## **Quote from the BPAC Bylaws:**

**“We will support activities that encourage and provide for a safe and balanced transportation system that promotes connectivity, mobility, health and an improved quality of life.”**

**We need bicycle parking.**

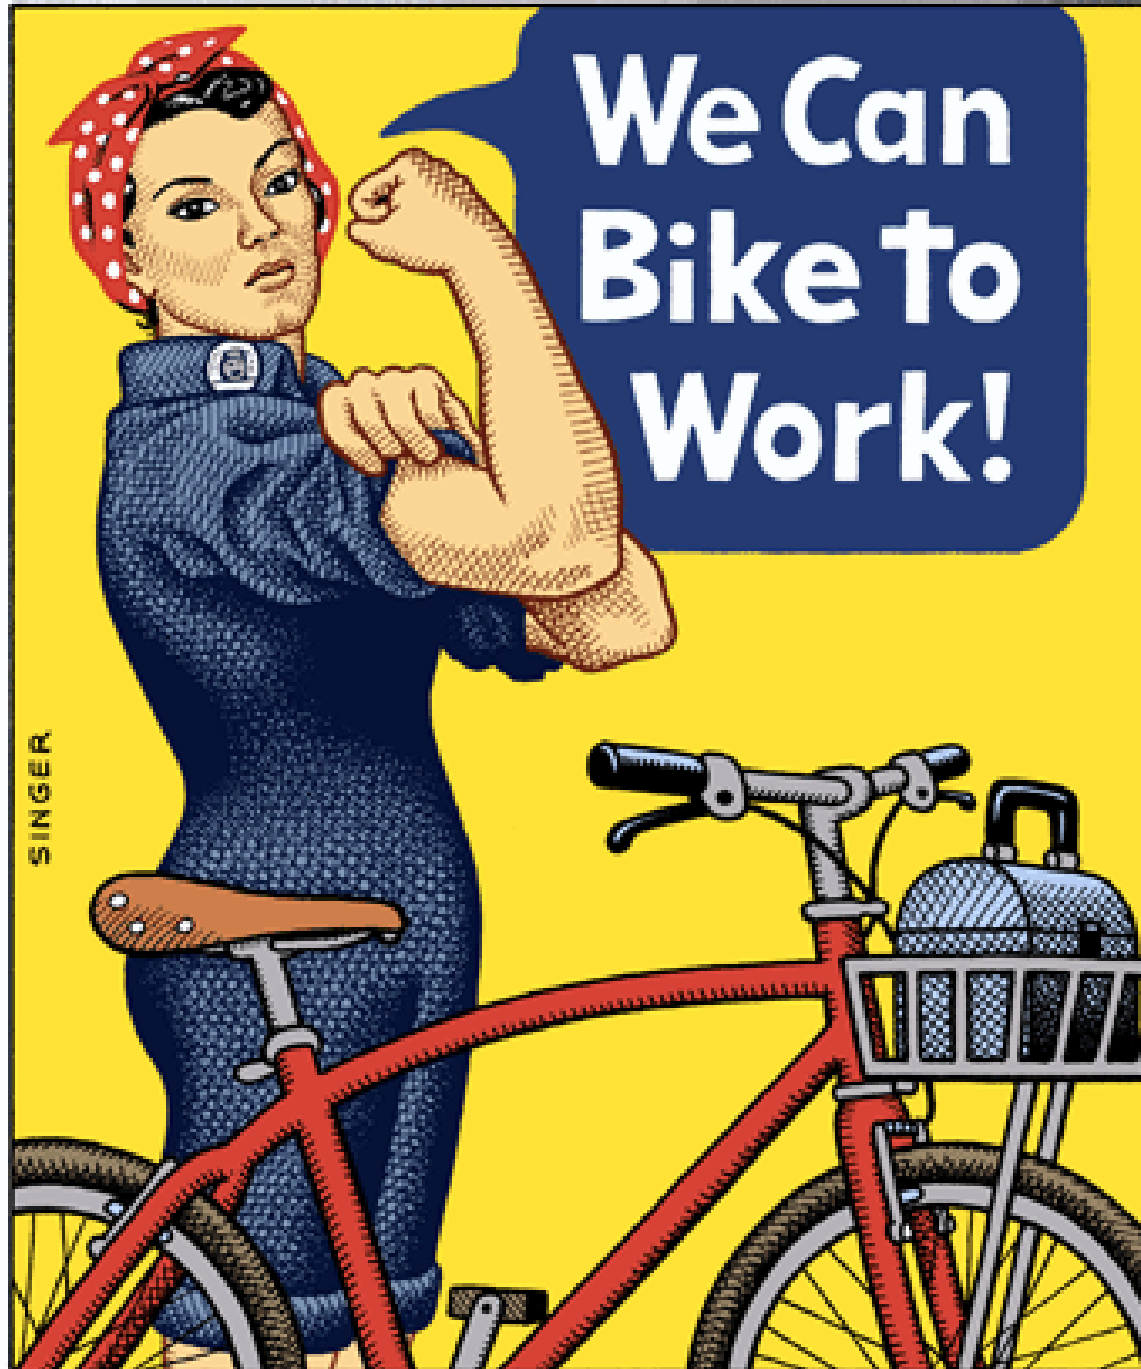

Parking provides a secure destination.

Destinations make commuters.

Help people go “car-free” or “car-light”.

