Coordinating Committee (TCC), the Citizens’ Advisory Committee (CAC), and the Bicycle/Pedestrian Advisory Committee (BPAC).

The voting members of the R2CTPO Board include elected officials representing Volusia and Flagler counties, the 16 cities in Volusia County, and four cities in Flagler County. Non-voting members include representatives of the Florida DOT District 5, the Volusia and Flagler County school boards, the R2CTPO’s Technical Coordinating Committee, Citizens’ Advisory Committee and Bicycle/Pedestrian Advisory

Committee. The R2CTPO Board is the primary agency responsible for setting transportation planning policies within the River to Sea TPO's Metropolitan Planning Area.

The Transportation Disadvantaged Local Coordinating Board (TDLCB) is comprised of professionals and citizens responsible for making recommendations to the Commission for the Transportation Disadvantaged (CTD) in Tallahassee on issues, plans, and programs related to the transportation-disadvantaged population in Volusia County. The TDLCB is not an advisory committee to the TPO; but the two entities do have a close working relationship. Under Chapter 427, Florida Statutes, the TPO is responsible for providing the TDLCB with sufficient staff support and resources to enable it to fulfill its responsibilities. This support is provided by the R2CTPO Transit Planner.

The R2CTPO Board and each of the advisory committees are guided by a set of bylaws¹, which identify regular meeting dates, membership makeup, and responsibilities. The board adopted its current bylaws on June 25, 2014. The TDLCB adopts an independent set of bylaws, which were most recently approved on July 12, 2017.

Public input is solicited through public workshops, public hearings, and other means in a process that is formally defined by the R2CTPO's adopted Public Participation Plan (PPP). The R2CTPO's Public Participation Plan is reviewed annually and updated as needed to ensure that the process contributes to maximizing public involvement in the metropolitan transportation planning process. The current Public Participation Plan was adopted on May 28, 2014 and modified on November 23, 2016. It will be undergoing an update in the winter of 2019.

As part of the TPO's efforts to provide timely and engaging information to the public, the TPO revised the format of its website in 2016. The website provides a link to the TPO's web-based, interactive Transportation Improvement Program (TIP) that was first deployed in 2006. This interactive TIP continues to provide useful information pertaining to projects in the TPO's planning area, and is accessible any time, in a user-friendly format. In addition, the TPO has created a dataset of studies and reports (under the "planning & studies" page) that can be downloaded. The dataset includes studies and reports funded through the TPO as well as transportation-related studies and reports produced by member local governments and the Florida Department of Transportation. The TPO's website, in combination and coordination with the TPO's Facebook page, also provides the public with information on meeting dates and times, agenda packets for scheduled meetings, and other transportation-related news and information.

Planning and Funding Agreements

On July 1, 2016, the TPO began operating under a single Transportation Planning Funds Joint Participation Agreement (JPA) between the TPO and FDOT. This agreement is the means by which FDOT passes federal funds through to the TPO as reimbursement for the TPO's expenditures on transportation planning activities set forth in its Unified Planning Work Program (UPWP). It prescribes planning and administrative requirements placed on the TPO as a condition for receipt of planning funds. This new JPA replaces the several JPAs under which the TPO previously operated. It is a two-year agreement with

¹ The bylaws are available on the R2CTPO's website at <https://www.r2ctpo.org/board-committees/tpo-board/>

a term that aligns with the two-year cycle of the UPWP. The UPWP will serve as the scope of services for this new agreement.

The R2CTPO previously operated under separate JPAs for FHWA Section 112 PL and SU funds and FTA Section 5305(d) funds. These JPAs, listed below, were terminated upon execution of the new full funding JPA.

Description	Financial Project No.	Contract No.	Federal No.
JPA for FHWA PL and SU funds	417962-1-14	A-5067	0260 049 M
JPA for FTA 5305 (d) funds	422431-1-14	A-Q175	FL-80-X021

An interlocal agreement between FDOT and the cities and counties within the River to Sea TPO's metropolitan planning area establishes the makeup of the TPO and explains the various responsibilities for the organization and its members. It provides for communication and cooperation with local airport and port authorities and with public transportation providers. This agreement was most recently updated in August 2014 for the purpose of reapportioning the membership of the board to accommodate three new participants – Flagler County and the cities of Palm Coast and Bunnell – and creating a new voting structure. The R2CTPO's voting structure is based on a weighted vote methodology.

Also in August 2014, the TPO, Florida DOT, East Central Florida Regional Planning Council, Northeast Florida Regional Planning Council, Volusia County (representing the Daytona Beach International Airport, Volusia County's Public Transit System, and the Ponce de Leon Inlet and Port District), Flagler County (representing the Flagler County Airport and Public Transit System), and the cities of New Smyrna Beach, DeLand, and Ormond Beach (each representing municipal airports) executed the Intergovernmental Coordination and Review (ICAR) document. This document updates the interlocal agreement with the local airports, Votran, the Florida DOT, and the East Central Florida Regional Planning Council and includes a section dealing with conflict resolution.

The R2CTPO Board

Currently, there are 19 voting seats on the R2CTPO Board. Volusia and Flagler counties, the sixteen (16) municipalities in Volusia County and four (4) municipalities in Flagler County fill these seats as follows. Five (5) seats are filled by members of the Volusia County Council and one seat is filled by a member of the Flagler County Commission. These six seats are “weighted” to represent 33.33% of the total vote of the full board. The twelve largest cities fill one seat each. The remaining eight small cities comprise the Small City Alliance and determine among themselves how the one remaining seat will be represented. The 13 seats held by the cities represent 66.67% of the total weighted vote. Additionally, the R2CTPO has five non-voting members: a representative of the Volusia County School Board, a representative of the Flagler County School Board, the Chairperson of the Citizens' Advisory Committee, the Chairperson of Technical

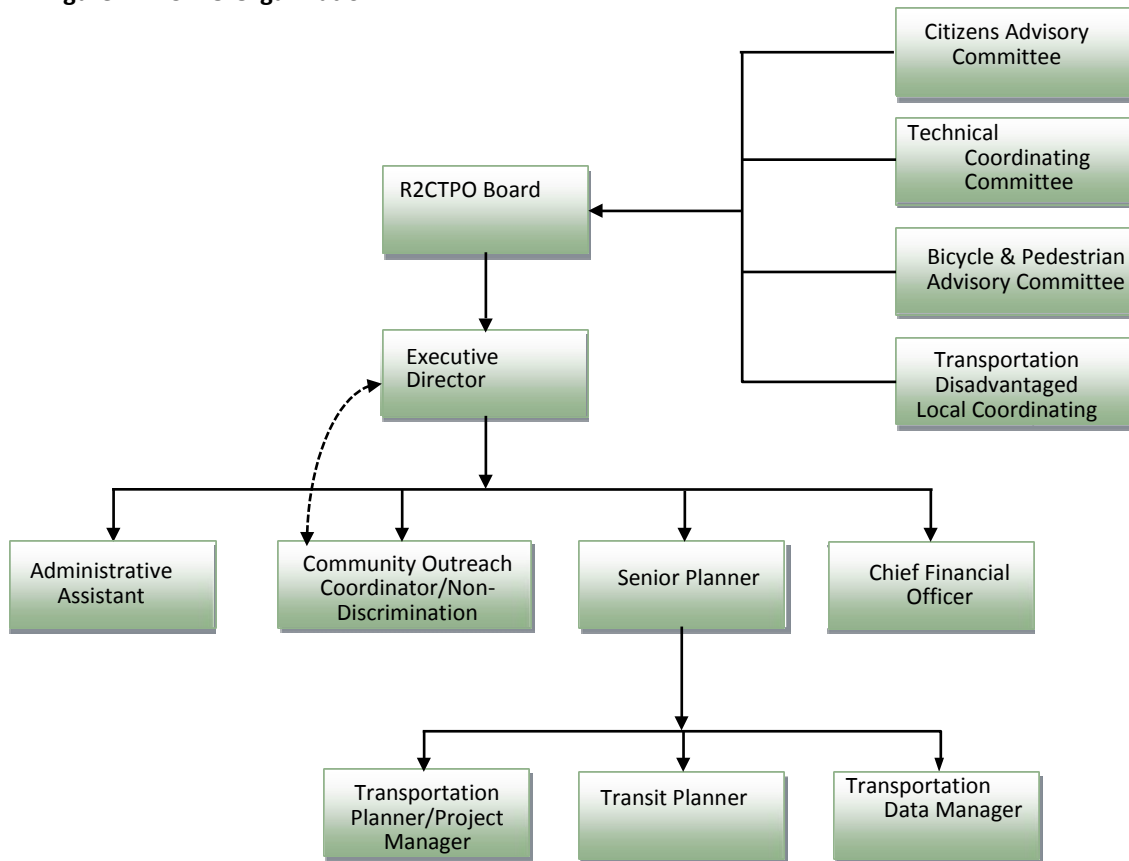

Coordinating Committee, and the Chairperson of the Bicycle/Pedestrian Advisory Committee. The Secretary of FDOT District Five (or designee) serves as a non-voting advisor.

R2CTPO Staff

The staffs of the R2CTPO and the Florida Department of Transportation (FDOT) conduct the work efforts required to support the transportation planning process. The R2CTPO has a complement of eight full-time professional staff (see Figure 2, below). The Executive Director oversees the operation of the organization and its personnel and appraises the board on the status of the activities of the organization. Three members of the staff deal primarily with administrative functions – the Community Outreach Coordinator, the Chief Financial Officer, and the Administrative Assistant. Four professional planners are responsible for administering a broad range of transportation-related programs and projects, providing technical and policy analysis, managing consultant contracts, and coordinating with technical and administrative staff of the TPO's member organizations, FDOT, adjacent MPOs/TPOs and counties, public transit agencies, and other organizations. The Transit Planner serves as a liaison to Votran and Flagler County Transportation and supports the TDLCB. The Transportation Planner-Project Manager is responsible for long-range planning, providing support to the BPAC, tracking projects, and various other planning activities. The Transportation Data Manager is responsible for managing the collection and analysis of transportation data, performance measures and providing Geographic Information System (GIS) support. Finally, the Senior Transportation Planner is responsible for the day-to-day oversight of R2CTPO projects, maintaining the Transportation Improvement Program (TIP) and the Unified Planning Work Program (UPWP), and administering portions of the TPO's Priority Project Process.

FDOT provides one full time professional liaison to assist the R2CTPO, its staff and the local governments with the federal and state funding process. In addition, other representatives from FDOT provide assistance and information as requested. The FDOT staff generally provides information regarding the status of projects and funding issues. Additionally, FDOT has been very proactive in providing other types of technical assistance.

Figure 2 R2CTPO Organization

The Central Florida MPO Alliance

The R2CTPO is a founding member of the Central Florida MPO Alliance (CFMPOA). The CFMPOA was created to identify regional opportunities and to provide a forum for resolving regional transportation issues. In FY 2002/03, the Central Florida MPO Alliance extended an invitation to the Polk Transportation Planning Organization to join the Alliance. This action was formalized in May 2003 at the regularly scheduled meeting of the Alliance. The membership was again expanded in 2004 with the addition of the Ocala/Marion TPO.

In 2003, the Central Florida MPO Alliance adopted a Regional Long Range Transportation Plan. The plan was updated in 2007. This plan is a composite of the “significant”² transportation projects in the CFMPOA area.

