Project Description

This project consists of widening US 92 from a four lane highway to six lanes from the I-4 Ramp area to Tomoka Farms Road. It also includes drainage improvements, intersection improvements at LPGA Boulevard and Tomoka Farms Road intersections with US 92, sidewalks, and a shared use path. Two new bridges will replace the existing Tomoka River twin bridges. Access to all businesses adjacent to the improvements will be maintained throughout the construction period. Final design will be completed towards the end of 2013. The project is currently not funded for right of way or construction.