**NO EXIT**

© **Andy Singer**

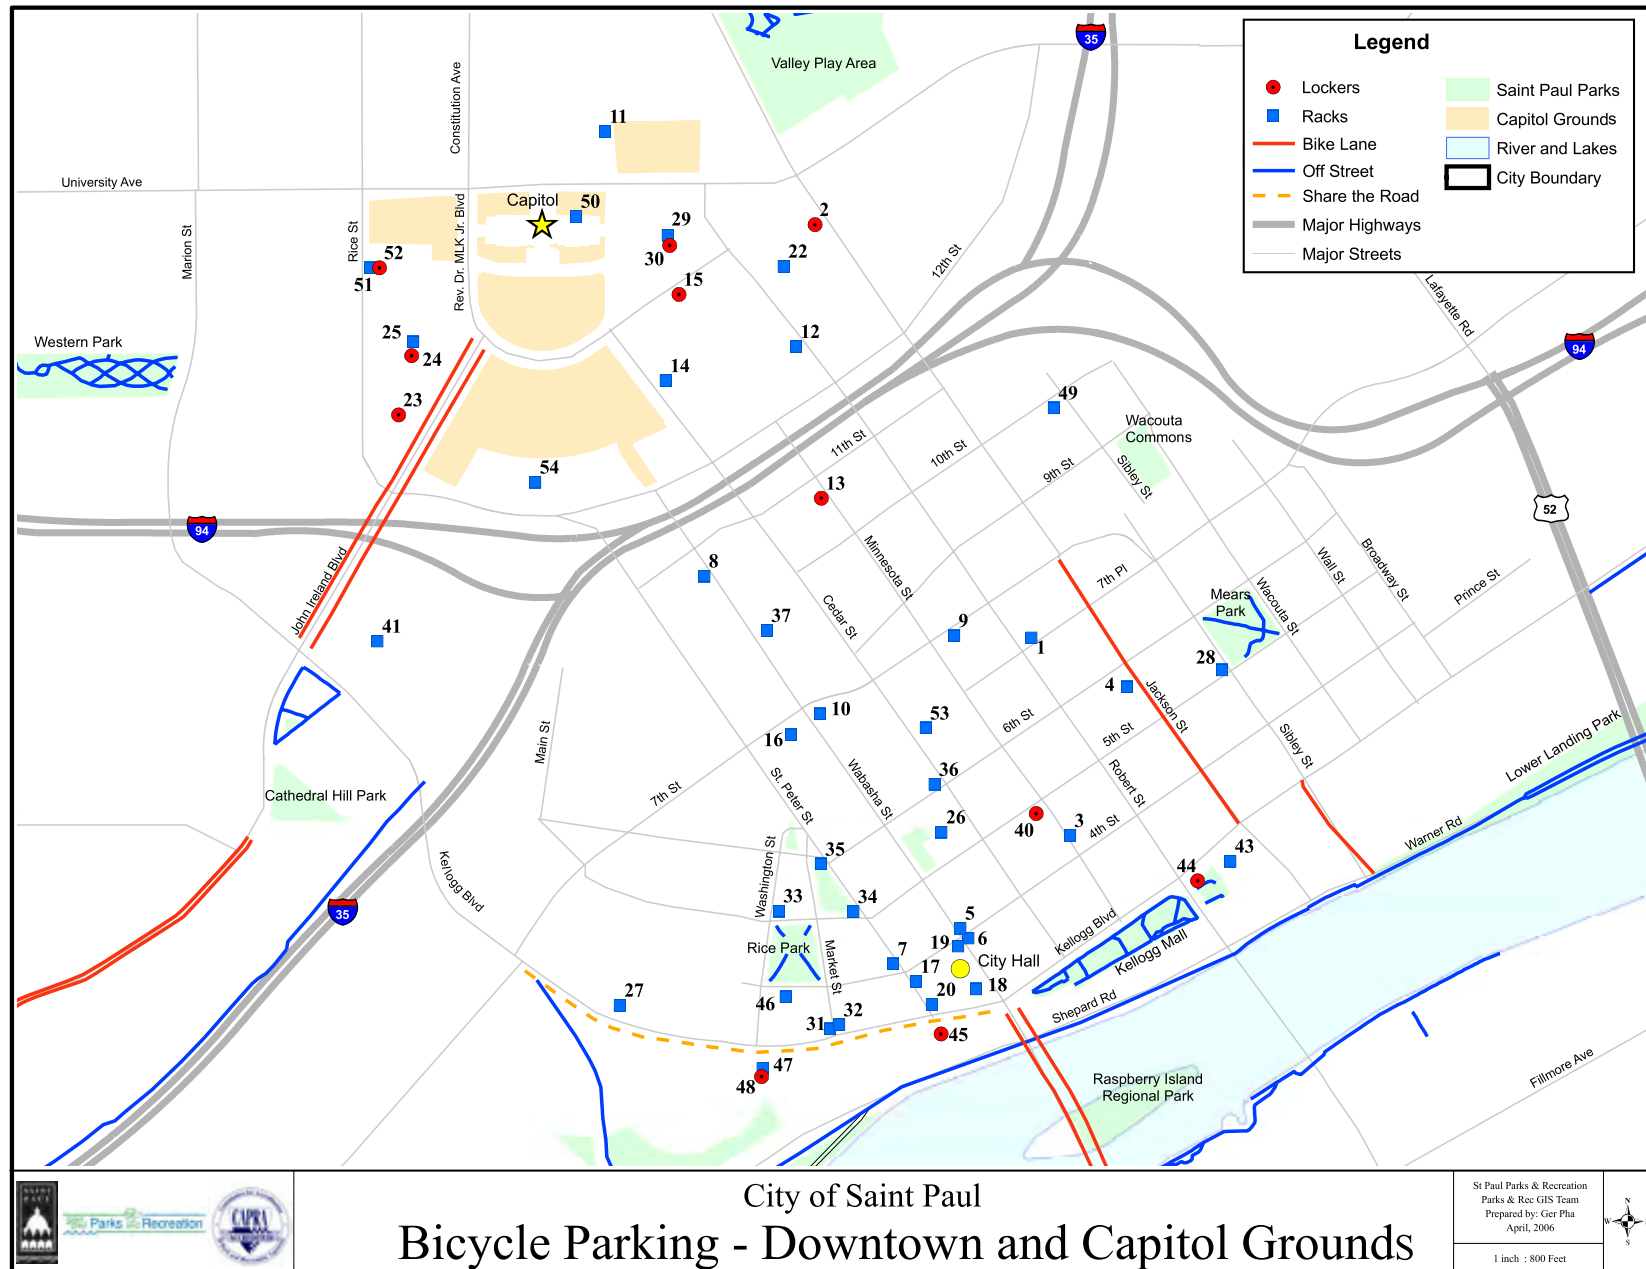

**Let's create a map of bicycle parking  
for our area!**

Remove barriers to bicycle  
commuting.

Educate ourselves about bicycle  
parking locations.

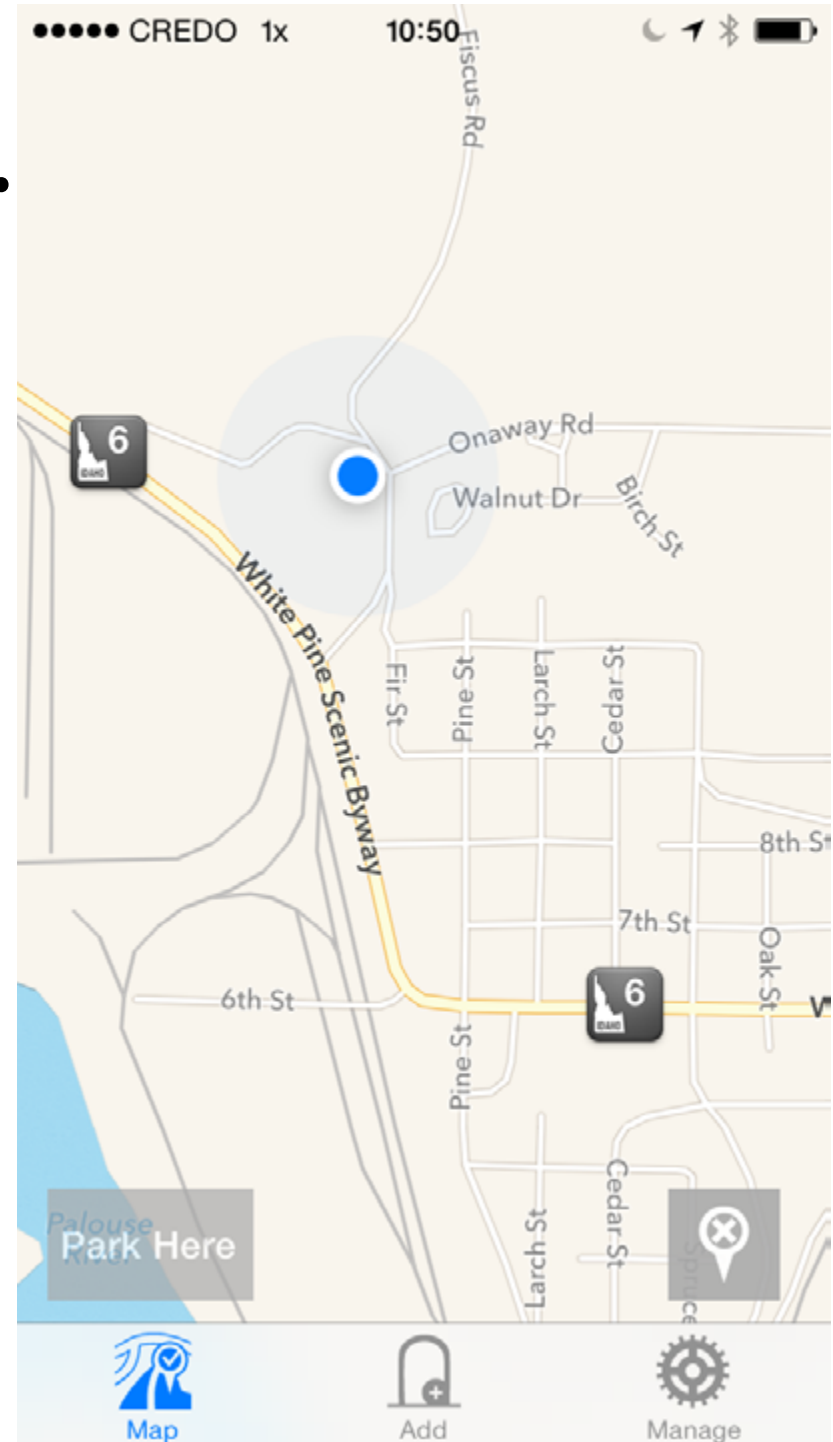

Help people plan a bicycle ride  
with stops.

# This bicycle map incorporates bicycle parking.

1. The app locates your position via GPS or wireless.

This location is the public library in Potlatch, Idaho.  
Tap "Add"

2. The camera is enabled to capture a photo.

Compose your shot and “click”.