In the fall of 2005, in response to the “first” Senate Bill 360 – the Growth Management Bill – the Central Florida MPO Alliance updated its plan to identify those projects that would be deemed eligible for Transportation Regional Incentive Program (TRIP) funds through an interlocal agreement. This interlocal agreement was executed by all members of the CFMPOA on October 16, 2005. In addition to this agreement, the TPO entered into a similar agreement with the Flagler County Commission to identify roadway projects of mutual interest to both counties that were eligible for TRIP funds.

² “Significant” is defined as “involving or affecting more than one county.”

PREVIOUS PLANNING EFFORTS/INITIATIVES

Over the past two years, the R2CTPO has continued efforts to increase inter-agency cooperation and improve the effectiveness of the organization in meeting the community's transportation needs. These efforts have included:

- updating the Congestion Management Process (CMP) and Performance Measures Report;
- completing Phase 1 and 2 of the TSM&O Master Plan for the planning area;
- conducting an annual “Call for Projects” to identify and prioritize transportation improvement projects;
- adopting the FY 2017/18 – 2020/21 Transportation Improvement Program (TIP);
- adopting the 2017 List of Priority Projects;
- reaffirmed the policy for establishing and maintaining transportation priority projects;
- adopting safety performance measure targets for the 2018 calendar year;
- providing planning assistance to the smaller local communities to assist them in gaining access to federal transportation funds;
- working with local governments to develop one consistent methodology for assessing transportation impact analysis of new development;
- working with Votran in undertaking a study of alternative funding sources for transit operations;
- assisting Votran with updating its Transportation Development Plan and Transportation Disadvantaged Service Plan;
- adopting an Accessible Pedestrian Signal (APS) Action Plan to implement ADA compliance in local development;
- adopting a Volusia County Bus Stop Improvement Plan (Phase I);
- adopting a Flagler County Fixed Route Bus Service Transit Operation Plan (Implementation Plan);
- participating in and supporting efforts to promote commuter rail transit through the Central Florida Commuter Rail Initiative and stakeholders meetings;
- reaffirming the provision of state funding as established in the financial element of the 2040 L RTP for local initiatives projects and support for the East International Speedway Boulevard (ISB) Corridor Improvement Project;
- participating in and supporting the CFMPOA's efforts to develop the List of Legislative Priorities and Regional List of Project Priorities;
- completing numerous feasibility studies resulting in the programming and implementation of high priority traffic operations, ITS, safety, bicycling and pedestrian projects;
- participating in and supporting the East and West Volusia and Flagler County Community Traffic Safety Teams;
- supporting efforts by the Florida Department of Transportation (FDOT) to preserve and maintain SR A1A from damage by Hurricane Matthew;

- recognizing pedestrian safety as a high priority for the planning area and supporting continued funding of programs and partnerships that raise awareness of safety issues associated with pedestrian injuries and fatalities
- conducting the 2016 Tell the TPO Survey Campaign which garnered more than 1260 responses;
- adopting the Title VI Policy Statement and Complaint Procedures;
- adopting the Limited English Proficiency (LEP) Access Plan;
- participating in community safety programs including bike helmet fittings/giveaways, bike rodeos, and International Walk to School Day events;
- adopting the 2017 Crash Analysis Report;
- adopting the Resilient Volusia County Report and supporting efforts to build resiliency against the impacts of coastal flooding, storm surge and sea level rise;
- adopting the Flagler County Bicycle & Pedestrian School Safety Review Studies;
- adopting a Bicycle Helmet Fitting Policy and recognizing bicycle safety as a high priority for the planning area and supporting continued funding of programs and partnerships that raise awareness of safety issues associated with bicycle injuries and fatalities;
- supporting updates to the Florida Greenways and Trails System (FGTS) Plan and the Opportunity and Priority Maps;
- updating and distributing the Volusia County Bicycling Map for the Experienced Cyclist; and
- adopting the 2018 Bicycle and Pedestrian Master Plan.

UPWP PROGRAM AND FORMAT

The R2CTPO's FY 2018/19 and FY 2019/20 UPWP, covering the two fiscal years from July 1, 2018 to June 30, 2020, was developed by the R2CTPO staff in cooperation with the FDOT and members of the R2CTPO's Board, TCC, CAC, BPAC, and TDLCB.

This section of the UPWP documents each specific task to be undertaken during the two years covered by this document, including the purpose of the task, previous work accomplished, proposed methodology, responsible agencies, cost estimates and proposed funding sources.

The UPWP is broken down into six major categories which have been subdivided into individual tasks. A final section contains the summary budget tables including estimated revenues and proposed expenditures for each task by participating agencies and funding sources.

The six major categories of the UPWP are briefly described as follows:

- 1.0 **Administration and Program Support:** This section is composed of those tasks necessary to manage and support both the planning staff and the planning process. They include staff management, financial management and payroll activities, capital equipment purchases and replacements, technical support from FDOT, partnering activities among all of the agencies involved in the MPO process and printing and copy costs. The R2CTPO staff provides support to over 90 meetings each year. In addition, the R2CTPO staff works closely with the R2CTPO Board in developing an annual operating budget. An additional task has been added to this

section, which addresses an annual goal setting session for the R2CTPO Board and to accommodate staff development. Tasks in this category include:

Task 1.01 – General Administration and Program Support

Task 1.02 – Information Technology Systems and Website Support

Task 1.03 – Public Involvement

2.0 *Planning Projects and Programs* – This section combines transportation-related activities and planning initiatives from previous UPWPs into one section. These tasks range from general planning studies to transportation data information management to beginning the process for development of the next update to the Long Range Transportation Plan. The following are the specific tasks identified in this section:

Task 2.01 – Program Development (UPWP)

Task 2.02 – Transportation Improvement Program (TIP) Development

Task 2.03 – Transportation Data Information Management

Task 2.04 – Corridor Studies & Project Support

Task 2.05 – State and Regional Planning and Coordination

Task 2.06 – ITS/Traffic Operations/Safety Project Feasibility Studies

Task 2.07 – Community Transportation Survey

Task 2.08 – General Planning Studies and Initiatives Incorporates Emphasis Areas for Autonomous Vehicle Planning and for Rural Planning

Task 2.09 – 2045 Long Range Transportation Plan

Task 2.10 – Community Safety-Related Program

3.0 *Bicycle and Pedestrian Safety Programs*: The River to Sea TPO has a long history of promoting alternate modes of transportation such as bicycling and walking as well as promoting and educating the public on safety issues associated with these modes. This section identifies those tasks to be undertaken by the TPO staff in coordination with member local governments to promote these activities. The specific tasks are as follows:

Task 3.01 – Bicycle/Pedestrian Planning & Implementation

Task 3.02 – Bicycle/Pedestrian Project Feasibility Studies

4.0 *Transit and Transportation Disadvantaged Programs*: This section includes elements which provide for coordination with local governments for transit-friendly development and an assessment of current transportation options for the elderly and recommendations for improvements. Tasks in this category include:

Task 4.01 – Transit-Related Activities and TD Program

Task 4.02 – Transit Planning Services – General Consulting

Every task sheet follows a consistent format as follows: The top line identifies the task number and title in large bold type. A list of the agencies responsible for implementation follows immediately below. Next, a

table of information identifies the anticipated funding sources and amounts for each of the two years covered by the UPWP. An allocation of costs by agency and/or consultant is aligned immediately below the funding information. For the R2CTPO, cost is further broken down into salary, fringe, indirect and direct costs. The next block of information is divided into four subsections including: the objectives of the task, previous work related to the task, methodology in performing the task, and the end products of the task.

PLANNING STUDIES IN MPO AREAS:

MPOs in TMAs are required to include a cost estimate for transportation planning, research, development, and technology transfer related activities funded with local, state, or federal funds other than those authorized under Title 23. [23 C.F.R. 420.111(e)]. The information can be added as an information item.

Below planning study is conducted by Votran.

Name and Study Description	Lead Agency	Fiscal Year	Cost	Source of Funds
Votran will use funding from Section 5307 FTA projects to conduct assessments of transit operations in Volusia County, among them: the Transit Development Plan (TDP) and Transportation Disadvantaged Service Plan.	Votran	Ongoing throughout the UPWP period.	\$350,000	FTA Section 5307

FEDERAL PLANNING FACTORS

Section 134 (h), of Title 23, United States Code, details planning factors which should be emphasized by MPOs as they develop their unified planning work programs. These planning factors are:

1. In general. The metropolitan planning process for a metropolitan planning area under this section shall provide for consideration of projects and strategies that will:
 - (a) support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
 - (b) increase the safety of the transportation system for motorized and non-motorized users;
 - (c) increase the security of the transportation system for motorized and non-motorized users;
 - (d) increase the accessibility and mobility of people and for freight;
 - (e) protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
 - (f) enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
 - (g) promote efficient system management and operation;
 - (h) emphasize the preservation of the existing transportation system;
 - (i) improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
 - (j) enhance travel and tourism.

Each task included in this UPWP addresses one or more of these ten planning factors and supports the goals and objectives of the River to Sea Transportation Planning Organization's 2040 Long Range Transportation Plan.

TASK 1.02 - Information Technology Systems and Website Support

Responsible Agency - River to Sea TPO

Total Cost - \$87,504

PURPOSE

- ♦ Efficient and productive organizations require the provision of information technology support and equipment. This task is intended to outline the activities that provide website hosting and maintenance, hardware and software acquisition and maintenance, support services, and other efforts to improve internal and external data sharing capabilities as needed to maximize office productivity and improve functioning of the organization.

PREVIOUS WORK

- ♦ Completed a restructuring and re-design of the TPO website. Completed June 2016.
- ♦ Maintenance of the TPO's website and interactive components of the TIP. Ongoing.
- ♦ Implementation of online surveys and provision of external links to industry resources.
- ♦ Ongoing maintenance and enhancements to the TPO's website.
- ♦ Contract with Professional IT service to maintain and update the TPO network. Date issued - July 2014.
- ♦ Ensure off-site storage and nightly backups to insure protection of all data.
- ♦ Attended training opportunities to maintain basic support:
 - Webinar how to protect IT network - January 2017
 - Florida League Risk Management workshop - April 2017
 - Consult with IT to review IT services and health of network - September 2017
- ♦ Maintained a capital expenditures program and purchased new hardware and software systems including upgraded system capacity, system printers and projection equipment.
- ♦ Purchased replacement server and migration to Office 365. Completed March 2018.
- ♦ Provided support for the development of the 2040 LRTP web page that links to the LRTP host site and provided detail on the Long Range Transportation Plan activities.

REQUIRED ACTIVITIES

- ♦ Maximize office productivity by providing technology resources.
- ♦ Provide technical support for the utilization of social media, TPO website and the Internet to provide planning information using innovative and advanced applications.
- ♦ Purchase replacement computers for staff as existing systems become outdated at highest level of technology available within budgetary constraints.
- ♦ Annually assess the TPO's computer needs (hardware and software) and other related items as required to support the management information system and staff needs.
- ♦ Maintain accurate inventory of all capital equipment and budget annually for required replacements.
- ♦ Utilize in-house support to troubleshoot and maintain IT and minimize program expenditures and contract with information technology specialists as needed to support the efficient maintenance of the IT system.

END PRODUCTS

- ♦ An efficient website that utilizes current design features to provide public access to information and data. Timeline/anticipated completion date: Ongoing.
- ♦ Updated computer systems and software. Timeline/anticipated completion date: Ongoing.
- ♦ A computer support system that is current, functioning, and efficient. Timeline/anticipated completion date: Ongoing.
- ♦ IT services agreement. Timeline/anticipated completion date: June 2019.

