Introducing Real-Time Bus Information

Votran now offers helpful bus information in real time! Thanks to new GPS technology on our buses, you can now:

- Track where your bus is
- Get reliable, real-time departure information when your bus is up to 30 minutes away

There are four easy ways to find out exactly when the next bus will arrive at your stop:

PHONE

Call Votran at 386.756.7496 and our customer service staff will assist you.

ONLINE

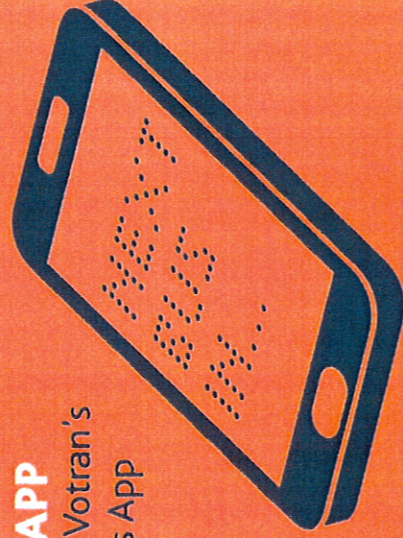

Visit www.votran.com to plan your trip, track the bus in real time, buy passes online, or get general information about how to ride Votran services. Also, you can sign up for alerts and create an account with your personal settings.

TEXT VO TO GO

Type 321123 in the "To" box of your phone's text messaging feature, and enter "VO" followed by the bus stop number as the message. You will receive a text with the next three bus departure times.

DOWNLOAD THE APP

iPhone users can install Votran's MyStop from the iTunes App Store. This app lets you track Votran buses and find when your bus will arrive directly from your phone.