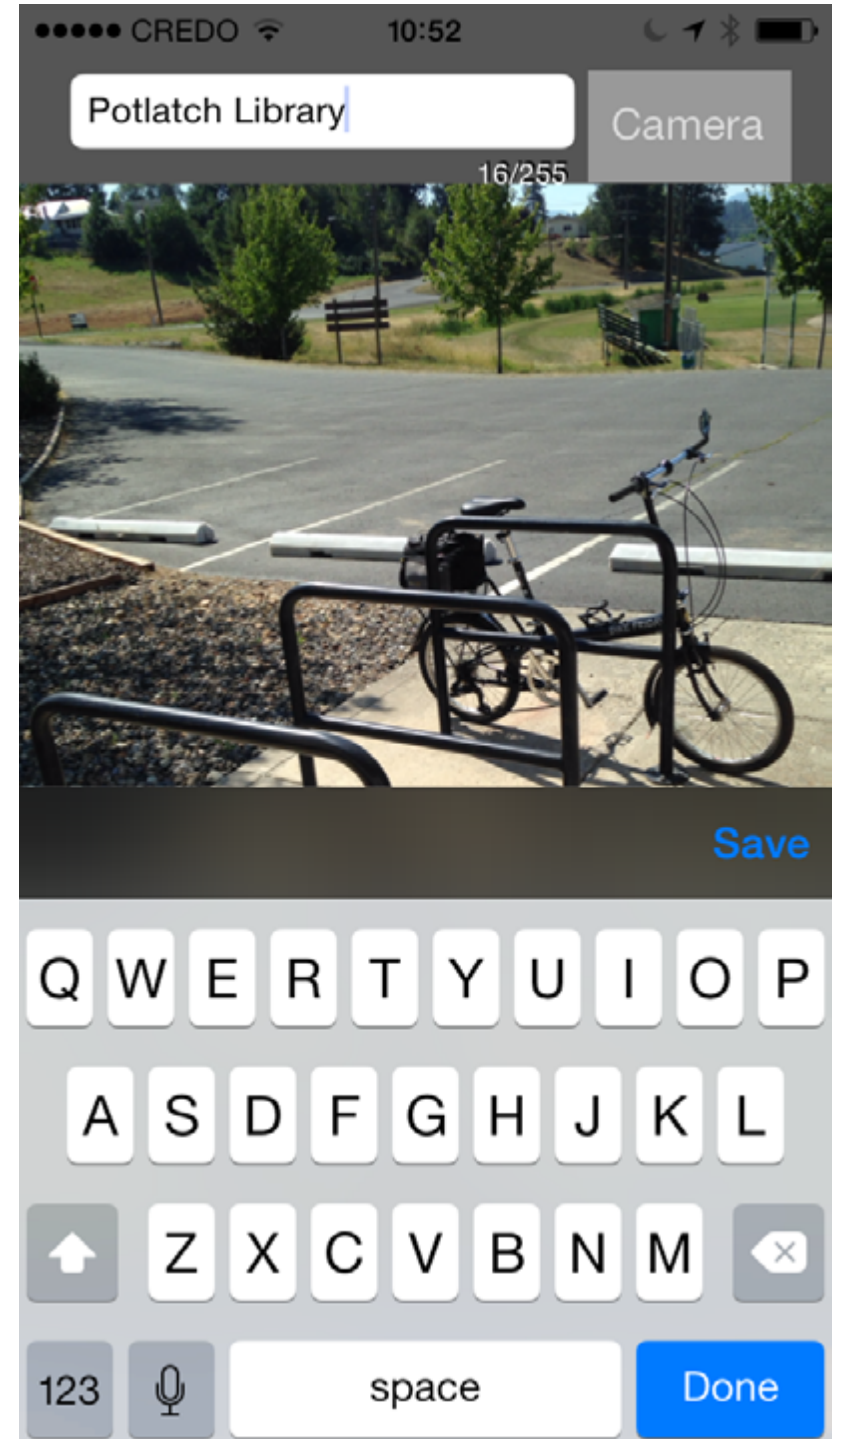

**3. You have the option to retake or use the photo.**

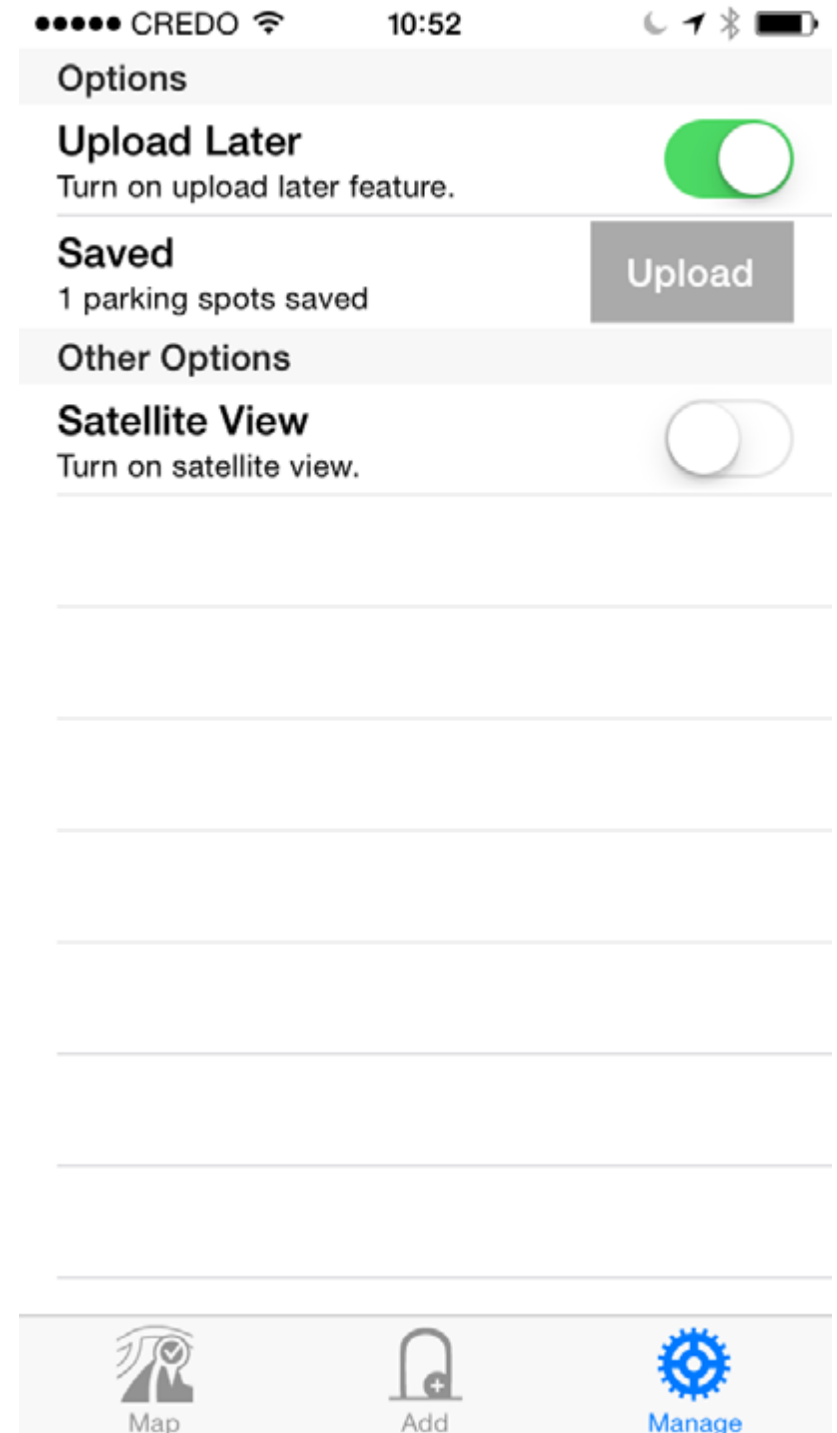

4. You have the option to add a note.

I added a name for the location: Potlatch Library