Section 2 Planning Projects and Programs

TASK 2.01 - Program Development (UPWP)

Responsible Agency - River to Sea TPO

Total Cost - \$69,488

PURPOSE

- This task supports the development, maintenance and monitoring of the River to Sea TPO Unified Planning Work Program (UPWP) which outlines the planning activities needed to satisfy state and federal planning requirements. The UPWP ensures that the planning programs and projects advanced by the TPO address all federal planning factors and emphasis areas, allocates planning funds to tasks that support the planning needs and priorities of the planning area, and ensures efficient and effective utilization of planning resources.

PREVIOUS WORK

- Coordination of subcommittee activities and timely development of the FY 2016/17 and FY 2017/18 UPWP. Completed April 2016.
- Implementation of planning activities and completion of project deliverables as specified. Ongoing.
- Timely processing of UPWP amendments. Completed as required.
- Ongoing review of planning activities and financial resources to ensure adherence to budgets and schedules. Ongoing.
- Processing of de-obligation requests as needed. Completed: February 2015 and 2017.
- Coordination of subcommittee activities and timely development of the FY 2018/19 and FY 2019/20 UPWP. Completed April 2018.
- Successful completion of the annual state certification and a federal certification. Completed the state certification in 2016 and 2017 and a federal certification in 2015.

REQUIRED ACTIVITIES

- Establish project schedules and procedures for the development of the UPWP.
- Utilize TPO subcommittees, standing committees, the board, public, and special interest groups to develop the UPWP.
- Develop the UPWP in an approved and prescribed manner pursuant to existing FHWA, FTA, and FDOT regulations.
- Prepare and process amendments and complete updates to the UPWP as needed to reflect current finances and planning efforts.
- Communicate routinely with FDOT, FTA, and FHWA.
- Develop the new FY 2020/21 and FY 2021/22 Unified Planning Work Program (UPWP), a two-year work program.
- Monitor the UPWP financial estimates and deliverables to ensure the work program is implemented on schedule and within budget.

END PRODUCTS

- Maintenance of the current FY 2018/19 and FY 2019/20 UPWP that is compliant with Title 23 and Title 49, U.S.C. as amended by the Fix America's Surface Transportation (FAST) Act. Timeline/anticipated completion date: Ongoing; amended as needed.
- Accurate and completed FY 2020/21 and FY 2021/22 Unified Planning Work Program (UPWP). Timeline/anticipated completion date: Adoption in April 2020.
- Timely completion of deliverables outlined within the UPWP. Timeline/anticipated completion date: Ongoing.

- ♦ Provided ongoing maintenance of the online, interactive Transportation Improvement Program website and coordination with consultants. Recurring Annually.
- ♦ Development, maintenance and refinement of an updated website and web-based, interactive TIP. Ongoing.
- ♦ Developed and adopted the FY 2018/19 – FY 2022/23 TIP. Timeline/anticipated completion date: June 2018.

REQUIRED ACTIVITIES

- ♦ Conduct an annual "Call for Projects" to identify high-priority transportation improvement projects needed to develop the List of Priority Projects (LOPP).
- ♦ Revise the Lists of Priority Projects as needed to reflect the advancement of projects through completion of each phase, changing project costs and funding levels, modification of scopes, etc.
- ♦ Work with FDOT, TPO committee members and transit agencies to annually develop a TIP incorporating relevant projects from FDOT's Tentative Work Program and city/county capital improvement plans.
- ♦ Utilize River to Sea TPO subcommittees, standing committees and board to review and approve the TIP updates and process all amendments and complete updates to documents in a timely manner.
- ♦ Develop the above referenced documents in an approved and prescribed manner pursuant to applicable FHWA, FTA, and FDOT regulations with input from FDOT, the CAC, TCC, BPAC, TPO Board, local public transit agencies, the public, and special interest groups.
- ♦ Participate in the TIP Users' Group and state-wide and/or district-wide meetings regarding TIP requirements.
- ♦ Provide adequate public notice of the development of the TIP and all amendments, and ensure public access to the adopted TIP.

END PRODUCTS

- ♦ An adopted TIP covering the five-year period of FY 2019/20 – FY 2023/24. Timeline/anticipated completion date: June 2019.
- ♦ An adopted TIP covering the five-year period of FY 2020/21 – FY 2024/25. Timeline/anticipated completion date: June 2020.
- ♦ TIPs that are compliant with Title 23 and Title 49, U.S.C. as amended by FAST Act, and with state requirements. Timeline/anticipated completion date: Ongoing.
- ♦ An accurate and up-to-date TIP that is readily accessible and informative to the public. Timeline/anticipated completion date: Ongoing.
- ♦ Updated policy guidance and project applications that support the development and programming of transportation projects and priorities of the R2CTPO. Timeline/anticipated completion date: November 2018 and 2019.
- ♦ Annual adoption of the Lists of Priority Projects (LOPP), for submission to FDOT for use in building the tentative work program. Timeline/anticipated completion date: Annual (June 2019/June 2020).

TASK 2.05 - State and Regional Planning and Coordination

Responsible Agency - River to Sea TPO

Total Cost - \$69,802

PURPOSE

- ♦ This task supports planning efforts between agencies and organizations on a regional, state-wide and national level. Planning efforts include those within the transportation industry and inter-agency coordination (i.e. with healthcare organizations or economic development agencies). This task ensures compliance with planning requirements under Title 23 and Title 49, U.S.C., as amended by MAP-21 and the FAST Act. Activities include providing support for regional study efforts, communication with agencies outside the MPA, coordination and participation in regional alliances and industry associations. These activities improve the exchange of information between MPOs, RPCs, FHWA, FTA, FDOT and others, leading to improved outcomes.

PREVIOUS WORK

- ♦ Participation in the Regional Freight Study (2013), in the Understanding the Values and Priorities of Central Floridians Survey (2014), in the Regional Transit Study (2018), and in the Regional Truck Stop Study (2018).
- ♦ Development of CFMPOA list of Legislative Priorities (October 2016 and October 2017), a Regional List of Project Priorities (July 2016 & July 2017), and a Regional LRTP Summary Report (March 2018).
- ♦ Participation and attendance in FDOT-MPO Quarterly meetings, Regional Planning Council meetings and in the Central Florida MPO Alliance to address and promote issues of regional importance. Ongoing.
- ♦ Attendance at Florida Metropolitan Planning Partnership Meetings, LAP Community of Practice meetings, Floridians for Better Transportation meetings, Statewide Model Task Force and MPOAC meetings. Ongoing.
- ♦ Participated in the development of Future SIS Corridors, Florida Freight Mobility and Trade Plan, the Strategic Highway Safety Plan and other state-wide planning efforts. Ongoing.
- ♦ Support and communication with organizations at the state-level including MPOAC, FDOT Central Office, FHWA Florida Division, and FFTA. Ongoing.
- ♦ Monitoring, communication and support of various organizations at the national level including NARC, AMPO, and APTA, as well as FTA and FHWA to coordinate activities, respond to requests for information and to stay informed of current issues. Ongoing.

REQUIRED ACTIVITIES

- ♦ Participation in regional planning efforts undertaken by FDOT, the CFMPOA or other agencies.
- ♦ Respond to surveys and requests for information as received and appropriate.
- ♦ Attend and actively participate in regional and state-wide planning activities as scheduled.
- ♦ Work with appropriate local government and agency representatives to obtain funding for regional transportation projects as prioritized by the Central Florida MPO Alliance.
- ♦ Attend and provide support for quarterly meetings of the MPO Advisory Council and its subcommittees and other activities.
- ♦ Monitor activities and engage with nationally-based industry associations including APTA, NARC, AMPO and agencies such as FTA and FHWA.

END PRODUCTS

- ♦ Development of a Regional LOPP and Legislative Positions each year. Timeline/anticipated completion date: October 2018 and 2019.
- ♦ Participation in activities that support the regional activities of the Central Florida MPO Alliance, FDOT District 5 and the East Central Florida RPC. Timeline/anticipated completion date: Ongoing.
- ♦ Continued involvement in activities that support state-wide efforts of the Statewide Model Task Force, the LAP Community of Practice committee, the MPOAC, FDOT and FHWA Florida Division. Timeline/anticipated completion date: Ongoing.

TASK 2.06 - ITS/Traffic Operations/Safety Project Feasibility Studies

Responsible Agency - River to Sea TPO

Total Cost - \$228,986

PURPOSE

- The successful completion of a project depends upon sound planning and the development of reliable cost estimates. Under this task, TPO staff will work with project sponsors, transportation planning and engineering consultants and FDOT staff to conduct the project assessments needed to ensure that candidate projects for funding on the R2CTPO's List of Traffic Operations, Safety and Local Initiatives Priority Projects have an appropriate, reliable and cost-effective plan that supports programming and construction.

PREVIOUS WORK

- Completed Project Feasibility Studies for:
 - SR 421 at SR 5A Intersection Analysis. Completed March 2017
 - SR 421 at SR 483 Intersection Analysis. Completed March 2017
 - US 92 at Garfield Avenue Intersection Analysis. Completed April 2017
 - US 92 at US 17 Intersection Analysis. Completed April 2017
 - SR 44 & Mission Drive/Wallace Road/Canal Street Alternative Intersection Design. Completed December 2017
- Completed Request for Proposal (RFP) Process to select consulting firms for Traffic Operations/ITS/Safety Feasibility Study Continuing Services Contract. Completed March 2018.

REQUIRED ACTIVITIES

- Assess traffic operations, safety, and local initiatives (traffic operations focused) projects to ensure that they are necessary, cost-effective and appropriately prioritized relative to other candidate projects.
- Engage project sponsors and stakeholders in the development of consultant task orders for each planning-level feasibility study to be performed, ensuring that studies will fully address the issues that have been identified and will assess all reasonable alternatives.
- Manage consultants in strict accordance with contracts, and ensure that work performed under contract fully satisfies task orders.
- Utilize professional planning and engineering consultants to perform thorough, comprehensive planning-level feasibility studies on candidate projects submitted to the TPO for funding on the Tier C List of Priority Traffic Operations, Safety and Local Initiatives Projects.
- Utilize the approved LOPP to identify feasibility study priorities and initiate studies as budgeted.

END PRODUCTS

- Completed planning-level feasibility studies. Timeline/anticipated completion date: Varied completion date for each study.
- A traffic operations and safety analysis of high crash locations and crash types with clearly identified counter measures. Timeline/anticipated completion date: September 2018.

TASK 2.07 - Community Transportation Survey

Responsible Agency - River to Sea TPO

Total Cost - \$52,900

PURPOSE

- The River to Sea TPO values input from the public and seeks to understand and educate citizens about transportation issues that impact the community. To foster better understanding and exchanges of information, the TPO will engage in a community survey to collect useful baseline data/marketing research about perceptions of relevant transportation issues. Administration of the survey will also increase the public exposure of the TPO, improve awareness and branding, expand the database of interested residents, businesses, and visitors, and improve public outreach coordination with other transportation entities.

PREVIOUS WORK

- The baseline "Tell the TPO" Survey Campaign Summary. Completed September 2014.
- The 2018 "Tell the TPO" Survey Campaign Summary. Scheduled for August 2018.
- The 2016 "Tell the TPO" Survey Campaign Summary. Completed August 2016.

REQUIRED ACTIVITIES

- Compile a database of survey results and add new entries to the TPO, reThink, Votran, Flagler County Public Transportation and SunRail contact databases.
- Develop a transportation issues survey that serves to collect public input and inform the public of the TPO.
- Distribute the survey summary report through a variety of public events and outlets.

