Federal Certification Review Public Meeting

At least once every four years, the U.S. Department of Transportation (DOT) must certify that a Metropolitan Planning Organization (MPO) serving a Transportation Management Area (TMA) – an urbanized area with a population over 200,000 – is carrying out the metropolitan transportation planning process in adherence with federal requirements. The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) jointly conduct this review, make a certification determination, and produce a report that may include compliance issues (corrective actions), areas for improvement (recommendations), and/or notable practices (commendations). Public comments are a vital element of the certification review, as they allow citizens to provide direct input on the transportation planning process for their TPO area. A public meeting will be held for the certification of the River to Sea TPO and the public is invited to attend and provide input.