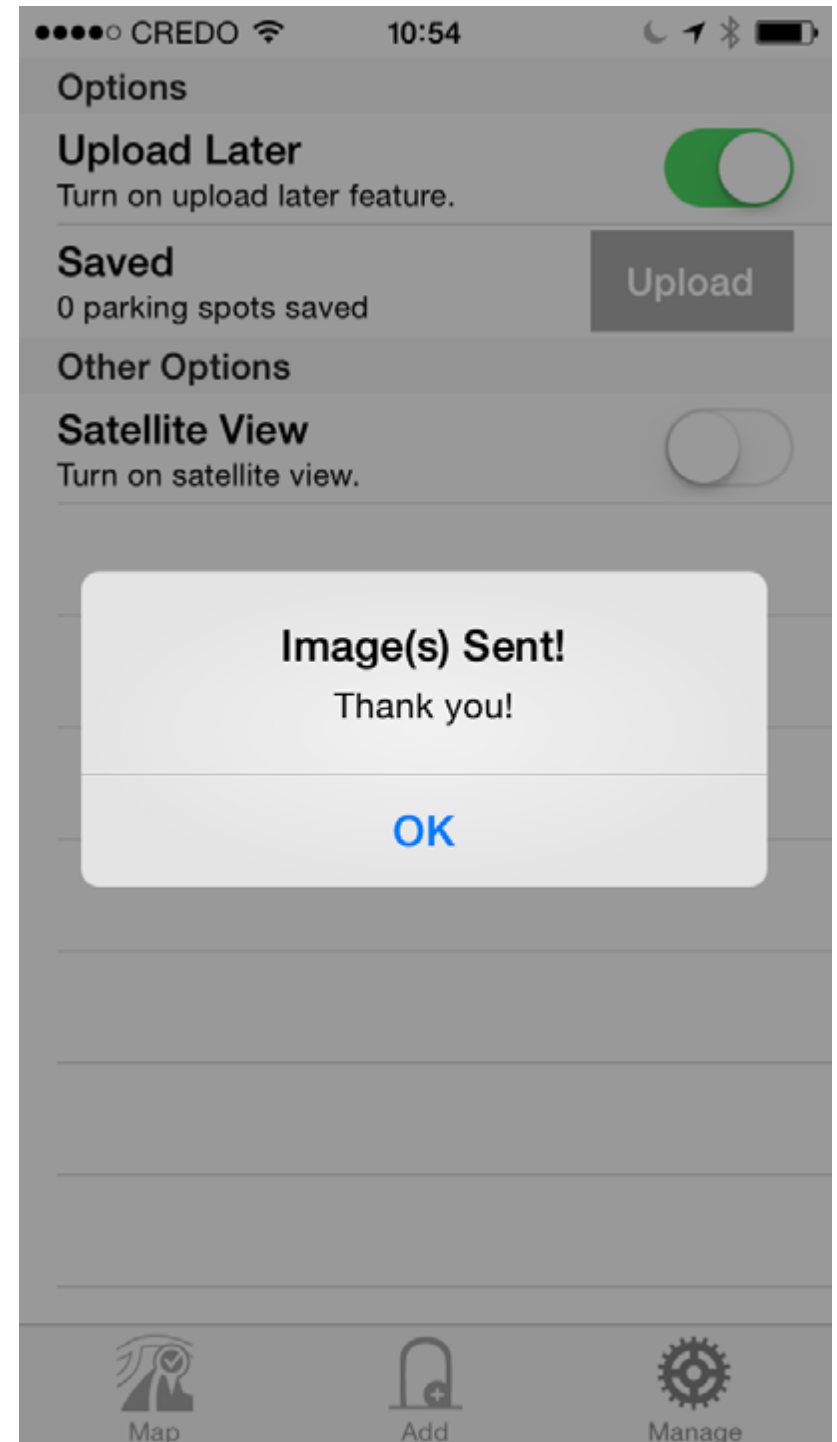

## 5. You can upload now or later.

Save your data plan and wait for wireless

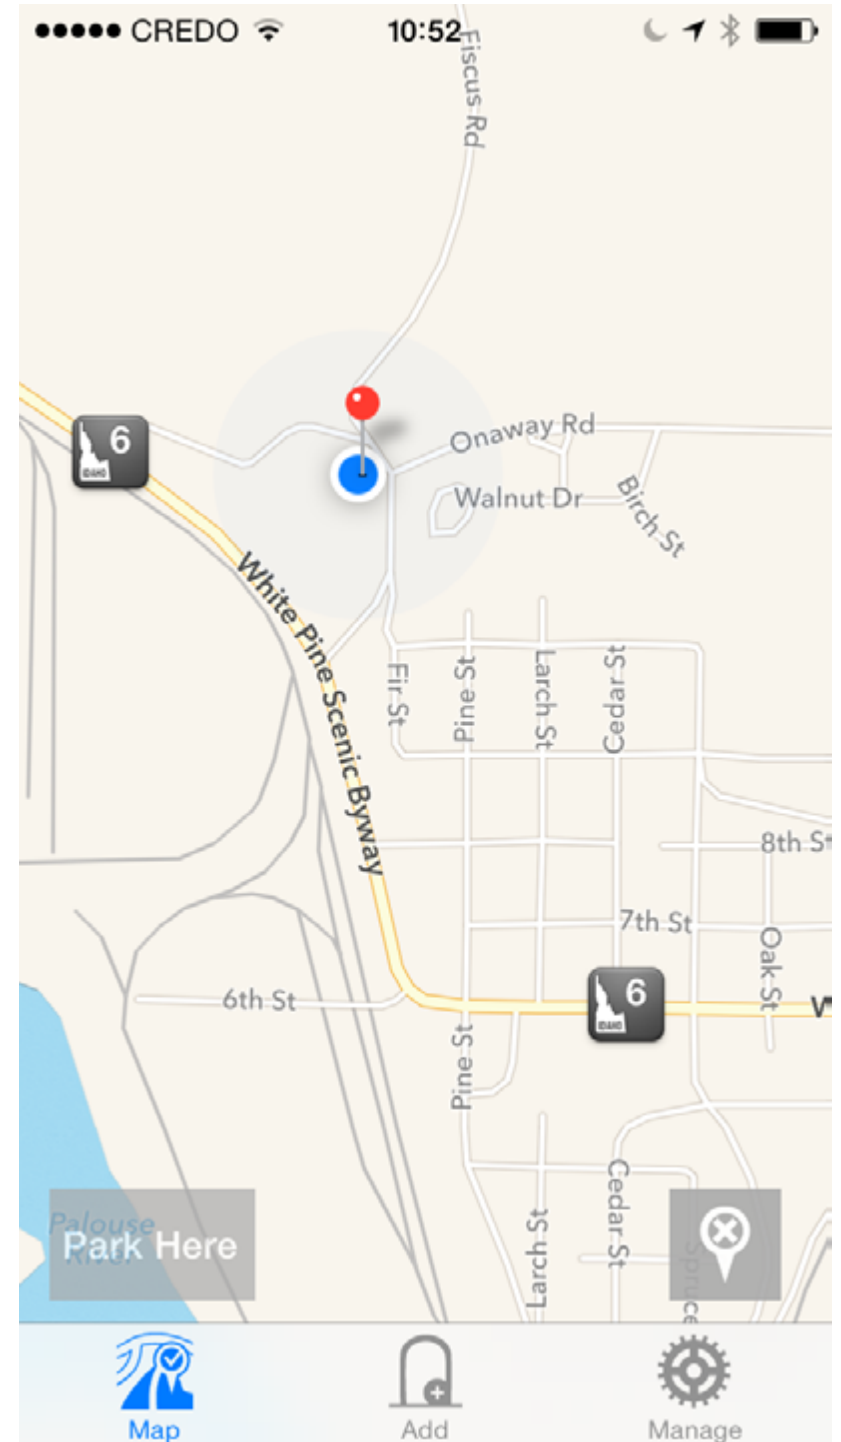

6. Click “Upload” to send the photo and location.