END PRODUCTS

- A completed "Tell the TPO" Survey Report. Timeline/anticipated completion date: June 2020.
- An expanded public participation contact list. Timeline/anticipated completion date: June 2020.

TASK 2.08 - General Planning Studies and Initiatives

Responsible Agency - River to Sea TPO

Total Cost - \$186,490

PURPOSE

- ♦ To implement a 3-C planning process, the TPO is required to engage in a variety of transportation planning efforts. This task item is intended to support planning activities that help the TPO evaluate transportation improvement needs and advance projects that address these needs. General planning activities will also support the TPO in meeting established planning factors and planning emphasis areas.

PREVIOUS WORK

- ♦ An update to the Transportation Impact Analysis (TIA) Methodology. Phase I completed in December 2015. Phase II completed in June 2016.
- ♦ Provided direct transportation planning support and technical assistance to small local governments to develop project funding applications and plan for transportation needs. As needed.
- ♦ Worked with East Central Florida Regional Planning Council (ECFRPC), Volusia and Flagler Counties and FDOT for Sea Level Rise Vulnerability Assessment Study. Completed June 2016.
- ♦ Worked with ECFRPC, Volusia County Office of Emergency Management, FDOT and UF Geoplan Center to model impacts of sea level rise with 100-year storm event flooding levels for the Resilient Volusia County Study. Completed September 2017.
- ♦ SR/CR A1A Pedestrian Safety & Mobility Study. Completed June 2016.
- ♦ Completed US 17 Multimodal Corridor Planning Study, Phase 2. Completed August 2016.
- ♦ Convened a working group of traffic engineers and other professionals to develop a strategy for advancing ITS projects that effectively address issues relating to traffic operations and safety. Completed November 2014.
- ♦ Completed TSM&O Master Plan for the R2CTPO's planning area. Phase 1 Completed June 2016 and Phase 2 - Timeline/anticipated completion date: June 2018.
- ♦ Participated in the update of the FDOT District 5 regional ITS architecture (2015).
- ♦ Attendance and participation in professional training opportunities, webinars and professional conferences:
 - Florida Autonomous Vehicle Conference - November 2017
 - ITE TSM&O Conference - November 2017
 - FDOT Complete Street Design Manual - December 2017

REQUIRED ACTIVITIES

- ♦ Utilize a Complete Streets approach to integrate people and place in the planning, design, construction, operation, and maintenance of the transportation network.
- ♦ Pursue planning activities that address the planning emphasis areas including: Rural Transportation Planning, Transportation Performance Measures and Automated-Connected-Electric-Shared Use Vehicles.
- ♦ Pursue planning activities as needed to address the metropolitan planning factors established under the FAST Act.
- ♦ Develop, as needed, scopes of work and requests for proposal for transportation planning activities identified and utilize the TPO standing committees and working groups to evaluate planning needs and develop scopes of service that address the needs.
- ♦ Participate in local planning area meetings, discussions and workshops and coordinate efforts to improve planning tools and support data that guides decision-making.
- ♦ Convene and facilitate "Transportation Corridor" working groups to help identify and describe the challenges and opportunities of the future so that our planning and implementation choices can meet both our short term and long term needs.
- ♦ Work to achieve critical environmental justice goals and other environmental goals by targeting development to locations that already have infrastructure and offer transportation choices.
- ♦ Examine the land use implications of air quality standards; and, in cooperation with local agencies identify and recommend policies and actions at the local and individual level that would help the region stay in "attainment status".
- ♦ Review and analyze crash data and contributing factors; identify crash reduction measures within the TPO Planning Area.
- ♦ Assess Sea Level Rise Vulnerability for the Flagler County Urbanized Area and adopt policies to increase the resiliency of the transportation network to sea level rise, storm surge and coastal flooding.
- ♦ Work with FHWA and general planning consultant for the Resilience and Durability to Extreme Weather Pilot Program.

- ♦ Work with general planning consultant to review and analyze crash data within the metropolitan planning area (MPA).
- ♦ Ensure that the TPO Board, staff, and subcommittee members are properly informed of TSM&O issues, opportunities, monitor advances in ITS technology and its applications, update the River to Sea TPO's Regional ITS Architecture as needed and utilize a professional consulting services contract to support the TPO in completing needed planning activities.
- ♦ Review and analyze the data on the availability of affordable food options and transportation accessibility in transportation disadvantaged communities.

END PRODUCTS

- ♦ Adoption of Complete Streets Policy and Implementation Plan. Timeline/anticipated completion date: June 2019.
- ♦ Coordination meetings with small/rural governments to provide transportation planning assistance as needed. Timeline/anticipated completion date: Ongoing.
- ♦ Reports, analyses and findings needed for transportation systems improvements. Timeline/anticipated completion date: Ongoing.
- ♦ A report outlining sea level rise vulnerability for the Flagler County Urbanized Area. Timeline/anticipated completion date: June 2019.
- ♦ Adopted resolution supporting Sea Level Scenarios and Planning Horizons. Timeline/anticipated completion date: June 2019.
- ♦ Implement procedures that increase the resiliency of the transportation network to sea level rise, storm surge and coastal flooding into the Priority Project Process. Timeline/anticipated completion date: November 2018.
- ♦ A report to review and analyze crash data and identify crash reduction measures within the TPO Planning Area. Timeline/anticipated completion date: September 2018.
- ♦ Improved coordination and documentation of activities supporting economic development and tourism. Timeline/anticipated completion date: Ongoing.
- ♦ Updates to the River to Sea TPO's Regional ITS Architecture. Timeline/anticipated completion date: As needed.
- ♦ An Automated and Connected Vehicle Planning Study. Timeline/Anticipated Completion: November 2019.
- ♦ A completed review and analysis of prior planning studies and recommendations. Timeline/anticipated completion date: May 2019.
- ♦ Development and promotion of a complete streets ordinance for local governments. Timeline/anticipated completion date: March 2020.
- ♦ The relationship between Food Deserts and Transportation. Timeline/anticipated completion date: June 2020.

TASK 2.09 - 2045 Long Range Transportation Plan (LRTP)

Responsible Agency - River to Sea TPO

Total Cost - \$411,505

PURPOSE

- This task supports the development of the 2045 Long Range Transportation Plan (LRTP). The purpose of the LRTP is to create a 25-year plan that assesses future transportation infrastructure needs and opportunities for the R2CTPO planning area. Working with consultants, the TPO staff will complete all activities required for inclusion in the LRTP and ensure compliance with planning requirements under Title 23 and Title 49, U.S.C, as amended by the Fixing America's Surface Transportation (FAST) Act.

PREVIOUS WORK

- Bid advertisement, consultant selection and contracting for support services associated with development of a long range plan. Completed 2013.
- Development and adoption of the 2040 Long Range Transportation Plan. Completed September 2015.
- Development of a 2040 LRTP Summary report. Completed December 2015.

REQUIRED ACTIVITIES

- Monitor transportation activity related to the FAST Act and other legislation and coordinate with FHWA, FTA and FDOT to ensure compliance with new requirements, standards and performance measures.
- Utilize a consulting firm to assist the TPO in developing a project schedule and approach that will produce an effective and fully compliant LRTP including all relevant documentation.
- Update the existing and forecasted demographic information for the planning area and coordinate information with FDOT, District 5 to develop reliable transportation demand forecasts using the Central Florida Regional Planning Model (CFRMP).
- Development of a broad reaching public outreach campaign that improves community understanding and builds relationships.
- Coordinate with FDOT Central Office on developing financial forecasts for the planning horizon and for SIS planning.
- Complete necessary activities including developing sound project cost estimates, considering alternative transportation planning scenarios, completing ETDM data entry for identified projects, and other activities needed to address all required planning factors.

END PRODUCTS

- The development and timely adoption of a 2045 Long Range Transportation Plan that meets all federal and state requirements. Timeline/anticipated completion date: November 2018 to September 2020.
- Production of LRTP Executive Summary—both print and web-page versions. Timeline/anticipated completion date: September 2020.
- A 2045 LRTP website and public outreach campaign that increases awareness of LRTP and TPO activities throughout the planning area. Timeline/anticipated completion date: September 2020.

- ♦ Updated Volusia County Bicycling Map for the Experienced Cyclist. Completed February 2018.
- ♦ Adoption of a Bicycle Suitability Map. Timeline/anticipated completion date: June 2018.
- ♦ Attendance and participation at various workshops and events such as:
 - Florida Greenways and Trails System (FGTS) Plan Workshop - November 2017
 - FDOT Complete Streets Design Manual Workshop - December 2017
 - Florida Planning & Zoning Association Workshop - March 2017
 - Volusia County Trails Summit - June 2017
 - Organized Bicycle and Pedestrian Plan Workshops - May 2017
 - Pedestrian Safety Action Plan Workshop in Volusia County - October 2014
 - St. Johns River to Sea Loop Summit - October 2017
 - St. Johns River to Sea Loop Trail Regional Stakeholder Meeting - August 2017

REQUIRED ACTIVITIES

- ♦ Develop a Bicycle and Pedestrian Digital Count Program.
- ♦ Partner with local health agencies to improve the environment for walking and biking.
- ♦ In partnership with local governments, Volusia and Flagler County Schools, Votran, FDOT, FDEP Office of Greenways and Trails and the Florida Bicycle Association continue efforts to collect, maintain and update an inventory of the bicycle and pedestrian facilities located within the R2CTPO's planning area.
- ♦ Develop safety countermeasures using FHWA Pedestrian Safety Guide and Countermeasure Selection System (PEDSAFE) and Bicycle Safety Guide and Countermeasure Selection System (BIKESAFE) (contingent on grant funding for engineering support).
- ♦ Refine, as needed, the bicycle and pedestrian funding criteria and identify projects for future funding.
- ♦ Continued coordination with stakeholders (including Space Coast TPO, FDOT, FDEP, Brevard, Flagler, Putnam, St. Johns and Volusia Counties) to develop the St. Johns River to Sea Loop Trail and Coast to Coast Connector Trail.
- ♦ Bicycle/Pedestrian List of Prioritized Projects.
- ♦ Develop a formal process to identify types of projects (spot locations, corridors, targeted areas, entire jurisdictions) for pedestrian and bicycle safety improvements.
- ♦ Conduct Pedestrian/Bicycle Safety Audits for focus areas (contingent on grant funding for engineering support).
- ♦ Develop a mechanism to evaluate results and refine the PSAP.
- ♦ Develop an implementation strategy (short term, medium term and long term) for PSAP safety countermeasures.
- ♦ Participate in St. Johns River to Sea Loop PD&E Study Community Advisory Group.
- ♦ Participate in Coast to Coast Trail Leadership Team.
- ♦ Coordinate with St. Johns River to Sea Loop Alliance.
- ♦ Participate in Step It Up - Action Institute to Increase Walking and Walkability.

END PRODUCTS

- ♦ Completion of a Bicycle and Pedestrian Count report. Timeline/anticipated completion date: June 2019.
- ♦ Adoption of a Bicycle/Pedestrian Safety Action Plan. Timeline/anticipated completion date: June 2020.
- ♦ Completion of school safety studies for selected charter schools in Volusia and Flagler Counties. Timeline/anticipated completion date: June 2020.

- ♦ Team Action Plan for Step It Up - Action Institute to Increase Walking and Walkability. Timeline/anticipated completion date: June 2019.

