What is a Transit Development Plan (TDP)?

- Ten-year planning horizon to support the development of an effective multimodal public transportation system.
- Basis for defining public transportation needs in the community.
- Transit provider's planning, development, and operational guidance document: a “strategic blueprint.”
- Marketing tool for providing community outreach and awareness of public transportation.
- The TDP is “*yours*”
 - Reflects the interests of the community
 - Defined by feedback, communication, education, and political interests