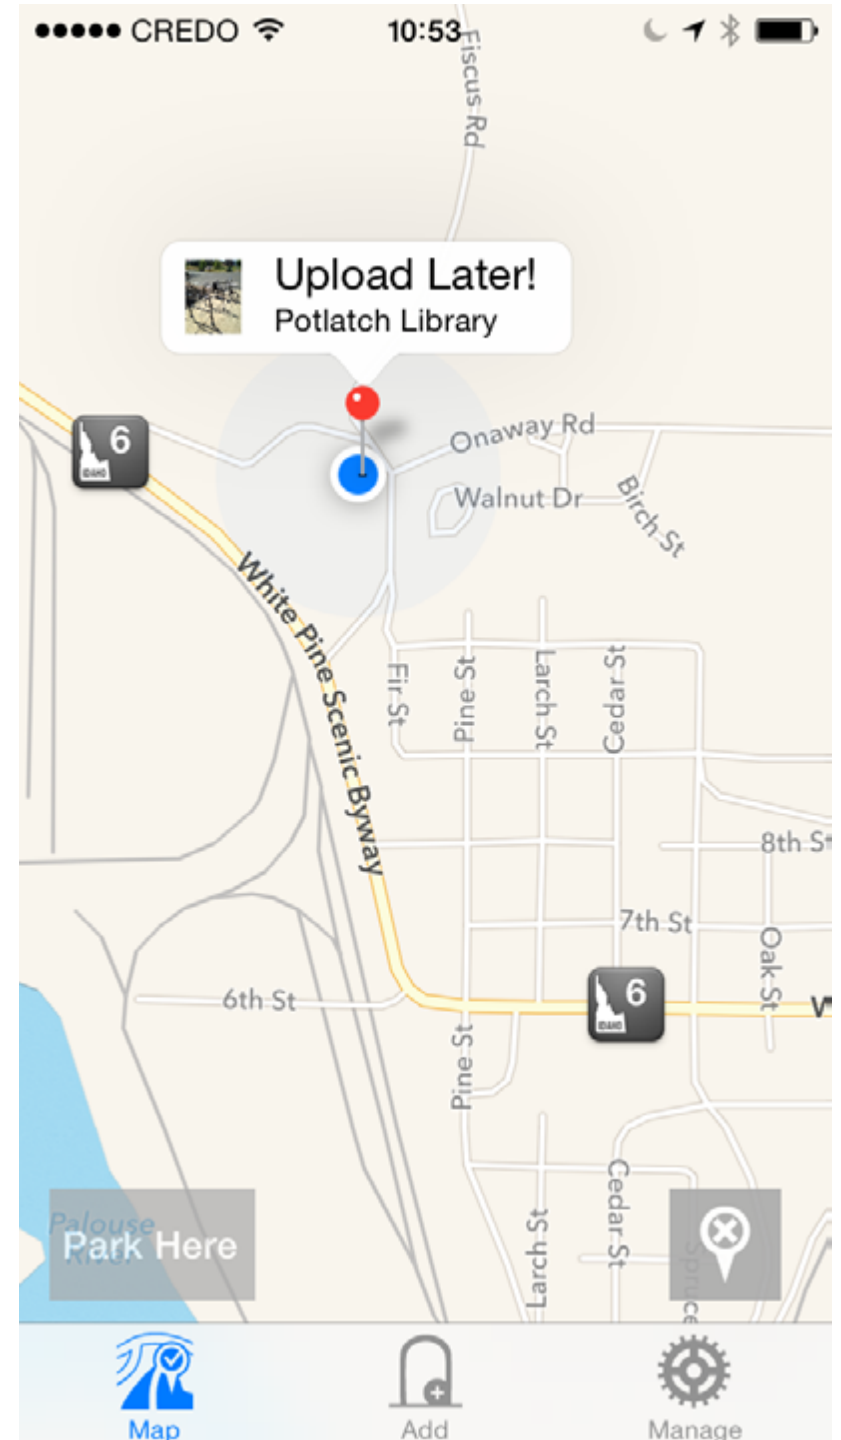

## 7. The location is marked on the map!

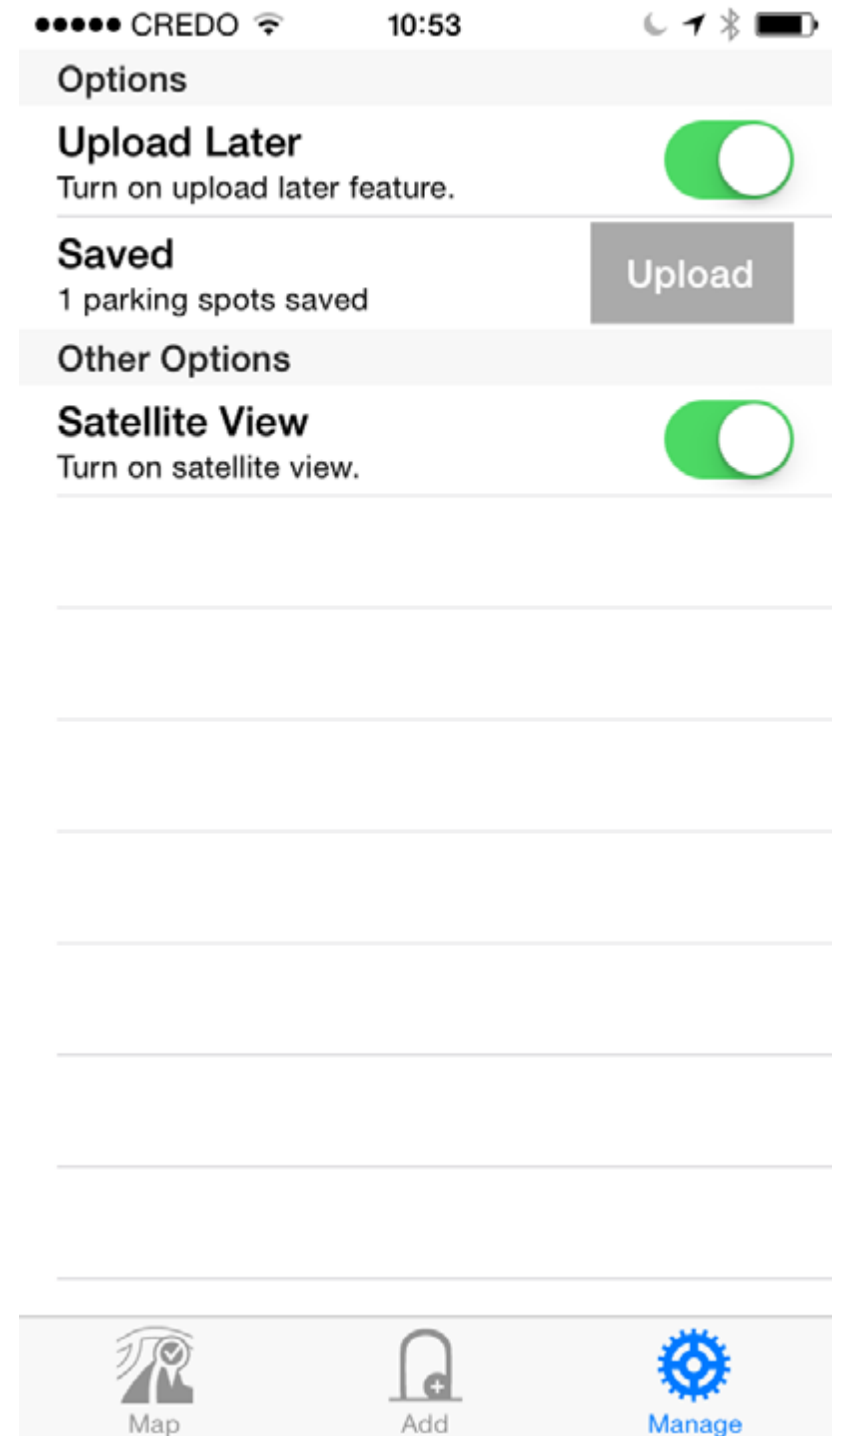

8. The location is marked  
**in red** until verified.

Once verified, it is added to  
the database.