TASK 3.02 - Bicycle/Pedestrian Project Feasibility Studies

Responsible Agency - River to Sea TPO

Total Cost - \$215,285

PURPOSE

- The successful completion of a project depends upon sound planning and the development of reliable cost estimates. Under this task, TPO staff will work with project sponsors, transportation planning and engineering consultants and FDOT staff to conduct the project assessments needed to ensure that candidate projects for funding on the R2CTPO's List of Bicycle, Pedestrian and Local Initiatives Projects have an appropriate, reliable and cost-effective plan that supports programming and construction.

PREVIOUS WORK

- Completed numerous feasibility studies resulting in the programming and implementation of high priority bicycle and pedestrian projects for:
 - Center Avenue Sidewalk Feasibility Study. Completed March 2017
 - East Highbanks Road Sidewalk Feasibility Study. Completed March 2017
 - Port Orange Sidewalk Gap Feasibility Study. Completed March 2017
 - 15th Street Sidewalk Feasibility Study. Completed March 2017
 - Flomich Street Sidewalk, Phase 2 Feasibility Study. Completed November 2017
 - Thompson Creek Trail Feasibility Study. Completed June 2017
 - US 92 Pedestrian Connectivity and Safety Assessment Study. Completed March 2017
- Completed Request for Proposal (RFP) Process to select consulting firms for Bicycle/Pedestrian Feasibility Studies Continuing Services Contract. Completed September 2017.

REQUIRED ACTIVITIES

- Utilize professional planning and engineering consultants to perform thorough, comprehensive feasibility studies on candidate projects submitted to the TPO for funding on the Tier C List of Bicycle and Pedestrian and Local Initiatives Projects.
- Engage project sponsors and stakeholders in the development of consultant task work orders for feasibility studies, ensuring that studies will fully address the issues that have been identified and will assess reasonable alternatives.
- Manage consultants in strict accordance with contracts, and ensure that work performed under contract fully satisfies task assignments.

END PRODUCTS

- Completed planning-level feasibility studies. Timeline/anticipated completion date: Ongoing.
- An effective process for assessing candidate priority bicycle and pedestrian projects to ensure that they are necessary, cost-effective and appropriately prioritized relative to other candidate projects. Timeline/anticipated completion date: Ongoing.
- Lists of Priority Projects that include high priority, cost effective bicycle and pedestrian projects ready for programming and implementation. Timeline/anticipated completion date: Ongoing.

- ♦ Produced Volusia County's Annual Operation Report (AOR). Completed September 2016 and September 2017.
- ♦ Provided one public hearing annually by the TDLCB. Completed November 2016 and November 2017.
- ♦ Completed an Automated Pedestrian Signals (APS) Action Plan to implement ADA compliance in local development. Completed March 2017.
- ♦ Assisted Votran in updating the Transit Development Service Plan (TDSP). Completed March 2017.
- ♦ Assisted in maintaining Volusia County's bus transit database. Ongoing (upon request).
- ♦ Active involvement in SunRail (commuter rail) development as a member of the Central Florida Commuter Rail Commission Technical Advisory Committee. Ongoing.
- ♦ Active involvement in regional transit studies and community initiatives. Ongoing.
- ♦ Provided grant support and other annual reports updates under FTA and the transit disadvantaged program.
- ♦ Provided Vo-to-go program analysis and reports for Votran. Ongoing.
- ♦ FFTA and Florida TD Commission's annual training conferences. Completed December 2016 and August 2017.
- ♦ Florida TD Commission's Annual Transportation Disadvantaged Legislative Awareness Day. Completed Annually.

REQUIRED ACTIVITIES

- ♦ Provide ongoing staff support to the TDLCB and its subcommittees including meeting coordination, conducting an annual public hearing, ongoing communications and the presentation of transit information as needed.
- ♦ Provide necessary information to the elected officials of participating boards (Votran, MetroPlan, LYNX and etc.).
- ♦ Provide on-going technical and planning staff support to transit activities and programs in Volusia and Flagler Counties.
- ♦ Provide input to local and regional planning studies and actively participate on committees such as the Central Florida Rail Commission TAC.
- ♦ Provide on-going technical and planning staff support to transit activities and programs in Volusia and Flagler Counties.
- ♦ Provide technical transit planning assistance and support to Votran and Flagler County Public Transportation in completing TDPs, evaluating service, conducting operations analysis and other activities as needed to improve transit operations.
- ♦ Provide transit input and assistance in broad planning studies to ensure appropriate representation in transportation planning efforts including the Congestion Management Report, the LRTP, and corridor planning efforts.

END PRODUCTS

- ♦ Provide staff support for the Transportation Disadvantaged Local Coordinating Board. Timeline/anticipated completion date: Ongoing.
- ♦ Produce annual and quarterly reports and required plan updates, including:
 - Volusia County's annual AOR and AER reports. Timeline/anticipated completion date: October 2018 and October 2019
 - TDSP annual update reports. Timeline/anticipated completion date: March 2019 and March 2020
 - CTD quarterly program reports. Timeline/anticipated completion date: Ongoing
 - Other plan and report updates as requested. Timeline/anticipated completion date: Ongoing
- ♦ Prepare FTA grant applications and provide grant-review support to state agencies. Timeline/anticipated completion date: Annually.
- ♦ Conduct a Paratransit Service Analysis. Timeline/anticipated completion date: November 2019.
- ♦ Update the transit-related requirements in the adopted Traffic Impact Analysis Guidelines. Timeline/anticipated completion date: June 2020.

FDOT District Five General Planning Activities & Specific Tasks

FDOT District Five General Planning Activities & Specific Tasks

Fiscal Year 2018/2019 & Fiscal Year 2019/2020 Unified Planning Work Program

GENERAL PLANNING ACTIVITIES

The Florida Department of Transportation (FDOT) is a contributor to transportation planning and policy development in District Five. Generally, the specific recurring transportation planning activities accomplished by FDOT's District Five Planning Office can be placed in one of the following categories: Transportation Planning Activities, Data Collection Activities and Systems Planning Activities.

Transportation Planning Activities:

➤ MPO/TPO Support

Provide a MPO/TPO Liaison between the Department and each MPO/TPO; Provide supporting information and documentation to support MPO/TPO planning; Review and take appropriate action on Transportation Improvement Program(TIP) and TIP Amendments; Review and take appropriate action on Unified Planning Work Program (UPWP) and UPWP Amendments; Review and take appropriate action on Long Range Transportation Plan; Review and take appropriate action on Public Involvement Plan; Prepare and conduct Federal and State Certification reviews; Assist MPOs/TPOs in attending various committee meetings and Community Awareness Planning Meetings; Assist MPOs/TPOs with Work Program System issues and reports; Assist MPOs/TPOs in State and Federal Grant Programs; and Support and assist with Transit issues and initiatives. Review and update MPO/TPO contract agreements (Interlocal Agreement for the Creation of Metropolitan Planning Organization, Intergovernmental Coordination and Review (ICAR), Transportation Planning Funds Joint Participation Agreement and the Metropolitan Planning Organization Agreement.

Assist with providing revenue forecasts to the MPOs/TPOs to develop their Long Range Transportation Plans; Provide support and assistance to assure that the MPOs/TPOs comply with the state and federal policies, procedures and federal code of regulation; comply with Title VI in the planning process (UPWP, TIP, Model Validation, etc.) and comply with other certification requirements; Provide supporting information and documentation to support MPO/TPO planning; Assist MPO/TPO with boundary and membership issues for merging and emerging MPOs/TPOs.

➤ Transit Support

Provide a Transit Analyst between the Department and each MPO/TPO; Assist MPOs/TPOs with transit related issues and initiatives; Review and recommend appropriate action on TIP and TIP Amendments and UPWP and UPWP Amendments for transit projects. Assist MPOs/TPOs in attending the Transportation Disadvantaged Local Coordinating Board (TDLCB) Meetings; Provides technical assistance to the TDLCB;

Review and update MPO/TPO transit grant agreements for Section 5303 grants and transit programs; Assist MPOs/TPOs with Work Program and execution of all related system issues and reports.

➤ Intergovernmental Support and Review

Review and submit recommendations on Local Government Comprehensive Plans (LGCP) amendments, both proposed and adopted, and Evaluation and Appraisal Reports, Capital Improvement Elements (CIEs), and Capital Improvement Plan (CIPs) and TCEAs for appropriate land uses and transportation related impacts on those facilities of state concern. Assist MPOs/TPOs with feasibility studies and implementation planning.

➤ Strategic Intermodal System Plan (SIS Strategic Plan)

Process requests for designation changes; coordinate regional and local facilities with the SIS; coordinate the Department's transit initiative with the SIS; manage policy level public and partner involvement efforts related to the SIS; Assist in technical level public and partner involvement efforts related to the SIS; Assist in providing revenue forecasts.

➤ Public Involvement

Conduct Public Involvement activities related to Planning and Concept Development studies, Efficient Transportation Decision Making (ETDM), Project Development and Environmental (PD&E) studies, and Work Program Public Hearings; Provide tools for developing and reviewing projects at the Planning Screen Phase (used in the development of MPO/TPO long range transportation plans and FIHS cost-feasible plan.

➤ Bicycle/Pedestrian Support

Support and assist with bicycle, pedestrian and transit related issues and initiatives. Provide interagency coordination and technical support in the area of multimodal transportation planning and development. Review and provide feedback on local roadway and site plans for the inclusion of alternative transportation facilities. Review and provide feedback on alternative transportation planning documents and studies. Act as District Five steward for regional trail initiatives and projects. Coordinate multimodal transportation network infrastructure inventory and needs assessment for all facilities in District Five.

➤ Safety

The District Five Intermodal System Development Safety efforts will support the following: Florida's Pedestrian and Bicycle Focused Initiative, Corridor Planning Studies for MPOs/TPOs projects for Completed Streets, Multimodal Corridors, Context Sensitive Solutions and Transportation Design for Livable Communities, and Improvements to accommodate transit accessibility, pedestrians and accessibility for persons with disabilities.

➤ Transportation Systems Management and Operations (TSM&O) Program

Develop a District Five Transportation Systems Management and Operations (TSM&O) Program within a team of champions made up of MPOs/TPOs, transit agencies and District staff.

Data Collection Activities:

➤ Systems Inventory

Provide for the efficient transfer of road jurisdiction by the Department and local governments based on mutual agreement; functionally classify roads, including the designation of federal aid eligibility and develop, analyze, and assign an integrated statewide network of federal, local and state systems.

➤ Mapping

Maintain and provide mapping information related to the SIS; Maintain and update functional classification maps.

Systems Planning Activities:

➤ Development of Regional Impact (DRI) Review

Conduct large scale development review through the DRI process or as requested by Regional Planning Councils. These reviews offer technical comments and may result in the development and coordination of transportation projects and funding partnerships, including agreements with developers. These projects are then coordinated with the MPOs/TPOs during project development, prioritization, or programming. In addition, provide review and comments for the review of master plans, sectors plans and sub-DRI developments for impacts to the state highway system.

➤ Systems Management

Provide assistance for determining the need for, and feasibility of, new access points (IJRs) and modifications (IMRs) to existing access points on the FIHS and other SIS facilities; Conduct Level-of-Service analysis that will determine current and future conditions of the State Highway System; Project Design Traffic and 18 KIP Equivalent Single Axle Loadings (ESALs) preparations.

➤ Modeling

The District will continue to support regional transportation modeling activities and gather information on how to make improvements through improved policies, procedures

and guidelines for transportation demand forecasting for the Florida Standard Model; Assist in validation of models and conduct planning studies requested by local governments and MPOs/TPOs.

➤ FIHS/SIS

Conduct Traffic/Travel Demand Assignment Studies; Develop traffic projections; Develop and maintain a SIS Needs Plan and SIS Cost Feasible Plan; Provide input for FIHS modifications and refinements; Develop, coordinate and distribute FIHS corridor plans.

