CONNECT
2045
Plan**

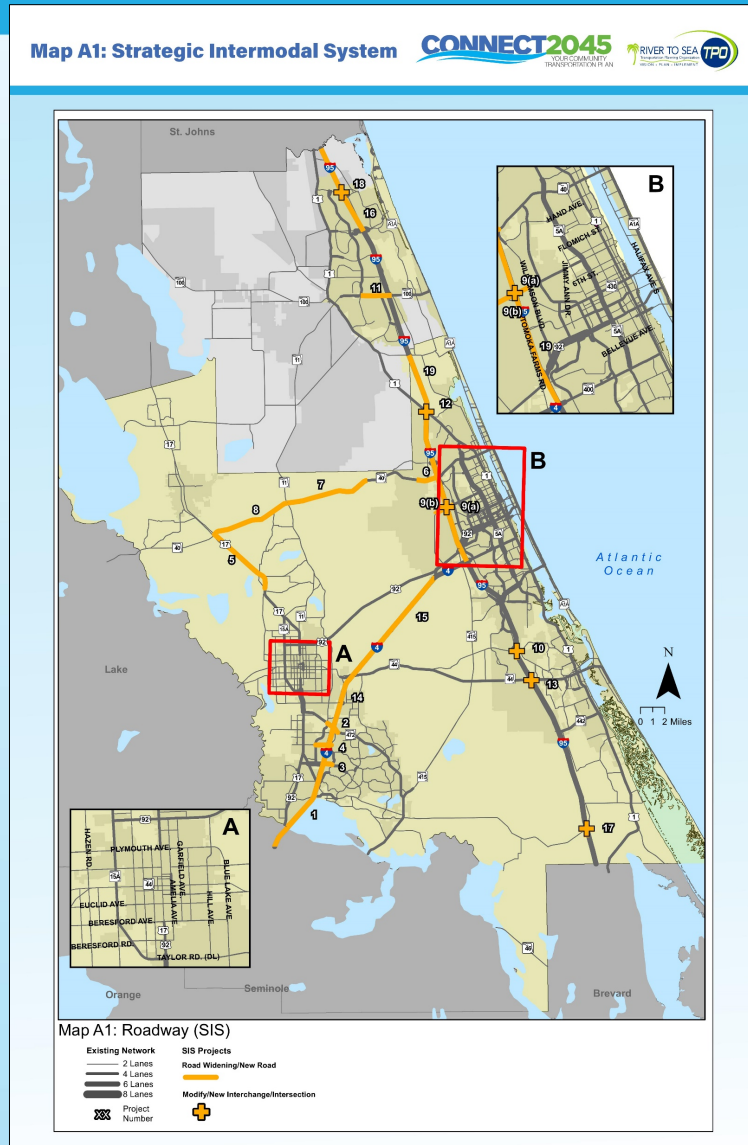

September 2020

Tentative list of roadway projects for prioritization and potential inclusion in the Connect 2045 Cost Feasible Plan

Projects are included because of one or more of the following:

- Identified in existing cost feasible plan (SIS or 2040 LRTP)
- Identified in the R2CTPO List of Prioritized Projects
- Identified as illustrative local needs
- Identified as a potential need based upon the regional model