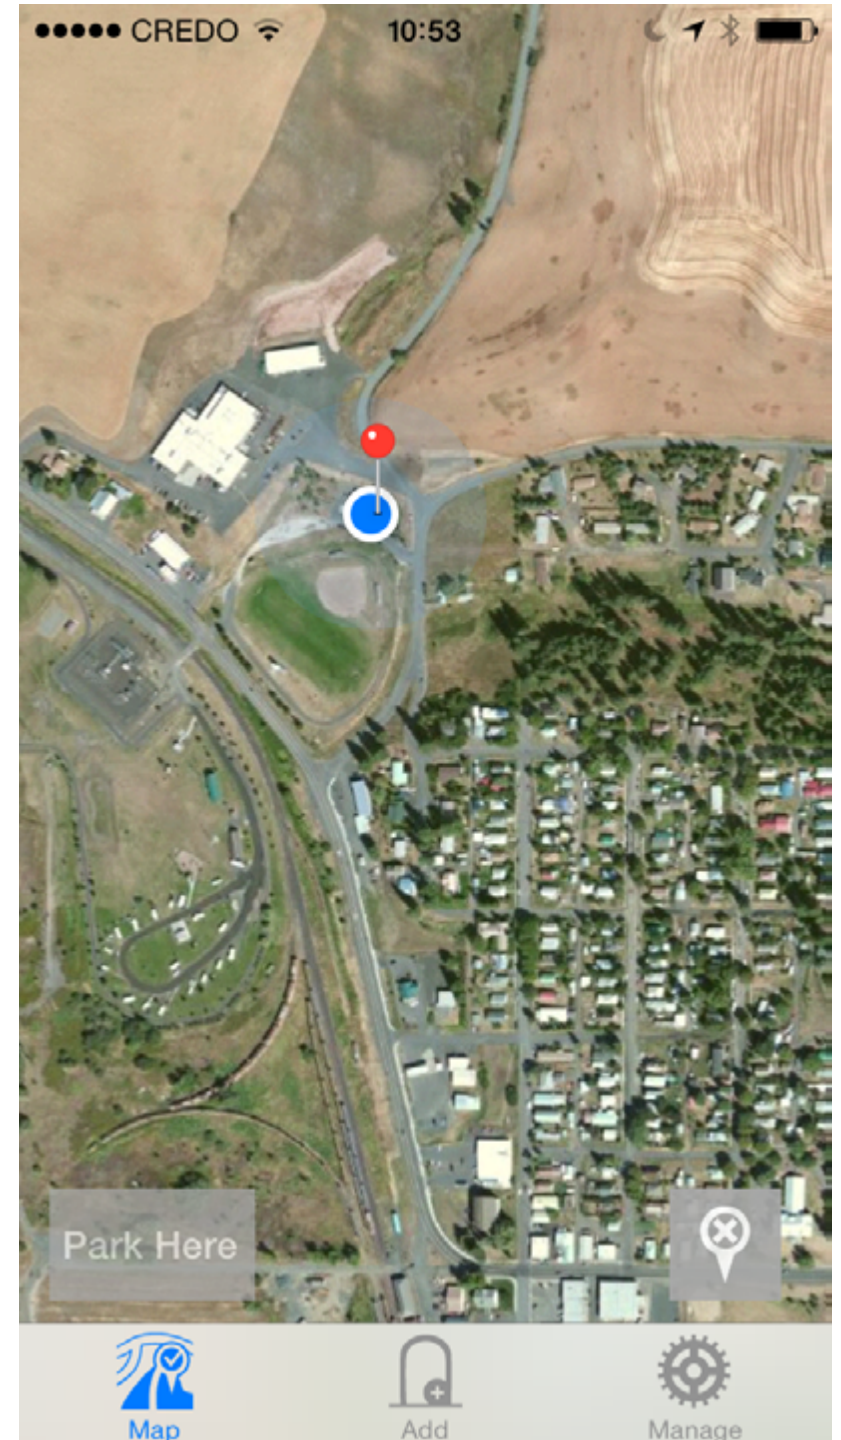

## 9. This is a “Satellite View” option under Manage

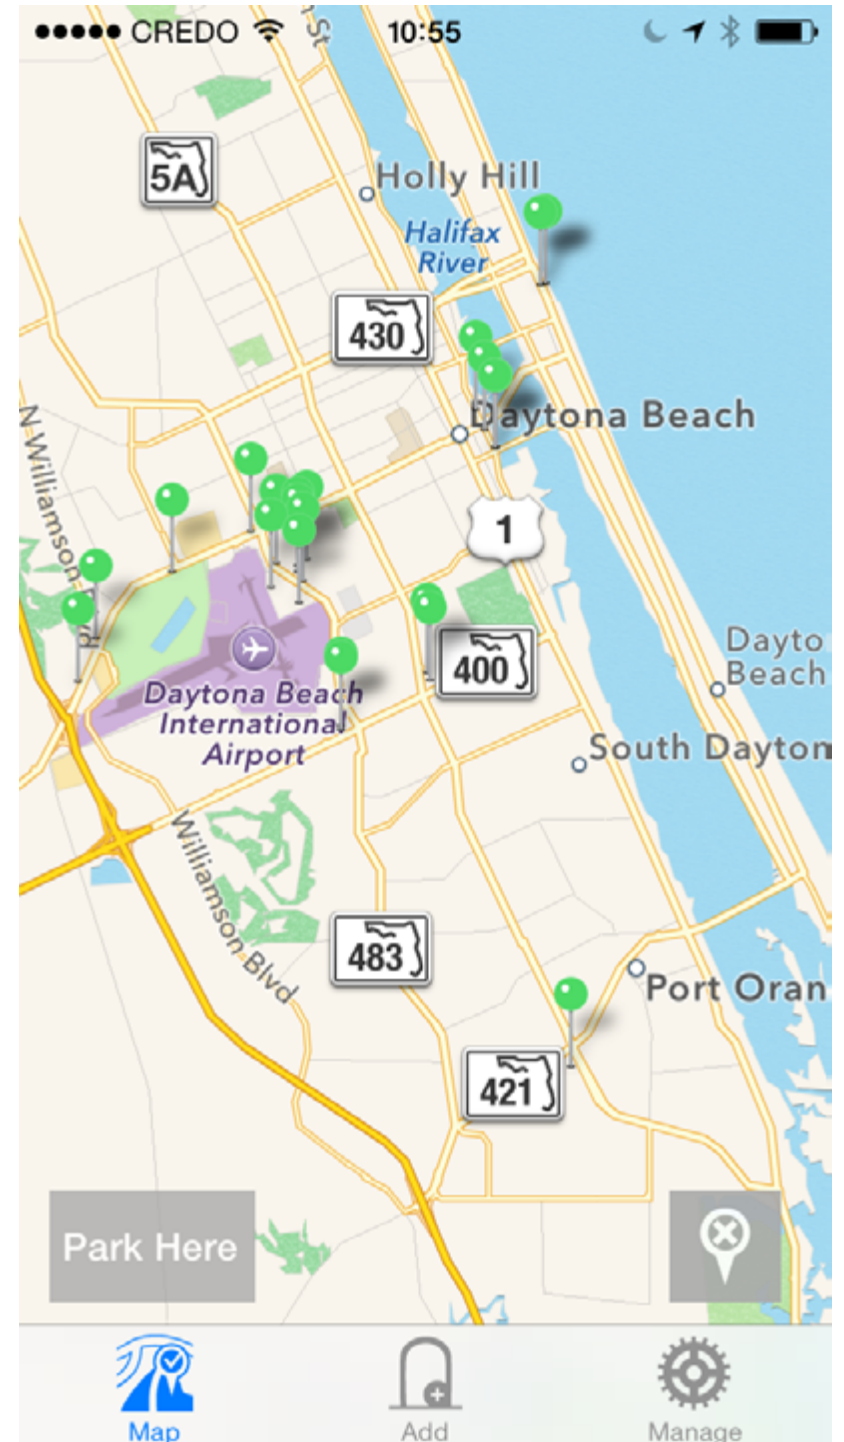

# 10. The location shown with satellite imagery.

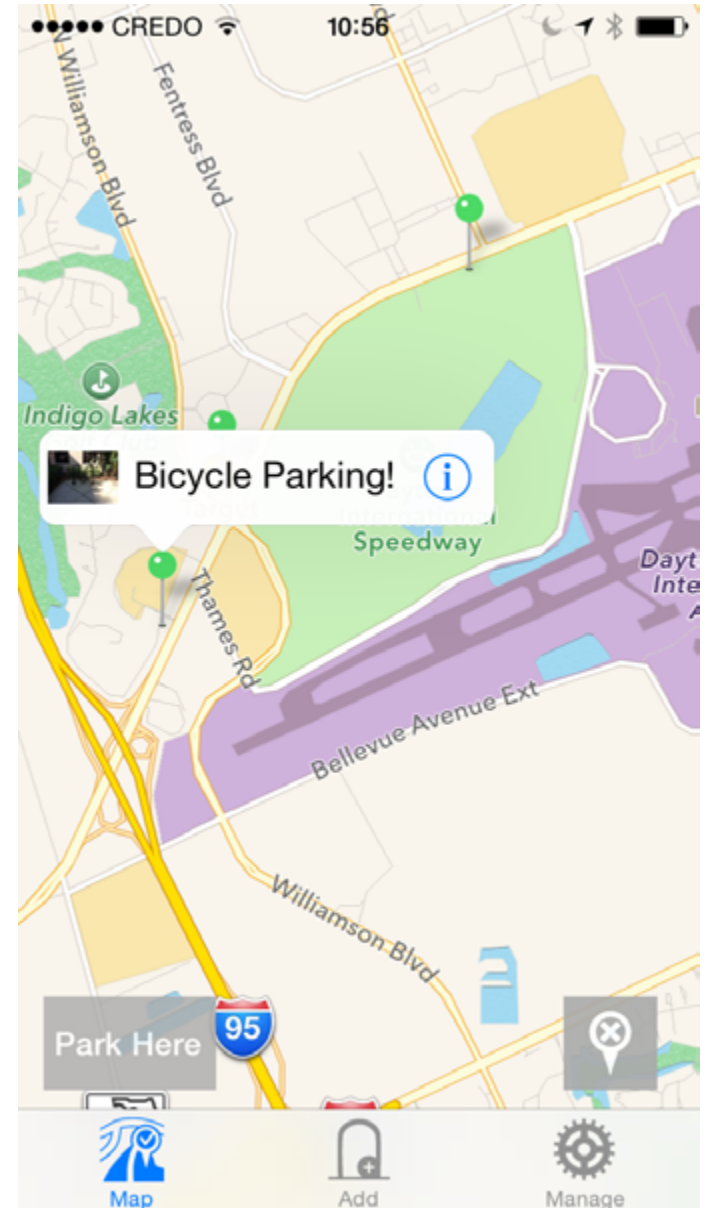

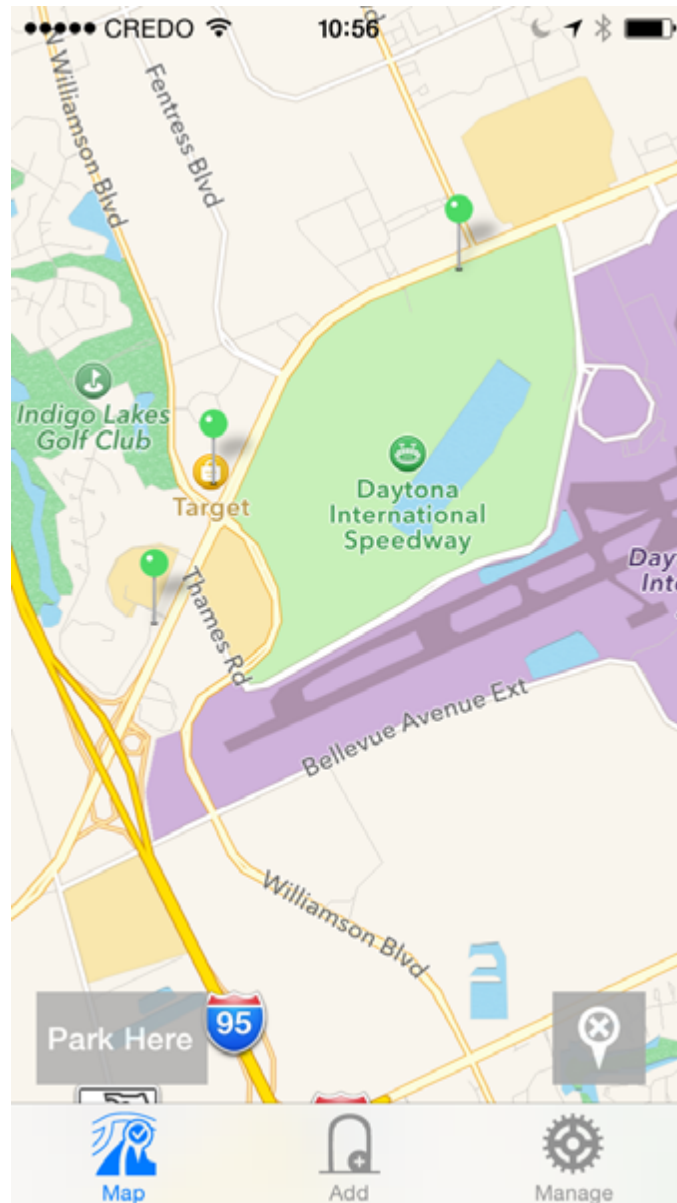

# Locations mapped in the Daytona Beach area.

Let's fill this map across the  
River to Sea region!