FDOT DISTRICT FIVE SPECIFIC ACTIVITIES

This section provides a listing, with a short description of some of the more prominent FDOT District Five activities and projects anticipated during Fiscal Year 2018/2019 and Fiscal Year 2019/2020.

➤ ETDM/SCE

To assist and collaborate with Space Coast TPO, Lake-Sumter MPO, Ocala/Marion County TPO, METROPLAN ORLANDO and Volusia County TPO with the Efficient Transportation Decision Making (ETDM) Process. District Five is coordinating with each of the MPOs/TPOs to determine which projects should be sent out for an ETDM review.

The District will continue assisting the MPOs/TPOs with their ETDM/SCE (Sociocultural Effects) tasks by helping to coordinate schedules, provide guidance, and assist in sending projects for Planning Screen reviews, including providing guidance with summary reports for those projects. The District will continue to run Programming Screens on projects prior to PD&E, as required by FHWA, FDOT will provide ETDM technical assistance and training to MPO/TPO staff as needed or requested.

➤ Modeling

The Department will continue to support the District Five MPOs/TPOs (Space Coast TPO, Lake/Sumter MPO, Ocala/Marion TPO, METROPLAN ORLANDO, and Volusia TPO) with ongoing modeling activities applications, enhancements and technical support.

➤ FDOT District Five Tentative Five-Year Work Program Public Hearings

To develop and conduct the Department's Tentative Five Year Work Program and consider making any changes to the Program that is necessary to balance the Five Year Work Program. The Work Program Public Hearing(s) is being developed and conducted pursuant to Section 339.135(4)(C), Florida Statutes, as amended. The Public Hearing(s) will include information for Brevard, Flagler, Lake, Marion, Orange, Osceola, Seminole,

Sumter and Volusia Counties. The Public Hearing(s) will include consideration of proposed projects for the Florida's Turnpike Enterprise. The Public Hearing(s) and Public Information Meetings are conducted annually. The Department continuously coordinates with the MPOs/TPOs in their project priority development and project selection in the Department's Tentative Five Year Work Program. The Department will hold a Public Hearing(s) for the tentative work program in the fall of 2019 and 2020 Calendar year. The Department will continuously coordinate with the MPOs/TPOs to provide video tapings of each Public Hearing to be broadcasted on public television. The Department will continue to provide a website for the Work Program Public Hearing. The website will include a link to a webinar option for the MPOs/TPOs and citizen's to access to join into the District's Work Program Public Hearing. The website will continue to have information and maps on the Department's Tentative Five Year Work Program.

➤ District Five GIS Initiative/CFGIS

District Five continues to utilize the resources of the Central Florida GIS (CFGIS) initiative. The availability of the Data Clearinghouse allows members of the general public, while providing a Users Group forum for GIS users within the Central Florida region, to facilitate data sharing and information exchange.

The Department is continuing to upkeep their GIS interactive tools up-to-date developing and available utilizing the CFGIS information portal. Some tools currently available on this portal include: TransMap, which serves transit data; the Strategic Intermodal System Implemental & Management (SISIM) tool which allows partners throughout the district to share information concerning the implementation of operational improvements for SIS facilities; etc. Additionally, District Five maintains a non-GIS specific information Traffic Data web page on this website. This would make transportation data currently begin maintained by the Department more publicly available as an interactive tool to be housed on the CFGIS server.

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the River to Sea TPO that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The River to Sea TPO, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the River to Sea TPO, in a non-discriminatory environment.

The River to Sea TPO shall require its consultants to not discriminate on the basis of race, color, national origin and sex in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code

TITLE VI/ NONDISCRIMINATION ASSURANCE

Pursuant to Section 9 of US DOT Order 1050.2A, the River to Sea TPO assures the Florida Department of Transportation (FOOT) that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The River to Sea TPO further assures FOOT that it will undertake the following with respect to its programs and activities:

1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
3. Insert the clauses of *Appendices A and E* of this agreement in every contract subject to the Acts and the Regulations
4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FOOT District Title VI Coordinator.
5. Participate in training offered on Title VI and other nondiscrimination requirements.
6. If reviewed by FOOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

FFY18 Title VI / Non-Discrimination Policy Statement

The River to Sea Transportation Planning Organization assures the Florida Department of Transportation that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987 and the Florida Civil Rights Act of 1992 be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The River to Sea Transportation Planning Organization further agrees to the following responsibilities with respect to its programs and activities:

- 1 Designate a Title VI Liaison that has a responsible position within the organization and access to the subrecipient's Chief Executive Officer.
- 2 Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the subrecipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
- 3 Insert the clauses of Appendix A of this agreement in every contract subject to the Acts and Regulations.
- 4 Develop a complaint process and attempt to resolve complaints of discrimination against subrecipients. Complaints against the Florida Department of Transportation (FDOT) shall immediately be forward to the FDOT District Title VI Coordinator.
- 5 Participate in training offered on Title VI and other nondiscrimination requirements.
- 6 If reviewed by FDOT or the United States Department of Transportation, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
- 7 Have a process to collect racial and ethnic data on persons impacted by the subrecipient's programs.

This assurance is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the subrecipient.

FFY18 Disadvantaged Business Enterprise Utilization

It is the policy of the River to Sea Transportation Planning Organization that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of River to Sea Transportation Planning Organization contracts in a nondiscriminatory environment. The objects of the Disadvantaged Business Enterprise Program are to ensure nondiscrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barrier to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The River to Sea Transportation Planning Organization, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the work of the River to Sea Transportation Planning Organization in a non-discriminatory environment.

The River to Sea Transportation Planning Organization shall require its consultants to not discriminate on the bases of race, color, national origin, sex, age handicap/disability, or income status in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code.

THIS METROPOLITAN PLANNING ORGANIZATION AGREEMENT (Agreement) is made and entered into on this [enter date] day of [enter month] [enter year], by and between the STATE OF FLORIDA, DEPARTMENT OF TRANSPORTATION (Department), an agency of the State of Florida, whose address is Office of the District Secretary, 719 South Woodland Blvd., Deland, FL 32720 and the River to Sea (MPO), whose address is 2570 W. International Speedway Blvd., Daytona Beach, FL 32114, and whose Data Universal Numbering System (DUNS) Number is: 1398928190000 (collectively the “parties”).

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representation herein, the parties desiring to be legally bound, do agree as follows:

1. **Authority:** The MPO and the Department have authority to enter into this Agreement pursuant to 23 U.S.C. 134, 23 Code of Federal Regulations (CFR or C.F.R.) §450 and Section 339.175, Florida Statutes (F.S.), which, require the Department and the MPO to enter into an agreement clearly identifying the responsibilities for cooperatively carrying out the Federal Highway Administration (FHWA) portion of the Metropolitan Planning Process and accomplishing the transportation planning requirements of state and federal law.
2. **Purpose of the Agreement:** The purpose of this Agreement is to pass through financial assistance through the Department in the form of FHWA funds to the MPO for the completion of transportation related planning activities set forth in the Unified Planning Work Program (UPWP) of the MPO (Project), state the terms and conditions upon which FHWA funds will be provided, and set forth the manner in which work tasks and subtasks within the UPWP will be undertaken and completed. The Project is more fully described in the UPWP, which is attached and incorporated into this Agreement as Exhibit “A”.
3. **Scope of Work:** The UPWP, Exhibit “A”, constitutes the Scope of Work for this Agreement.
4. **Project Cost:** The total budgetary ceiling for the Project is \$2,112,294. The budget, including tasks, is summarized below and detailed in the UPWP, Exhibit “A”. The budget may be modified by mutual agreement as provided for in paragraph 7, Amendments.

The Department’s performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. No work shall begin before the Agreement is fully executed and a "Letter of Authorization" is issued by the Department. The total of all authorizations shall not exceed the budgetary ceiling established for this agreement and shall be completed within the term of this Agreement:

FINANCIAL PROJECT NO.	AMOUNT
439333-2-14-01 (PL)	\$ 1,594,823
439333-2-14-02 (SU)	\$ 517,471

5. **Term of Agreement:** This Agreement shall have a term of two (2) years. This Agreement shall begin on the later of July 1, 2018 or the date the Agreement is fully executed, whichever is later and expire on June 30, 2020. If the Agreement is fully executed after July 1, 2018, then the term of the Agreement shall be less than two (2) years and the Agreement shall expire on June 30, 2020. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.
6. **Renewals and Extensions:** This Agreement shall not be renewed or extended.

7. **Amendments:** Amendments may be made during the term of this Agreement. Any amendment must be in writing and signed by both parties with the same formalities as the original Agreement.

A. Modifications versus Amendments to the UPWP: Modifications and amendments to the UPWP budget may occur periodically. Modifications shall not increase the FHWA approved UPWP final total budget or change the scope of the FHWA approved work tasks. If the MPO makes a modification to the UPWP budget, then the MPO shall immediately send any such modifications to the Department. The Department will then forward the modifications to FHWA. Each budget category subtotal and individual line item costs contained in this Agreement are only estimates. The total budgetary ceiling cannot be exceeded, but shifts between budget categories and budget line items are acceptable and shall not require an amendment of the UPWP or this Agreement. Changes in the scope of an approved work task, the addition or deletion of an approved work task, or changes altering the total funding of an FHWA approved UPWP shall be considered amendments to the UPWP. Amendments to the UPWP must be approved by FHWA. Proposed amendments to the UPWP shall be filed with the Department. Within a reasonable amount of time, the Department shall review and transmit the proposed UPWP amendment and supporting documents to the FHWA with a recommendation for approval or denial. Transmittal of the proposed UPWP amendment and supporting documents to FHWA may be delayed by the Department due to the MPO failing to include all documentation required for the UPWP amendment. The Department shall immediately forward to the MPO all correspondence that the Department receives from FHWA with regard to the proposed UPWP amendment. If FHWA approves the amendment to the UPWP then this Agreement and supporting documentation must be amended immediately following such approval.

8. **General Requirements:**

- A.** The MPO shall complete the Project with all practical dispatch in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement, the Interlocal Agreement establishing the MPO, and all applicable laws.
- B.** Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 C.F.R. and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the MPO in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in Project costs in part or in total. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.
- C.** The MPO's financial management system must comply with the requirements set forth in 2 CFR §200.302, specifically:
- i. Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received.
 - ii. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §§200.327 Financial reporting and 200.328 Monitoring and reporting program performance.
 - iii. Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.
 - iv. Effective control over, and accountability for, all funds, property, and other assets.
 - v. Comparison of expenditures with budget amounts for each Federal award.
 - vi. Written procedures to implement the requirements of §200.305 Payment.
 - vii. Written procedures for determining the allowability of costs in accordance with Subpart E—Cost Principles of this part and the terms and conditions of the Federal award.