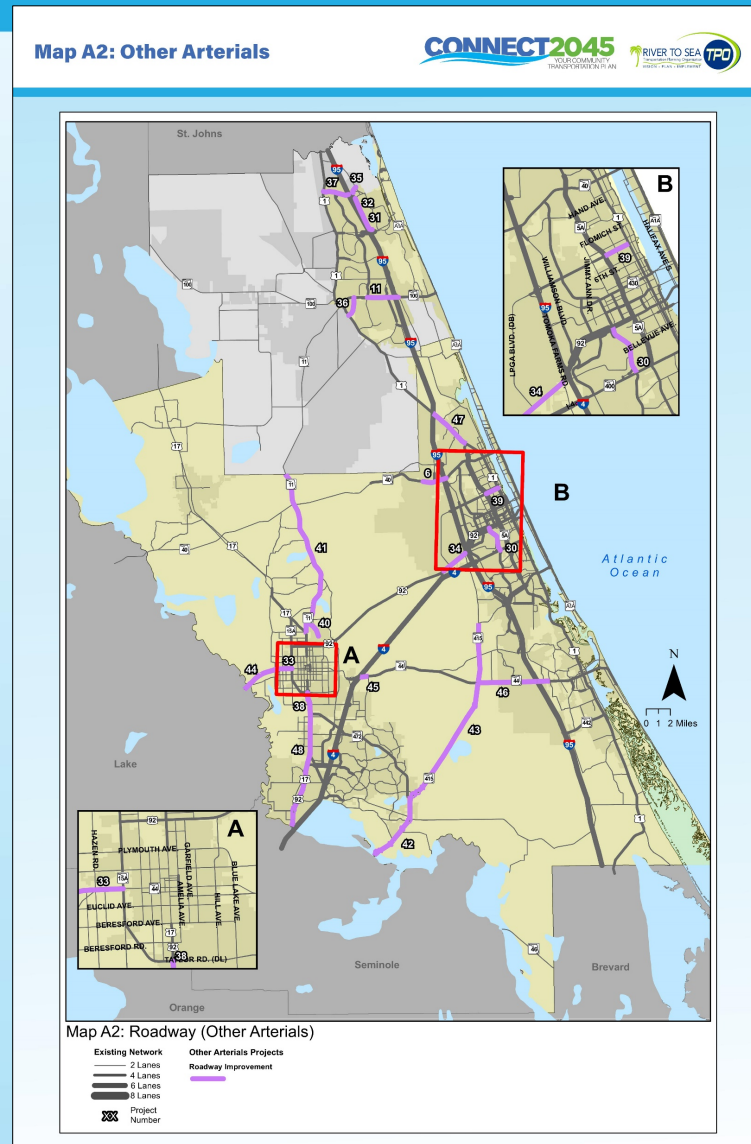

Needs Assessment

A1: Strategic Intermodal System

- State's high priority network
- Projects from SIS Cost Feasible Plans/2040 LRTP
- Separate list in Connect 2045

Needs Assessment

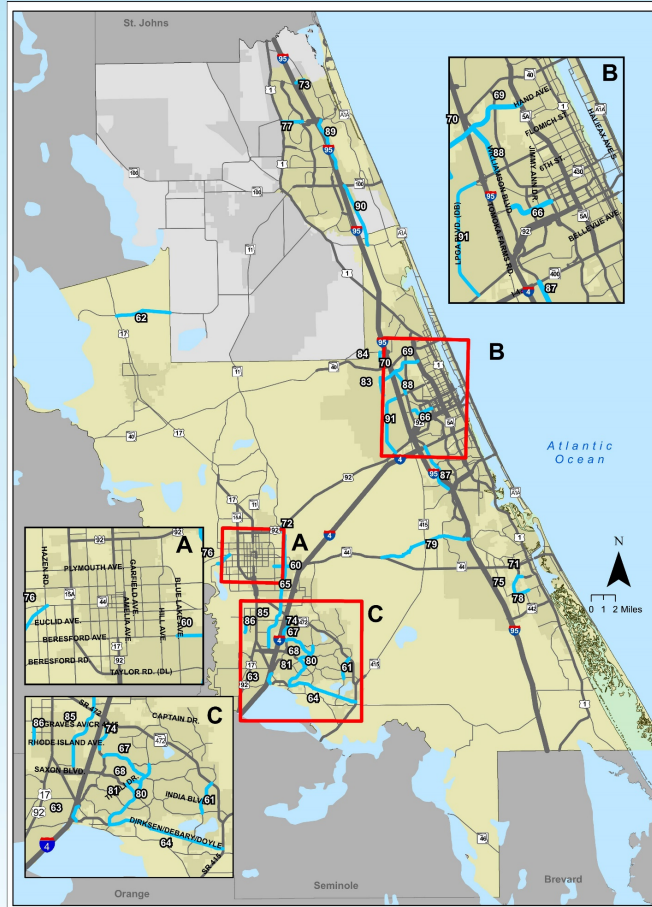

A2: Other Arterials

- Major non-SIS Corridors
- Both On and Off State Highway System
- Funded by Federal and State (non-SIS) sources guided by specific provisions and TPO policies

Needs Assessment

Map A3: Non-State Major Roadways

Map A3: Roadway (Major Non-State)

A3: Non-State Major Roadways

- Local illustrative needs
- Funded through local sources
- Separate list in Connect 2045

- **April – Finalize Needs Assessment**
- **May – Draft Cost Feasible Plan**
- **June – Final Cost Feasible Plan**
- **June to August – Public Comment**
- **September – Connect 2045 Plan Adoption**

Draft Prioritization Criteria

SAFETY

- o Crash Rates

CONGESTION

- o Volume to Capacity

PROJECT STATUS

- o Existing/Adopted Plan

EVACUATION

- o Key emergency evacuation route

MULTIMODAL

- o Transit
- o Bicycle/Pedestrian
- o Complete Streets

ECONOMIC

- o Freight
- o Employment
- o Retail Development

ENVIRONMENTAL JUSTICE

- o Social Impacts

ENVIRONMENTAL IMPACT

- o Impacts on the natural environment

COST/BENEFIT

- o High level comparison by project type
