The Orange Avenue Bridge over the Halifax River in Daytona Beach, is an existing movable bridge that is being replaced with a high-level fixed span concrete arch bridge. The project extends from west of City Island Parkway to South Peninsula Drive. This project also consists of bicycle and pedestrian accommodations, fishing piers, decorative lighting, and design of a new veterans memorial plaza. Bridge construction is expected to begin in Fall 2015. Please visit us online for more information: www.veteransmemorialbridge.com