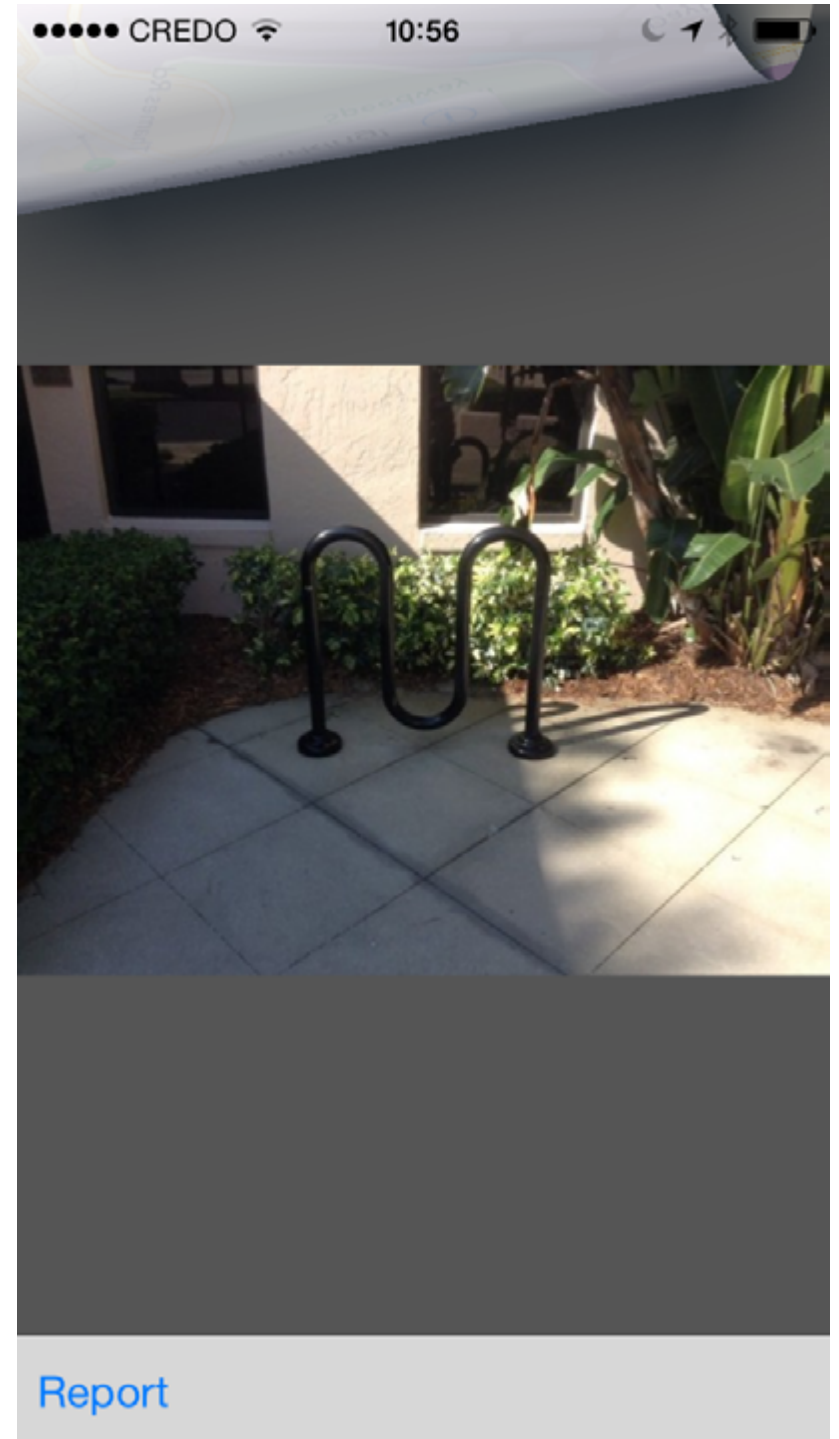

# Zoom into find the R2CTPO bicycle parking!

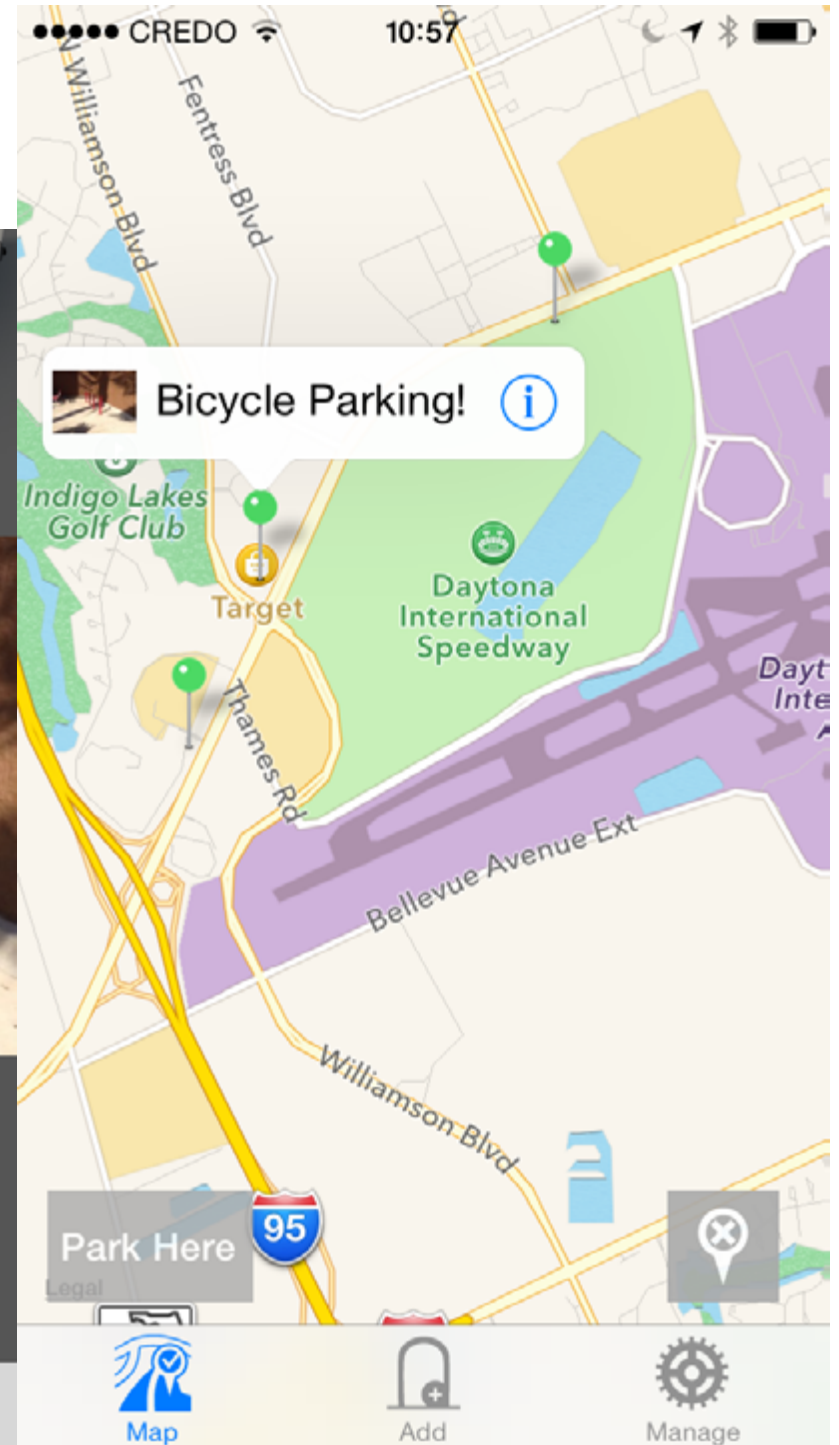

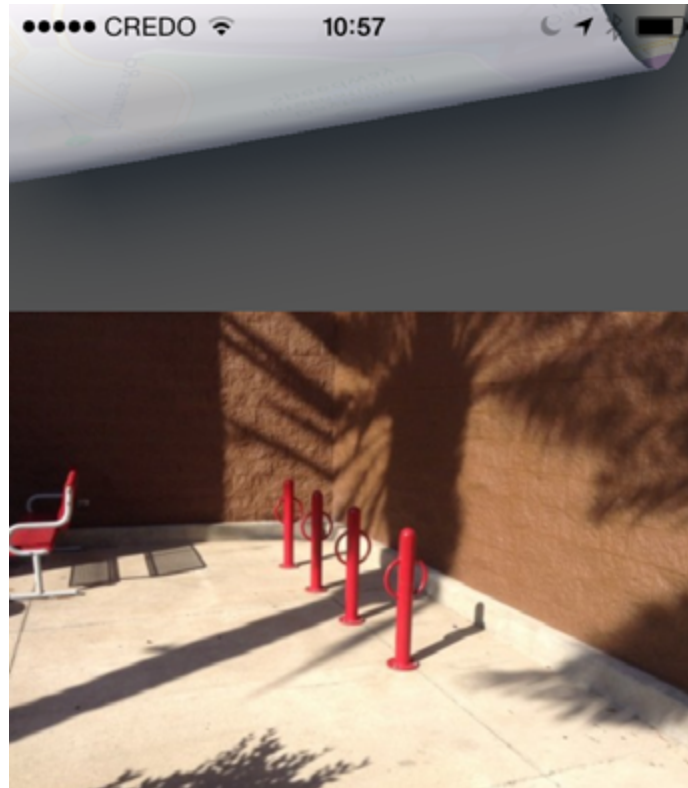

**Users can report a problem.**

**No problem! R2CTPO has bicycle parking.