9. **Compensation and Payment:**

- A. The Department shall reimburse the MPO for costs incurred to perform services satisfactorily during a monthly or quarterly period in accordance with Scope of Work, Exhibit "A". Reimbursement is limited to the maximum amount authorized by the Department. The MPO shall submit a request for reimbursement to the Department on a quarterly or monthly basis. Requests for reimbursement by the MPO shall include an invoice, an itemized expenditure report, and progress report for the period of services being billed that are acceptable to the Department. The MPO shall use the format for the invoice, itemized expenditure report and progress report that is approved by the Department. The MPO shall provide any other data required by FHWA or the Department to justify and support the payment requested.
- B. Pursuant to Section 287.058, Florida Statutes, the MPO shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described in Exhibit "A".
- C. Invoices shall be submitted by the MPO in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables as established in Exhibit "A". Deliverables must be received and accepted in writing by the Department's Grant Manager prior to payments.
- D. The Department will honor requests for reimbursement to the MPO for eligible costs in the amount of FHWA funds approved for reimbursement in the UPWP and made available by FHWA. The Department may suspend or terminate payment for that portion of the Project which FHWA, or the Department acting in lieu of FHWA, may designate as ineligible for federal-aid. In regard to eligible costs, whichever requirement is more strict between federal and State of Florida requirements shall control. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.
- E. Supporting documentation must establish that the deliverables were received and accepted in writing by the MPO and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in the UPWP, Exhibit "A", was met. All costs charged to the Project, including any approved services contributed by the MPO or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.
- F. Bills for travel expenses specifically authorized in this Agreement shall be documented on the Department's Contractor Travel Form No. 300-000-06 or on a form that was previously submitted to the Department's Comptroller and approved by the Department of Financial Services. Bills for travel expenses specifically authorized in this Agreement will be paid in accordance with Section 112.061 Florida Statutes.
- G. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes. If the Department determines that the performance of the MPO fails to meet minimum performance levels, the Department shall notify the MPO of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The MPO shall, within sixty (60) days after notice from the Department, provide the Department with a corrective action plan describing how the MPO will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the MPO shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the MPO resolves the deficiency. If the deficiency is subsequently resolved, the MPO may bill the Department for the retained amount during the next billing period. If the MPO is unable to resolve the deficiency, the funds retained may be forfeited at the end of the Agreement's term.
- H. An invoice submitted to the Department involving the expenditure of metropolitan planning funds ("PL funds") is required by Federal law to be reviewed by the Department and issued a payment by the Department of Financial Services within 15 business days of receipt by the Department for review. If the invoice is not complete or lacks information necessary for processing, it will be returned to the MPO, and the 15 business day timeframe for processing will start over upon receipt of the resubmitted invoice by the

Department. If there is a case of a bona fide dispute, the invoice recorded in the financial system of the Department shall contain a statement of the dispute and authorize payment only in the amount not disputed. If an item is disputed and is not paid, a separate invoice could be submitted requesting reimbursement or the disputed item/amount could be included/added to a subsequent invoice.

- I. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the MPO's general accounting records and the project records, together with supporting documents and records, of the consultant and all subconsultants performing work on the project, and all other records of the Consultants and subconsultants considered necessary by the Department for a proper audit of costs.
- J. The MPO must timely submit invoices and documents necessary for the close out of the Project. Within 90 days of the expiration or termination of the grant of FHWA funds for the UPWP, the MPO shall submit the final invoice and all financial, performance, and related reports consistent with 2 CFR §200.
- K. The Department's performance and obligation to pay under this Agreement is also contingent upon FHWA making funds available and approving the expenditure of such funds.
- L. In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

- M. **Disallowed Costs:** In determining the amount of the payment, the Department will exclude all Project costs incurred by the MPO prior to the effective date of this Agreement, costs incurred by the MPO which are not provided for in the latest approved budget for the Project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. It is agreed by the MPO that where official audits by the federal agencies or monitoring by the Department discloses that the MPO has been reimbursed by the Department for ineligible work, under applicable federal and state regulations, that the value of such ineligible items may be deducted by the Department from subsequent reimbursement requests following determination of ineligibility. Upon receipt of a notice of ineligible items the MPO may present evidence supporting the propriety of the questioned reimbursements. Such evidence will be evaluated by the Department, and the MPO will be given final notification of the amounts, if any, to be deducted from subsequent reimbursement requests.

In addition, the MPO agrees to promptly reimburse the Department for any and all amounts for which the Department has made payment to the MPO if such amounts become ineligible, disqualified, or disallowed for federal reimbursement due to any act, error, omission, or negligence of the MPO. This includes omission or deficient documentation of costs and charges, untimely, incomplete, or insufficient submittals, or any other reason declared by the applicable Federal Agency.

Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.

- N. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments

due for work or services done under any agreement which it has with the MPO owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.

- O. Indirect Costs:** A state or federally approved indirect cost rate may be applied to the Agreement. If the MPO does not have a federally approved indirect cost rate, a rate up to the de minimis indirect cost rate of 10% of modified total direct costs may be applied. The MPO may opt to request no indirect cost rate, even if it has a federally approved indirect cost rate.

10. Procurement and Contracts of the MPO

- A.** The procurement, use, and disposition of real property, equipment and supplies shall be consistent with the approved UPWP and in accordance with the requirements of 2 CFR §200.
- B.** It is understood and agreed by the parties to this Agreement that participation by the Department in a project with the MPO, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the MPO's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, the federal Brooks Act, 23 C.F.R. 172, and 23 U.S.C. 112. At the discretion of the Department, the MPO will involve the Department, to an extent to be determined by the Department, in the consultant selection process for all projects funded under this Agreement. In all cases, the MPO shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act and the federal Brooks Act.
- C.** The MPO shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of federal-aid funds.

11. Audit Reports: The administration of resources awarded through the Department to the MPO by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The MPO shall comply with all audit and audit reporting requirements as specified below.

- A.** In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the MPO agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The MPO further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.
- B.** The MPO, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:
 - i.** In the event the MPO expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the MPO must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit "B", Federal Financial Assistance (Single Audit Act)**, to this Agreement provides the required Federal award identification information needed by the MPO to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the MPO must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit

conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

- ii. In connection with the audit requirements, the MPO shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.
- iii. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the MPO is exempt from Federal audit requirements for that fiscal year. However, the MPO must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the MPO's audit period for each applicable audit year. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the MPO's resources obtained from other than Federal entities).
- iv. The MPO must electronically submit to the Federal Audit Clearinghouse (FAC) at <https://harvester.census.gov/facweb/> the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.
- v. Within six months of acceptance of the audit report by the FAC, the Department will review the MPO's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the MPO fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
 - 1. Temporarily withhold cash payments pending correction of the deficiency by the MPO or more severe enforcement action by the Department;
 - 2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
 - 3. Wholly or partly suspend or terminate the Federal award;
 - 4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
 - 5. Withhold further Federal awards for the Project or program;
 - 6. Take other remedies that may be legally available.
- vi. As a condition of receiving this Federal award, the MPO shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the MPO's records including financial statements, the independent auditor's working papers and project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.
- vii. The Department's contact information for requirements under this part is as follows:

Office of Comptroller
605 Suwannee Street, MS 24
Tallahassee, Florida 32399-0450

FDOTSingleAudit@dot.state.fl.us

- C. The MPO shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The MPO shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department.

- 12. Termination or Suspension:** The Department may, by written notice to the MPO, suspend any or all of the MPO's obligations under this Agreement for the MPO's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected. The Department will provide written notice outlining the particulars of suspension.

The Department may terminate this Agreement at any time before the date of completion if the MPO is dissolved or if federal funds cease to be available. In addition, the Department or the MPO may terminate this Agreement if either party fails to comply with the conditions of the Agreement. The Department or the MPO shall give written notice to all parties at least ninety (90) days prior to the effective date of termination and specify the effective date of termination.

The parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the parties shall agree upon the termination conditions.

Upon termination of this Agreement, whether for cause or at the convenience of the parties, all finished or unfinished documents, data, studies, surveys, reports, maps, drawings, models, photographs, etc., prepared by the MPO shall, at the option of the Department, be delivered to the Department.

The Department shall reimburse the MPO for those eligible expenses incurred during the Agreement period that are directly attributable to the completed portion of the work covered by this Agreement, provided that the work has been completed in a manner satisfactory and acceptable to the Department. The MPO shall not incur new obligations for the terminated portion after the effective date of termination.

The Department reserves the right to unilaterally cancel this Agreement for refusal by the MPO or any consultant, sub-consultant or materials vendor to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received in conjunction with this Agreement unless the records are confidential or exempt.

The conflict and dispute resolution process set forth in Section 14 of this Agreement shall not delay or stop the Parties' rights to terminate the Agreement.

- 13. Remedies:** Violation or breach of Agreement terms by the MPO shall be grounds for termination of the Agreement. Any costs incurred by the Department arising from the termination of this Agreement shall be paid by the MPO.

This Agreement shall not be considered as specifying the exclusive remedy for any dispute, but all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

- 14. Conflict and Dispute Resolution Process:** This section shall apply to conflicts and disputes relating to matters subject to this Agreement, or conflicts arising from the performance of this Agreement. If possible, the parties shall attempt to resolve any dispute or conflict within thirty (30) days of a determination of a dispute or conflict. This section shall not delay or stop the Parties' rights to terminate the Agreement. In addition, notwithstanding that a conflict or dispute may be pending resolution, this section shall not delay or stop the Department from performing the following actions pursuant to its rights under this Agreement: deny payments; disallow costs; deduct the value of ineligible work from subsequent reimbursement requests, or; offset pursuant to Section 9.N of this Agreement.

- A. **Initial Resolution:** The affected parties to this Agreement shall, at a minimum, ensure the attempted early resolution of conflicts relating to such matters. Early resolution shall be handled by direct discussion

between the following officials: for the Department - the Intermodal Systems Development Manager; and for the MPO - the Staff Director.

- B. Resolution by Senior Agency Official:** If the conflict remains unresolved, the conflict shall be resolved by the following officials: for the Department - the District Secretary; and for the River to Sea TPO - the Chairperson of the MPO.
- C. Resolution of Conflict by the Agency Secretary:** If the conflict is not resolved through conflict resolution pursuant to the provisions, "Initial Resolution" and "Resolution by Senior Agency Official" above, the conflict shall be resolved by the Secretary for the Department of Transportation or their delegate. If the MPO does not agree with the resolution provided by the Secretary for the Department of Transportation, the parties may pursue any other remedies set forth in this Agreement or provided by law.

- 15. Disadvantaged Business Enterprise (DBE) Policy and Obligation:** It is the policy of the Department that DBE's, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement.

The MPO and its contractors and consultants agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The MPO and its contractors, consultants, subcontractors and subconsultants shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

16. Compliance with Federal Conditions and Laws:

- A.** The MPO shall comply and require its consultants and subconsultants to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project. Execution of this Agreement constitutes a certification that the MPO is in compliance with, and will require its consultants and subconsultants to comply with, all requirements imposed by applicable federal, state, and local laws and regulations.
- B.** The MPO shall comply with the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 C.F.R. Part 29, and 2 C.F.R. Part 200 when applicable and include applicable required provisions in all contracts and subcontracts entered into pursuant to this Agreement.
- C. Title VI Assurances:** The MPO will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964, the regulations of the U.S. Department of Transportation issued thereunder, and the assurance by the MPO pursuant thereto, including but not limited to the requirements set forth in Exhibit "C", Title VI Assurances. The MPO shall include the attached Exhibit "C", Title VI Assurances, in all contracts with consultants and contractors performing work on the Project that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.
- D. Restrictions on Lobbying** The MPO agrees that to no federally-appropriated funds have been paid, or will be paid by or on behalf of the MPO, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement. If any funds other than federally-appropriated funds have been paid by the MPO to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. The MPO shall require that the language of this paragraph be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all

subrecipients shall certify and disclose accordingly. No funds received pursuant to this Agreement may be expended for lobbying the Legislature, the judicial branch or a state agency.