**

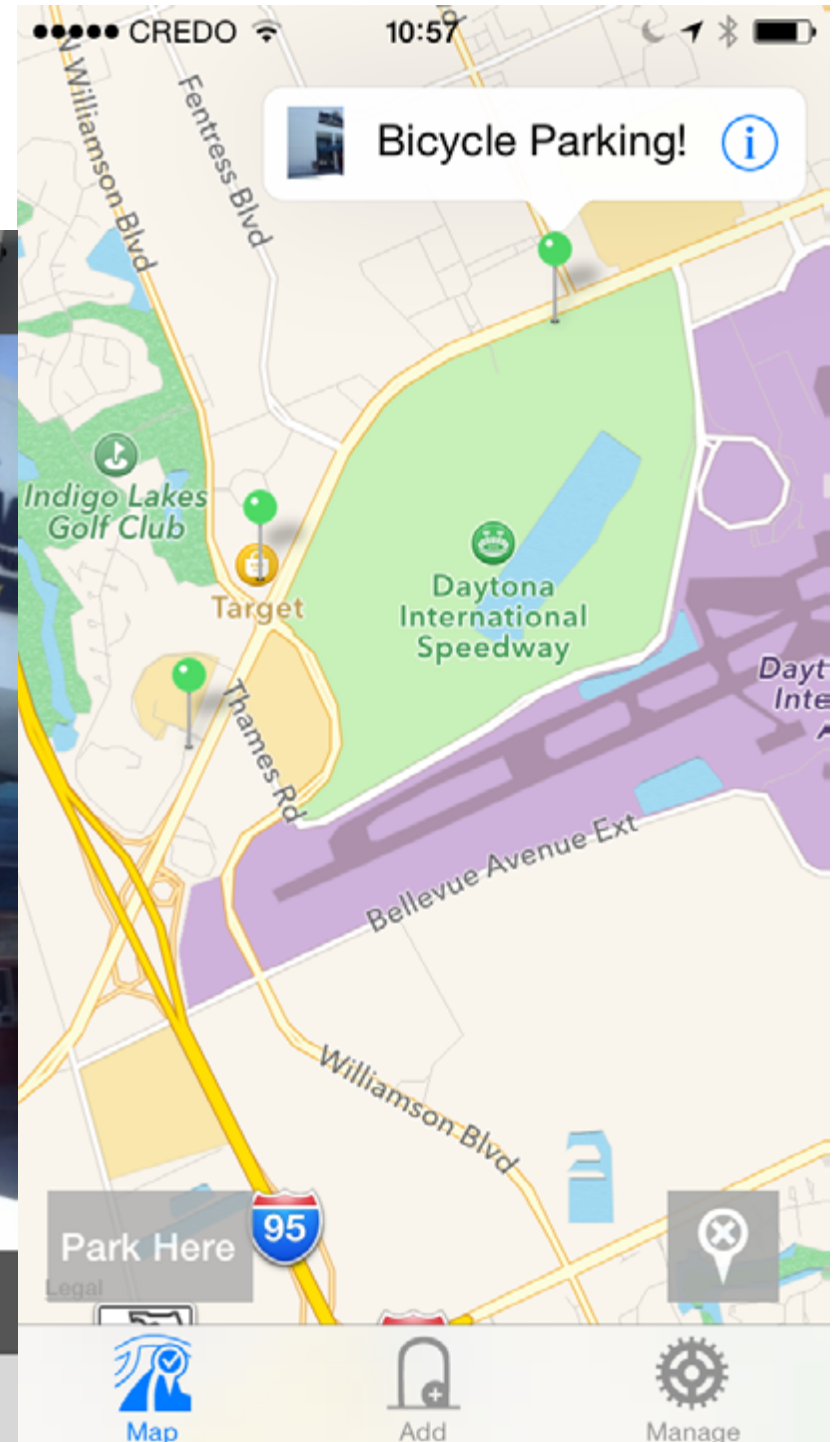

# Target also has bicycle parking and surveillance.

# Even NASCAR has bicycle parking!

**Let's add some more locations!**

**App is available for both iPhone and Android.**