E. The MPO must comply with FHWA's Conflicts of Interest requirements set forth in 23 CFR §1.33.

17. Restrictions, Prohibitions, Controls, and Labor Provisions: During the performance of this Agreement, the MPO agrees as follows, and shall require the following provisions to be included in each contract and subcontract entered into pursuant to this Agreement :

- A. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.
- B. In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.
- C. An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the Department to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the MPO.
- D. Neither the MPO nor any of its contractors and consultants or their subcontractors and subconsultants shall enter into any contract, subcontract or arrangement in connection with the Project or any property included or planned to be included in the Project in which any member, officer or employee of the MPO or the entities that are part of the MPO during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to the MPO, the MPO, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by the MPO or the locality relating to such contract, subcontract or arrangement. The MPO shall insert in all contracts entered into in connection with the Project or any property included or planned to be included in any Project, and shall require its contractors and consultants to insert in each of their subcontracts, the following provision:

"No member, officer or employee of the MPO or of the locality during his or her tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

The provisions of this paragraph shall not be applicable to any agreement between the MPO and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

- E. No member or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or any benefit arising therefrom.

18. Miscellaneous Provisions

A. Public Records:

- i. The MPO shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the MPO in conjunction

with this Agreement, unless such documents are exempt from public access or are confidential pursuant to state or federal law. Failure by the MPO to grant such public access shall be grounds for immediate unilateral cancellation of this Agreement by the Department.

- ii. In addition, the MPO shall comply with the requirements of section 119.0701, Florida Statutes.
- B. It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof, a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the provisions of this Agreement..
- C. In no event shall the making by the Department of any payment to the MPO constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the MPO and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.
- D. If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.
- E. By execution of the Agreement, the MPO represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.
- F. Nothing in the Agreement shall require the MPO to observe or enforce compliance with any provision or perform any act or do any other thing in contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the MPO will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the MPO to the end that the MPO may proceed as soon as possible with the Project.
- G. The MPO shall comply with all applicable federal guidelines, procedures, and regulations. If at any time a review conducted by Department and or FHWA reveals that the applicable federal guidelines, procedures, and regulations were not followed by the MPO and FHWA requires reimbursement of the funds, the MPO will be responsible for repayment to the Department of all funds awarded under the terms of this Agreement.
- H. The MPO:
 - i. shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by MPO during the term of the contract; and
 - ii. shall expressly require any contractor, consultant, subcontractors and subconsultants performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor or subconsultant during the contract term.
- I. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute the same Agreement. A facsimile or electronic transmission of this Agreement with a signature on behalf of a party will be legal and binding on such party.
- J. The parties agree to comply with s.20.055(5), Florida Statutes, and to incorporate in all subcontracts the obligation to comply with s.20.055(5), Florida Statutes.
- K. This Agreement and any claims arising out of this Agreement shall be governed by the laws of the United States and the State of Florida.

Exhibit "C"
TITLE VI ASSURANCES

During the performance of this contract, the consultant or contractor, for itself, its assignees and successors in interest (hereinafter collectively referred to as the "contractor") agrees as follows:

- (1.) Compliance with REGULATIONS:** The contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") ***Title 49, Code of Federal Regulations, Part 21***, as they may be amended from time to time, (hereinafter referred to as the **REGULATIONS**), which are herein incorporated by reference and made a part of this contract.
- (2.) Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the basis of race, color, national origin, or sex in the selection and retention of sub-contractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by **Section 21.5** of the **REGULATIONS**, including employment practices when the contract covers a program set forth in **Appendix B** of the **REGULATIONS**.
- (3.) Solicitations for Sub-contractors, including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under sub-contract, including procurements of materials or leases of equipment, each potential sub-contractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the **REGULATIONS** relative to nondiscrimination on the basis of race, color, national origin, or sex.
- (4.) Information and Reports:** The contractor shall provide all information and reports required by the **REGULATIONS** or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such **REGULATIONS**, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to the *Florida Department of Transportation*, or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5.) Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the Florida Department of Transportation shall impose such contract sanctions as it or the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:
 - a. withholding of payments to the contractor under the contract until the contractor complies, and/or
 - b. cancellation, termination or suspension of the contract, in whole or in part.
- (6.) Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (7) in every sub-contract, including procurements of materials and leases of equipment, unless exempt by the **REGULATIONS**, or directives issued pursuant thereto. The contractor shall take such action with respect to any sub-contract or procurement as the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance, provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation*, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (7.) Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits

discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

RE: Draft Comments on the Fiscal Year 2018/2019 and Fiscal Year 2019/2020 Unified Planning Work Program (UPWP) for the River to Sea Transportation Planning Organization (MPO)

Dear Ms. Bollenback:

The reason for this letter is to provide comments from the review of the River to Sea Transportation Planning Organization's (TPO) Draft Unified Planning Work Program for Fiscal Year 2018/2019 and Fiscal Year 2019/2020. Please note attached the comments made by the District Five Planning Office. I have also included comments from the Office of Policy Planning. Please review the comments and respond back with concerns, comments or questions.

In order to meet the schedule contained in the Metropolitan Planning Organization Program Handbook, and to be certain of receiving authorization to expend Fiscal Year 2018/2019 and Fiscal Year 2019/2020 Planning Funds, beginning on July 1, 2018, the River to Sea Transportation Planning Organization (TPO) needs to revise and adopt the Final UPWP and submit it to my office, 719 South Woodland Boulevard, DeLand, FL 32720, and other appropriate agencies by May 15, 2018. I will be contacting your staff to review with them the corrections that need to be made.

As always, I would like to extend my appreciation to the River to Sea Transportation Planning Organization (TPO) for their willingness to work so well with me to accomplish our task together. If I can do anything to assist or help with any of the process please let me know.

Sincerely,

Vickie Wyche

Good morning Vickie,

Please see my comments and recommendation below, and include them in FDOT's comments when they are sent to the MPO and review agencies.

Comment-

- "Appendix B, Joint Certification Statement on the Metropolitan Transportation Planning Process" does not need to be included in the UPWP.

Recommendations-

- The Statements and Assurances forms (Appendix C & D) have been updated since the TPO drafted their UPWP. They are not required to update these forms, as the content has not changed, but the title has changed and it would be helpful if they include the most recent version of the forms for consistency. The most up-to-date version of the UPWP Statements and Assurances are available at the following link:
<https://fms.fdot.gov/Anonymous/SendDocumentToClient?documentId=1795>
- Appendix C and Appendix D can be merged into one section, as all of these Statements and Assurances have been combined in the updated UPWP Statements and Assurances document.

Thank you!

Thank you Vickie,

Since you already forwarded these comments informally, we've made the corrections and the final document is set to be approved by the R2CTPO Board next week.

Thank you for all of your help as we developed the new UPWP. Thanks also for the quick turn around you've provided in each of the submittals we've made (ie. amendments & de-obligation).

Good Afternoon Teresa,

Please let me clarify. We have addressed your comments and concerns as provided below. The comments that require changes will be incorporated into the draft UPWP immediately.

The final draft of the FY 2018/19 to 2019/20 UPWP is currently included on the April agenda for adoption. The meeting of the River to Sea TPO board is this Wednesday, April 25, 2018.

We will proceed with adopting the document as scheduled with the changes noted in our response below. Please let me know if you have any concerns with that approach.

Thank you for taking the time to review our UPWP and for providing comment,

Importance: High

Good afternoon Teresa,

We have received the comments on the UPWP draft after the deadline passed. The R2CTPO will incorporate the comments next month. Please see the responses to questions in red highlight below.

R2CTPO's Response to FHWA Comments:

Critical Comments:

- Task 2.02 please provide details of what fees are included?

The "Fees" identified in the Estimated Budget Detail Tables for Task 2.02 refer to the annual GIS software maintenance and support from ESRI, Inc., including access to on-line data, software updates, and technical support. For clarity, this budget item has been renamed "GIS Software Support (ESRI)."

- Please detail the difference between "Conference," "Workshops & Seminars Fees," and "Fees"? Are professional services the same as consultant fees?

"Conference, Workshop & Seminar Fees" are registration fees. This line item has been renamed "Conference, Workshop & Seminar Registration". "Fees" includes expenses such as accounting system maintenance and bank fees. A note has been added to clarify the term "fee."

"Professional Services" are not the same as "consultant fees" [consultant services?]

"Professional Services" refers to contract services for work not directly related to planning activities. "Professional Services" includes such things as auditing services and legal services. A note has been added to clarify the meaning of this term. "Consultant Services" is used in the UPWP to refer to contract services directly related to planning activities.

- All Agreements or Certifications including Debarment and Suspension, Contracts, Grants, and Cooperative Agreements, Title VI Nondiscrimination Policy Statement and Disadvantaged Business Enterprise (DBE) statements should be signed and dated, and included in the final copy of the document.

Debarment and Suspension Certification Lobbying Certification for Grants, Loans, and Cooperative Agreements Disadvantaged Business Enterprise Utilization Title VI/Nondiscrimination Assurance have been included in the final document.

Editorial Comments (General):

- Task 3.01 has some dates task completed June 2018. Should these dates say timeline/anticipated completion June 2018?

The final adopted UPWP will modify the timeline/anticipation completion date.

- Please note that individual professional membership are unallowable and that all training/meeting/conference participation must be reasonable, necessary and allowable to the transportation planning process.

Understood.

- For the purchase of office equipment please note that single purchases which exceed \$5000 must get pre-approval.

Understood.

- Tasks that involve consultant participation should provide enough detail (such as project scope, work to be accomplished for each project, anticipated completion dates, and project costs) about what the consultant responsibilities are concerning the activities to be undertaken using federal-aid funds. If that is not possible at this time, prior to the TPO's use of PL funds for these types planning projects or activities, the District should forward a copy of the scope of services, the anticipated cost, and completion date to the FHWA for review. It will continue to be the responsibility of the District and TPO to ensure that all activities undertaken as part of these tasks are eligible and are allowable costs.

The copies of scope of services, the anticipated cost, and completion date will be sent to the FHWA for review.

- Please ensure the updated Federal Aid Project (FAP) number and the State Financial Management (FM) numbers are used for the final UPWP.

The Federal Aid Project (FAP) number has been updated and the State Financial Management (FM) number will be included in the final adopted UPWP.

- If planning activities are proposed for funding under the 49 USC 5307 program or any other FTA program, please ensure they are listed and programmed in the UPWP. (FTA Circular 9030.1E, p. IV-1)

The River to Sea TPO uses FTA 5305 (d) funds for planning activities that have been identified under the Funding Source table (3A and 3B) for FY 2018/19 and FY 2019/20.

- From the prior-year UPWP, carryover amounts should be listed in the work elements or activities financed with Federal planning assistance awarded in previous fiscal years as carryover activities. (FTA Circular 8100.1C (p. II-4, item e)).document.

PL Funds carried over from the previous year's UPWP have been identified in a note under the Funding Source table 3A for FY 2018/19 and FY 2019/20. There are no incomplete tasks. Money was redistributed in 1st year of the new UPWP.

- If the programmed 5305(d) funds are estimates, coordination with the State DOT may be required for UPWP modification or amendment after the release of the FTA FY18 Apportionment Notice.

Understood. If the R2CTPO receives the new fund's estimates in future; we will adopt or modified the UPWP.

Good morning Debbie,

The Attached PDF is in response to your staff's email which transmitted the River to Sea Transportation Planning Organization's (TPO's) 2018/2019-2019/2021 Draft Unified Planning Work Program (UPWP) for our review. The following comments are provided by the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) for the MPO's consideration in developing the final UPWP. Comments that are noted as critical must be addressed prior to FHWA/FTA's approval of the UPWP. If you have any questions please let us know.
